**Definition and working page for page 1****General Definitions****Small holder hh/small scale farm:**

Should have between 25sq metres and 20 Hectares under production, and/or between 1 and 50 head of Cattle, and/or between 5 and 100 head of Sheep/Goats/Pigs, and/or between 50 and 1000 chickens/turkeys/ducks/rabbits.

**Household:** A group of people who occupy the whole or part of one or more housing units and makes joint provisions for food and/or other essentials for living.

**Household Head:** A person who is acknowledged by all other members of the household either by virtue of his age or standing in the household as the head. He/she should be a permanent resident of the house and he/she is the main person responsible for making decisions.

**Agricultural Holding:** This is an economic unit of agricultural production under single management. It consists of all livestock kept and all land used for agricultural production without regard to title. For the purpose of this survey, the agricultural holdings are restricted to those which meet one of the following conditions:

- Having or operated at least 25 sq meter of arable land
- Own or keep at least one head of cattle or five goats/sheep/pigs or fifty chicken/ducks/turkeys during the agricultural year 2002/03 (October 2002 to September 2003) .

**Question Specific Definitions:****Type of Agriculture Holdings Codes (Q2.1):**

- **Crops only:** A holding is referred to be a crops only holding if it has cultivated a piece of land equal or exceeding 25 sq Meter. This also applies to all households owning or have kept livestock whose number does not qualify such household to be an agricultural holding (No cattle, less than 5 goats/sheep/pigs, less than 50 chickens/turkeys/ducks/rabbits)

- **Livestock only:** A holding is referred to be a Livestock only holding if it has exercised Livestock husbandry only during the agricultural year. The livestock can be herded in search for areas of pasture, but the core household unit always remains in the same place and the herder is rarely away from this place for long periods at a time.

- **Livestock pastoralism:** This refers to a household which practices livestock production as its major income generating activity and a means of subsistence, but moves from one place to another searching for water and pasture for the livestock. This movement usually involves long distances and in many cases the whole household unit moves with the livestock and they have no permanent place of residence.

*For both livestock only and pastoralism , the number of livestock has to be at least 1 head of cattle, 5 goats/sheep/pigs or 50 chickens/turkeys/ ducks/rabbits. This also applies to all households owning or have cultivated a piece of land less than 25 sq meter, which does not qualify such household be an agricultural holding.*

- **Both crops and livestock:** A holding is referred to be a both crops and livestock if it has cultivated a piece of land equal or exceeding 25 sq meter and if such households is owning or have kept livestock whose number qualify such household be an agricultural holding.

**Important livelihood activities/source of income (Q 2.2):**

- **Crop farming:** This refers to a household where crop production is its major means of subsistence and income generation.

- **Livestock farming/herding/pastoralism:** This refers to a household where livestock farming/herding is its major means of subsistence & income generation.

- **Off Farm Income** This refers to cash generated from activities other than from the households holding. This can be from permanent employment (eg government/other), temporary employment/labouring and includes cash generated from working on other farmers farms.

-**Remittances:** Assistance from family members who are not currently part of the household, or from a relative or family friend. This assistance is usually in the form of cash but it can also be in-kind (eg food, clothes, building material, farm tools, etc). The money is a gift and is not paid back.

-**Fishing/hunting and gathering** The use of non farmed resources for food eg fishing, hunting wildlife and gathering mushrooms, berries, wild honey roots from uncultivated land.

**Procedures for Questions:****Q 2.1 Type of agriculture household/holding**

1. Using the options under the question classify the type of agriculture hh/holding

**Note:** If the hh had 1 acre of crops and raised 40 chickens during 2002/03 it is classified as '**Crops only**' as the number of chickens do not qualify the hh as keeping livestock.

**Q 2.2 Important hh livelihood activities /source of income**

1. Read the list in column 1 to the respondent and ask him to rank them in order of importance during the reference year.

2. In column 2 Indicate the importance of each activity by placing '1' against the most important, '2' against the second most important, etc until you reach '7' the least important activity/source of income.

**Note:** You must attempt to fill in all boxes. Most households will carry out these activities to a greater or lesser degree. You will normally have to probe to get remittances.

**If the hh did not undertake an activity during the 2002/2003 agriculture year then mark the appropriate box in column 2 with an 'X'.**

3. For each activity/source of income assign a percentage. The enumerator should assist the respondent in assigning the percentage based on the information provided by the farmer.

4. After completing column 3 make sure the percentages add up to 100.

**Note:** It is not essential to be 100% accurate. This question is just to give the relative importance of the different items in general terms

### 3.0 HOUSEHOLD INFORMATION

3.1 Give details of personal **particulars** of all household members beginning with the head of the household

S/N	Names of household members	Relation-ship to head	Sex M=1 F=2	Age (if age is above 99 years then write 99)	Survival of Parents		Read & Write	Education Status	Education Level reached	Involvement in farming	Main activity (for aged 5 & above)	Off-farm Income Yes=1 No=2

## Definition and working page for page 2

### Question Specific Definitions:

#### Relation to head (Col 2):

- **Household Head:** A person who is acknowledged by all other members of the household either by virtue of their age or standing as the household head.

#### Read and Write (Col 7):

- **Any other language:** Must be a written language.

For someone who can read and write in Swahili and any other language apart from English, the correct code is 1. For one who can read and write in English and any other language apart from Swahili the correct code is 2. Code 4 should only be used for another language but not English or Swahili

#### Education Level Reached (Col 9):

Indicate the highest level only. For those still attending school fill in the last year reached before the survey period. For example if a hh member is currently in standard 7 this year his highest grade reached is standard 6

#### Main Activity (Col 11):

- **Crop farming:** The persons main activity is crop production. This can be annual crops, vegetables, permanent crops or tree farming.

- **Livestock farming/herding:** The persons main activity is livestock farming/herding. The livestock can be herded in search for areas of pasture, but the core household unit always remains in the same place and the herder is rarely away from this place for long periods at a time. This category also includes fish farming but not fishing.

- **Livestock pastoralism:** The persons main activity is in moving livestock from one place to another searching for water and pasture for the livestock. This movement usually involves long distances and in many cases the whole household unit moves with the livestock and they may have no permanent place of residence.

- **Paid employment** - In full time employment earning a cash income

- Government/Parastatal - In full time employment for a government Ministry, Department or Board that is controlled by the Government  
- Private/NGO/Mission/etc - employed by Non public/government organisation

- **Self employee** - works for own business for cash income

- With employees - Works for own business for cash and employs other workers  
- Without employees - Works for own business for cash but does not employ other workers

- **Not working but available to work** - No productive activity but would like to have one.

- **Not working & nor available for work** - No productive activity and does not want to have one.

- **Unable to work** too old, too young, retired, disabled, etc

**Off-farm Income (Col 12)** - Income made from activities NOT on the HH's farming activities. This can be any off farm income generation activity and includes working for cash on other peoples farms.

Indicate whether each member was involved in an off farm income generating activity during 2002/03

### Overview to section 3.0

#### Section 3.0 - Preliminary note

1. Make sure that you define the hh properly to ensure that all the members of the hh are included. Make sure you stress that the hh is not just the hh heads direct family and that it includes other people living and eating together with the family.

2. If you notice that his house is large or you see many people around his house and he has only given you small number of hh members enquire further until you are sure that you have captured all the hh members.

### Procedures for questions

#### Section 3.0 - Household Information

1. For each household member complete columns 1, 2 & 3.

2. After completing columns 1, 2 & 3 for each household member go back to the first household member and complete the remaining columns for that member.

3. Repeat step 2 for the rest of the household members

#### IMPORTANT NOTE:

Cross check responses in columns 11 and 12 with section 2 especially in relation to:

off-farm income - if a hh member was involved in off farm income then there should be a response in question 2.2.4 and vice versa.

<b>4.0</b>	<b>LAND ACCESS/OWNERSHIP/TENURE</b>			
4.1	Details of area "owned" by the household in the 2002/03 agricultural year. Give area reported by the respondent in "acres".			
		<b>Area in Acres</b>		
4.1.1	Area <b>Leased/Certificate of ownership</b>	<input type="text"/>	<input type="text"/>	4.2 Was all land available to the hh used during 2002/03 (Yes=1, No=2) <input type="checkbox"/>
4.1.2	Area owned under <b>Customary Law</b>	<input type="text"/>	<input type="text"/>	
4.1.3	Area <b>Bought</b> from others	<input type="text"/>	<input type="text"/>	
4.1.4	Area <b>Rented</b> from others	<input type="text"/>	<input type="text"/>	4.3 Do you consider that you have sufficient land for the hh (Yes=1, No=2) <input type="checkbox"/>

### Definition and working page for page 3

#### Question Specific Definitions

##### Section 4.1 - Land Access/Ownership

**Lease/Certificate of Ownership** Area under lease/certificate of ownership refers to the area for which the household possesses a government issued leasehold title or certificate of ownership. The land will normally be officially surveyed and boundaries marked. This includes leased land bought from others where the lease/certificate of ownership has been transferred.

**Customary Law:** This refers to the land which the hh does not have an official government title to but its right of use is granted by the traditional leaders. This user-right agreement does not have to be granted directly by the village leaders as right of access may be passed on through heredity.

**Bought:** This refers to the area of customary land that has been bought from others. This land does not have an official title and therefore is not leasehold.

**Rented from others:** Land rented from others for Cash or for a fixed amount in crop produce (eg fixed number of bags at harvest).

**Borrowed:** Use granted by land owner free of charge. Land owner can either be a lease holder or has right of access through customary law.

**Share Cropping:** where the hh is permitted to use land which is then paid for from a percentage of the harvested crop.

##### Section 5.0 Land Use

- **Temporary crops:** are sown and harvested during the same agricultural year

- **Permanent crops:** are sown or planted once and then , they occupy the land for some years and need not to be replanted after each annual harvest. Permanent crops are mainly trees (e.g., apples) but also bushes and shrubs (e.g., berries), palms (e.g., dates), vines (e.g., grapes), herbaceous stems (e.g., bananas) and stemless plants (e.g., pineapples).

- **Mixed Crops:** This is a mixture of two or more crops planted together and mixed in the same plot/field. The two crops can either be randomly planted together or they can be planted in a particular pattern eg intercropping (1 row of maize and 1 row of beans). A field that has been divided into plots for different crops is not mixed. This is further subdivided into:

**Permanent Mixed** -two or more permanent crops grown together,  
**Permanent/Temporary Mix** - permanent crop and annual crop together,  
**Temporary Mixed** - two or more temporary, annual crops grown together.

- **Pasture Land:** This is an area of owned/allocated land which is set aside for livestock grazing. It can be improved pasture where the farmer has planted grass, applied fertilized or applied other production increasing technologies to improve the grazing. Or it can be rough pasture.

- **Fallow:** This is the area of land that is normally used for crop production, but is not used for crop production during a year or a number of years. This is normally to allow for self generation of fertility/soil structure and is often an integral part of the crop rotation system.

- **Natural Bush:** Land which is considered productive but is not under cultivation or used extensively for livestock production and has naturally growing shrubs and trees.

- **Planted trees:** Land which is used for planting trees for poles or timber

- **Unusable:** Land that is known to be non-productive for agriculture purposes

**Uncultivated Usable:** This is land that was not used for reasons other than fallow. The reasons could be lack of inputs/money/rainfall/etc

##### Distance to fields (Q6.1):

-**fields** A field is a contiguous piece of land holding which the farmer considers as a single entity. The field may be divided into plots for growing different crops. A holding may consist of one or more fields in different localities.

##### Use of Communal Resources (Q6.2):

-**Communal resources** - refers to the place on which all individual households can have access to. It is not individually owned or controlled by one hh.

**NOTE:** The listed resources refers to communal resources and not those individually owned or part shared. The resource has to be freely accessible to the whole village

#### Overview to section 4

##### Section 4.0 - Preliminary note

##### Land Access/ Ownership

Access/Ownership refers to the area utilized by the members of the household. This does not include communal land where the resources are shared between households. It does include official communal land that the hh has sole access to eg a plot for crop farming in the communal area.

#### Procedures for Questions

##### Section 4.0 - Land Ownership

1. Ask the respondent if he knows the total area of land the household has sole access to. If he knows make a note in the calculation space

2. Ask the respondent the area of the different land ownership categories the household has sole access to (Q4.1.1 to 4.1.7) and record in the appropriate spaces.

3. Add up the area of the different categories of land and compare it with the total area obtained in step 1 (if the respondent provided the information).

4. If the total area is different find out which one is correct and make amendments where appropriate.

##### Section 5.0 - Land Use

1. Ask the respondent the area of the different landuse categories the household has sole access to (Q5.1.1 to 5.1.12) and record in the appropriate spaces.

2. Add up the area of the different categories of land and compare it with the total area obtained in section 4.0. The total area should be the same.

3. If the total area is different find out which one is correct and make amendments where appropriate.

##### Section 6.2 Communal resources

**Note:** the code "Not available" means that the resource does not exist. The code "Not Used" means that the resource does exist but is not used by the hh.

7.0 ANNUAL CROP AND VEGETABLE PRODUCTION - <u>SHORT RAINY SEASON</u>																											
7.1.1		Did the hh <b>plant</b> any crops during the <b>Short Rainy</b> season? (Yes = 1, No=2)												<input type="checkbox"/>		If the response is ' <b>NO</b> ' give main reason <input type="checkbox"/> Then go to section 7.2											
																				<b>Main Reason (Above)</b> No rains.....1 Rains came too late .....2 Does not plant annual crops .....3 No money 4 Don't get Vuli season ..5 Illness/social problems .....6 Has irrigation & does not follow season (give annual production in Masika) .....7							
7.1.2		For each crop planted during 2002/03 <b>Short Rainy</b> season provide the following information																									
Planting				Inputs								Harvesting & Storage						Marketing									
Crop Name	Crop Code	Land Clearing	Soil preparation	Planned area (acres)	Actual Planted area (acres)	% improved seed	Irrigation use	Fertiliser use	Herbicide use	Fungicide use	Pesticide use	How harvested	How threshed	Area Harvested (acres)	main product code	Quantity harvested (Kgs)	Quantity Stored (kgs)	Quantity sold (kgs)	Mostly sold to

**Land Clearing:** Refers to removing trees/bush/grass prior to ploughing

**Soil Preparation:** Refers to the seedbed preparation (ploughing, harrowing, etc)

**Planned Area:** Area in Acres the household planned to plant before the season started

**Actual Planted Area:** The area in Acres the household was able to plant.

**Area Harvested:** The area in Acres that produced a harvest. This is the same as the area planted minus the area that was destroyed by major flood/pest/ animal/etc damage.

**Temporary/Annual Crop:**

Crops which are planted and harvested within a period of 12 months after which time the plants die. Most annual crops are planted and harvested on a seasonal basis.

**Crop Codes (Cereals /tubers/roots):**

Code Crop	
11	Maize
12	Paddy
13	Sorghum
14	Bulrush Millet
15	Finger Millet
16	Wheat

**Instructions for calculating the area of mixed crops in a mixture.**

- If the mixed crop is mixed annual only enter the total area of the field in the REMAINING AREA UNDER TEMPORARY CROPS. and goto step 1 of these instructions.
  - If the mixed crop is mixed permanent and annual try to get the % occupied by the different crops and calculate the area of annual crops outlined in step 1. Otherwise use the number of trees method to calculate the area of annual crops in the mix, Step C
  - Number of trees method to calculate annual crop areas in a permanent-annual crop mix/
    - list each of the permanent crops in column b and enter the ground area per acre for each permanent crop (from instructions for page 6) in column 'd'.
    - obtain the number of permanent trees in the mix from the respondent and enter the number in column 'e'.
    - calculate the area occupied by each crop by multiplying column 'd' with column 'e' and sum these to obtain the total area of permanent crops in the mix.
    - subtract the total area of permanent crops in the mix from the total area of mix and enter the result in the total area under temporary crops.
    - proceed to step 1 to calculate the area under each temporary crop.
- Enter the name of each annual crop in the mix & estimate the percentage of each crop.
  - Using the percentages for each crop calculate the area of each crop from the REMAINING AREA UNDER TEMPORARY CROPS.
  - After completing this exercise for all fields, sum the area of each crop in the mix plus any monocrops and enter totals in section 7.1 col 6.
  - Obtain an estimate of the planned area for each crop and enter it in column 5
  - If the area harvested is different to the area planted estimate the harvest area
  - Once the quantity harvested is obtained calculate the Yield (Metric tonnes/acre) & compare the figure with the norms given in the crop codes box. If it is excessively different check the area and the amount harvested.

## Definitions and working page for page 6

### Permanent Crop:

Permanent crops: are sown or planted once and then , they occupy the land for some years and need not to be replanted after each annual harvest. Permanent crops are mainly trees (e.g., apples) but also bushes and shrubs (e.g., berries), palms (e.g., dates), vines (e.g., grapes), herbaceous stems (e.g., bananas) and stemless plants (e.g., pineapples).

### Total number of plants:

This includes both mature harvestable plants and immature non harvestable plants.

**Number of mature plants:** This is the number of plants which bared harvest.

### Instructions for Permanent crop mono stands and mixtures

- A.** For fields that are **monocrop permanent**, **ONLY** enter the **area of plants in column 3**.
- B.** For fields that are **mixed permanent** calculate the area of each crop based on the % **occupied by each crop method** (NOT using the number of trees method) and **ONLY** enter the area in **column 4**
- C.** For fields that are **mixed permanent/annual** either:
- **ONLY** enter the **area in column 4** if the area of the permanent crop was based on the % **occupied by each crop method**
- OR**
- **ONLY** enter the **number of trees in column 5** if the number of permanent crop plants was provided

56	Cocoa	stems	cocoa	cocoa butter	
57	Rubber	stems			
58	Wattle	stems			
59	Kapok	stems			
60	Sugar Cane		sugar/juice	molasses	ethanol
61	Cardamom				
71	Banana	leaves/stems	juice		
72	Avocado	stems			
73	Mango	stems	Juice		
74	Paw paw		Juice		
76	Orange	stems	Juice		
77	Grape fruit	stems	Juice		
78	Grapes	stems	Juice		
79	Mandarin	stems	Juice		
80	Guava	stems			
81	Plums	stems			
82	Apples	stems			
83	Pears	stems			
84	Pitches	stems			
85	Lime/Lemon	stems	juice		

**General Definition for Section 7.4**

**Secondary Products:** Second most important product from a crop. Eg a household may consider the grain from maize as the primary product and the stems/straw as the secondary product.

**Note: Secondary products are NOT the same as bi-products. By-products are the result of a processing activity and are dealt with in section 8.0.**

**Procedures for Questions**
**Q 7.6 Details of Secondary Products:**

- From the list of crops in Q 7.1.2, 7.2.2 & 7.3.2, ask the respondent if the hh used any secondary products. List the crop names and codes in column 1 and 2 for those crops that the hh used secondary products.
- For the listed crops give details of the secondary products used.
- If no units were sold, enter "0" in columns 8 & 9.

**Q 8.0 Agroprocessing & bi-products:**

- From the list of crops in Q 7.1.2, 7.2.2 & 7.3.2, ask the respondent if the hh processed any of these crops during the 2002/03 agriculture year. List the crop names and codes in column 1 and 2 for those crops that were processed by the hh.
- For the listed crops give details of the secondary crops used.
- If no main product or bi-product was sold enter "0" in columns 8 & 14.
- If no bi-product was produced enter "0" in columns 10, 11, 12, 13 & 14.

**Question Specific Definitions**
**Agroprocessing and bi-products (Q 8.2)**

(Note: Agroprocessing refers to the processing of crops for hh utilisation and for sale)

**Main Product (Col 5):**

Main Product after processing. Eg for Paddy it may be the polished grain. For Maize it may be flour.

**Bi-Product code (Col 11):** is the secondary residue after processing, eg for rice it may be the husk. for maize it may be the bran.

**Mainly used for (Col 5 & 11):**

- Consumed by household can mean eaten or utilised in another way (eg by animals) by the hh.

**9.0 CROP STORAGE**9.1 Did the household **store** any crops during the 2002/03 agriculture year? (Yes =1, No=2) ☐*If the response is 'NO' go to section 10.0*9.2 For **each** of the listed crops provide the following details on **storage**

S/N	Crop Name	Stored Y=1 No=2	Current Quantity Stored (kg)	Method of Storage	Normal duration of storage	Main purpose loss	Estimate Storage loss
	(1)	(2)	(3)	(4)	(5)	(6)	(7)
9.2.1	Maize	<input type="checkbox"/>	<input type="text"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9.2.2	Paddy	<input type="checkbox"/>	<input type="text"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9.2.3	Sorghum/Millet	<input type="checkbox"/>	<input type="text"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9.2.4	Beans, peas, etc	<input type="checkbox"/>	<input type="text"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9.2.5	Wheat	<input type="checkbox"/>	<input type="text"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9.2.6	Coffee	<input type="checkbox"/>	<input type="text"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9.2.7	Cashewnut	<input type="checkbox"/>	<input type="text"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9.2.8	Tobacco	<input type="checkbox"/>	<input type="text"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9.2.9	Cotton	<input type="checkbox"/>	<input type="text"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9.2.10	Groundnuts/bambara	<input type="checkbox"/>	<input type="text"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

**Main method of Storage (Col 4)**

In locally made traditional structure..1  
 In Improved locally made structure .2  
 In modern store .....3  
 In Sacks/open drum.....4  
 In airtight drum .....5  
 Unprotected pile .....6  
 Other .....8

**Duration of Storage (Col 5)**

Less than 3 months .....1  
 Between 3 and 6 months .....2  
 Over 6 months .....3

**Main purpose of storage (Col 6)**

Food for the household .....1  
 To sell for higher price .....2  
 seed for planting.....3  
 Other .....8

**Storage loss (Col 67)**

Little or no loss .....1  
 Up to 1/4 loss .....2  
 Between 1/4 and 1/2 loss ..3  
 Over 1/2 loss .....4

**10.0 MARKETING**10.1 Did the household **sell any crops** from the 2002/03 agriculture year? (Yes=1, No=2) ☐*(If the response is 'YES' or 'NO' go to section 10.2)*10.2 For **each of the following crops** what was the main **marketing problem** faced by the household during 02/03

	Crop	Main problem
	(1)	(2)
10.2.1	Maize	<input type="checkbox"/>
10.2.2	Rice	<input type="checkbox"/>
10.2.3	Sorghum/millet	<input type="checkbox"/>
10.2.4	Wheat	<input type="checkbox"/>
10.2.5	Beans, peas etc	<input type="checkbox"/>
10.2.6	Cassava	<input type="checkbox"/>
10.2.7	Bananas	<input type="checkbox"/>
10.2.8	Coffee	<input type="checkbox"/>

	Crop	Main problem
	(1)	(2)
10.2.9	Vegetables	<input type="checkbox"/>
10.2.10	Tree Fruits	<input type="checkbox"/>
10.2.11	Cashewnut	<input type="checkbox"/>
10.2.12	Cotton	<input type="checkbox"/>
10.2.13	Tobacco	<input type="checkbox"/>
10.2.14	Groundnuts/bamabara	<input type="checkbox"/>
10.2.15	Trees/timber/poles	<input type="checkbox"/>
10.2.16	Fish	<input type="checkbox"/>

10.3 From the list of marketing problems below, for all produce rank the five most important problems

	1	2
10.3.1	Biggest problem	<input type="checkbox"/>
10.3.2	2nd problem	<input type="checkbox"/>
10.3.3	3rd problem	<input type="checkbox"/>
10.3.4	4th problem	<input type="checkbox"/>
10.3.5	5th problem	<input type="checkbox"/>

**Market problems (Q10.2 & 10.3 (Col 2))**

Open market price too low .....01    Market too far .....05    Government Regulatory board problems...09  
 No transport .....02    Farmer association problems .....06    Lack of market Information .....10  
 Transport cost too high .....03    Cooperative Problems .....07    Other (specify) .....98  
 No buyer .....04    Trade Union problems .....08    Not Applicable .....99

10.4 What was the main **reason for not selling** crops during 2002/03 year ☐**Reason for not selling crops (Q10.4)**

Price too low .....1    Farmer association problems .....4    Government regulatory board problems ....7  
 Production insufficient to sell.....2    Cooperative Problems.....5    Other (specify) .....8  
 Market too far .....3    Trade Union problems .....6    Not Applicable .....9

**Definition and working page for page 8**
**Question Specific definitions (Section 9.0)**
**Crop Storage, Section 9**
**Method of Storage (column 4)**

- **Locally made structure:** The structures that have been inherited from their fore fathers
- **Improved locally made structure:** Traditional structures that have been improved using modern technology.
- **Normal duration of storage:** Often there are stored stocks from different seasons and different years. The normal duration refers to the number of months that the most of the crop is stored for.

**Marketing problems Q 10.2 and 10.3 col 2:**

- **Farmer Association:** A village or community based group of farmers who have formed an organisation to purchase inputs/sell/store their products in order to achieve a better price for their products.
- **Cooperative Union:** Large inter-village /community organisation set up on a district/regional or national basis for providing inputs, marketing and storing farmers products.
- **Government Regulatory board:** Government control body for setting prices and controlling quality of certain agriculture commodities.

**Procedures for Questions**
**Q 9.2 Details of Crop Storage:**

1. For the crops listed indicate if the household stored any during 2002/03 in column 2.
2. Check that the crops correspond to the crop lists in Q 7.1.2, 7.2.2 & 7.3.2. If there is a difference inquire on the reason why. It is possible that a crop was missed during the enumeration of these questions and if so make necessary amendments
3. For the listed crops give details of storage.

**Q 10.2 Details on Crop Marketing:**

1. For each of the crops listed indicate the main problems in marketing during 2002/03 in column 2.
2. Check if the crops correspond to the crop lists list in Q 7.1.2, 7.2.2 & 7.3.2. If there is a difference inquire on the reason why. It is possible that a crop was missed during the enumeration of these questions and if so make necessary amendments

**Q 10.3 Ranking of market problems:**

Rank in order of importance the 5 most important marketing problems from the codes in the Market Problems code box.

**Working Area/calculation space**

<b>11.0 ON-FARM INVESTMENT</b>								
11.1 Does the household practice <b>irrigation</b> (Yes=1, No=2) <input type="checkbox"/>								<input type="checkbox"/>
<i>If the response is 'NO' go to section 11.3</i>								
S/N	Source of Irrigation water	Method of obtaining water	Method of application	Irrigatable area (acres)	Area of irrigated land this year (acres)

## Definition and working page for page 9

### Overview of Investment activities (Section 11.0)

#### Investment activities:

Investment activities refer to medium to long term farm development structures and projects. This can be Irrigation structures, erosion and water harvesting structures or other permanent or semi-permanent investment made on the land that the household owns.

### Question Specific Definitions (Q 11.1)

**Source of irrigation Water (Col 1):** The main source of water from which water is obtained for irrigation.

**Method of obtaining water (Col 2):** The mechanism by which the water is extracted from the source,

**Application Method (Col 3):** How the water is applied on the field.

- Flood - is the application of water down the slope of the land by means of gravity
- Sprinkler - is the application of pressurised water through pipes. The water passes through a device which sprays the water onto the crop from above.

**Irrigatable Area (Col 4):** The area the irrigation system is designed to cover in acres.

**Area of irrigated land this year (Col 5):** Area of land under irrigation during the 2002/03 agric year. This is the physical area and NOT the cumulative area of 2 or more croppings.

#### Q 11.1 Irrigation

1. If the hh practices irrigation give details on the main source, main method of obtaining and applying water.
2. Cross check column 8, Q 7.1.2, 7.2.2 & 7.3.2 to check if irrigation was used on any crops.

### Question Specific Definitions (Q 11.3)

#### Erosion control/water harvesting structure (Col 1)

**Terraces:** Are structures constructed on the side of a hill to provide a level ground to plant crops. They are often used to trap water for paddy/lowland rice production.

**Erosion Control Bunds:** These are banks of earth/stones built perpendicular to the slope to slow down water and prevent erosion. They are different to Terraces in that the soil behind the banks are not level.

**Gabions:** A gabion is a wire mesh box filled with rocks/stones and used to control or prevent gully erosion

**Sandbags** Used to prevent or control gully erosion

**Tree belts/Wind breaks:** A band of trees planted perpendicular to the prevailing wind whose main purpose is to slow down wind speed

**Water Harvesting bunds:** A bank of earth constructed horizontal to the slope of the land to trap water. They are usually banana shaped.

**Dam:** A bank of earth/material which traps river water to form a catchment of water behind it.

#### Q 11.3 erosion control/water harvesting

1. Number of structures refers to the number of working/maintained structures and does not include derelict or irreparable structures.
2. Year of construction refers to the year that the structures were first constructed. It is not the year that the structures were last maintained.

### Farm Inputs (Q 12.1.1 to 12.1.7)

**Farm yard Manure:** An organic fertiliser made on farm composed of animal dung.

**Compost:** An organic fertiliser made on farm from decomposed plant material

**Pesticide:** Chemical used to either protect the plant from or kill insects, birds, molluscs, mites, etc attacking the plant

**Fungicide:** is a chemical that is used to protect the plant from or control a fungal disease.

**Herbicide:** A chemical used to control weeds.

#### Q 12.0 Farm Inputs

1. Indicate in column 1 whether each of the inputs are used or not.
2. Complete cols 3, 4, 6, and 7 for inputs that are used and place '9' in column 5 (for not applicable).
3. Complete cols 5 & 7 for inputs not used.

**NOTE:** Cross check column 6, 7, 8 & 9, Q 7.1.2, 7.2.2 & 7.3.2 to check what inputs were used.

12.2 Give details of <b>farm implements and assets</b> used and owned by the household during 2002/03 agriculture year								
S/N	Equipment/Asset Name	Number		Used in 2002/03 Yes 1, No=2	Source of Equip-ment	Source of Finance	Reason for not using	Plan to use next year Yes=1, No=2
		Owned	rent-ed					
	(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)
12.2.1	Hand Hoe	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
12.2.2	Hand Powered Sprayer	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
12.2.3	Oxen	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
12.2.4	Ox Plough	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
12.2.5	Ox Seed Planter	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
12.2.6	Ox Cart	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
12.2.7	Tractor	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

## Definition and working page for page 10

### Question Specific Definitions (Q 12.2)

#### Farm Implements (Col 1):

**Hand powered Sprayer:** Knapsack or bicycle pump sprayer

**Reason for not using (Col 6):** Be careful about using "too much labour required" as this code generally refers to hand hoes only. The codes for this should "NOT" be read out to the farmer as a prompt.

**Note:** If remittance is given as the main source of finance check for a response to remittances in **question 2.2.5**

### Question Specific Definitions (Q 13.0)

#### Section 13.0 Credit for Agriculture Purposes

Credit is defined as finance in the form of cash or in-kind contributions (eg direct provision of inputs, machinery, livestock or other material) for the purpose of crop and livestock production whereby the value of the credit must be paid back to the borrower. The value of repayment may either be with interest or interest free.

Credit may be paid back in the form of cash or agriculture produce.

#### Section 13.0 Credit for Agriculture Purposes

**Value of credit:** is the amount in cash received from the borrower. If the credit was paid in-kind, estimate the value of this.

**Value of repayment:** This is the amount to be repaid to the borrower and includes the principal amount (value of credit) plus any interest repayment. If the credit is paid back in agriculture produce, then the cash value of this must be estimated.

**Period of repayment:** This is the time in months the borrower has given for full repayment.

### Procedures for questions

#### Q 12.0 Farm Inputs

1. Indicate in column 2 and 3 whether each of the implements were used or not.
2. Complete cols 4, 5, 6, and 8 for inputs that are used and place '9' in column 7 (for not applicable).
3. Complete cols 7 & 8 for inputs not used.

#### Section 13.2 Source of agriculture credit

If the farmer obtained credit from more than one source then use the columns "a", "b" and "c" for the different sources of credit. Start with the main source of credit in column "a".

**NOTE:** Check for use of inputs in column 7, 8 & 9 of questions 7.1.2, 7.2.2 & 7.3.2.

## Definition and working page for page 11

### General Definitions for section 14.0

#### Tree Farming/Agroforestry

This section refers to trees **planted** for wood (firewood, poles, planks, carving, charcoal, medicinal, etc, but **NOT** fruit trees). It does **not** include naturally growing trees on the farm (unless special care has been given to promote their establishment) or trees growing naturally on the communal areas.

**Tree farming** is the planting of trees on an area of land for which the main purpose is the production and regeneration of trees for wood on that land.

**Agroforestry:** is the planting of trees on land for the purpose of complementing other farming activities like crop and animal production. For the purpose of this questionnaire Agroforestry trees are trees planted on boundaries and scattered throughout fields. The main productive unit in this case is Crops and Livestock.

#### Section 14.2 Details of planted trees

1. Enter the tree codes of the main species grown by the hh
2. If no planks or poles are sold enter a "0" in columns 8, & 9.
3. Total value includes both value of hh utilised trees and sold trees.
4. If no trees were utilised by the hh or sold enter "0" in column 10

### Question Specific Definitions

#### Tree farming (Section 14.0)

**Pole trees (Col 6):** These are young trees which have a maximum diameter of 6 inches at the bottom and are often used for house construction. They are often the thinning harvest after 3 - 5 years.

**Plank trees (Col 7):** Trees for sawing into timber planks.

**Animal shade:** Trees grown for the purpose of providing shade to animals.

#### Community tree planting scheme (Section 14.3)

**Community Forest:** A forest planted on the communal land which is planted, replanted or spot planted by the members of the village.

#### Crop Extension Services (Section 15.1)

**Contact Farmer:** A farmer who is used by the extension agent as a focal point to demonstrate new interventions. The contact farmer then passes on the message to other farmers

**Group member:** Member of a group under which the contact farmer leads

**Adoption:** This is the uptake of an intervention for 2 or more years

#### Section 15.1 Crop Extension Services

1. For each of the extension providers ask if the hh received extension during 2002/2003 agriculture year and indicate in column 2.
2. For each of the providers complete the rest of the columns

### Tree Name Guide Col 1

Code	Local Name	Botanical Name	English Name
01		Senna siamea	Cassod tree
02	Msongoma	Gravellia	Silver oak

## Definitions and working page for page 14

### Goat definitions for page 14

**Goat Intake during 2002/03:** Goat purchased, given or born which increases the number of goats in the herd.

**Goat Offtake during 2002/03:**

Goat removed from the herd, either by selling, hh consumption, given away or stolen.

### Question Specific Definitions (Section 19.0)

#### Goat type (Q 19.2 & 19.4, Col 1)

**Billy Goat (he-goat):** Mature **Uncastrated** male goat used for breeding

**Castrated goat:** Male goat that has been castrated.

**She Goat:** Mature female goat over 9 months of age

**Kid:** Young goat under 9 months of age.

#### Average Value per Head (Q 19.3, (Col 7 & 9) & 19.4 (Col 3, 5 & 7))

In these columns give the average value per head during 2002/03. For given, traded, consumed by the hh & given away/stolen estimate the value.

#### Goat vaccination (19.5 col 1)

**FMD:** Foot and Mouth Disease

**CCPP:** Contagious Caprine Pleura Pneumonia

**LSD:** Lumpy Skin Disease

### Section 19.0 Goat Population, Intake & Offtake.

**NOTE:** Section 19.1 is for the current population (as of 1st October 2003);  
Section 19.2 and 18.3 is for movement in and out of the herd during the 2002/03 agriculture year.  
Section 19.4 is for diseases encountered during the agriculture year.

1. If the household has she goats, you would normally expect them to have kids in column 8
2. If kids are reported in column 2, 3, or 4 (19.2.6, 19.2.5) then there must be at least that number repeated in column 8

**Note:** If the farmer reports sales of goats the importance of this must be reflected in Q 2.2.3

**Section 19.5** If goats are reported to have died in Column 5 then at least that number should be reported in 19.4 col 4

### Definitions and working page for page 15

#### Sheep definitions for page 15

**Sheep Intake during 2002/03:** Sheep purchased, given or born which increases the number of Sheep in the herd.

**Sheep Offtake during 2002/03:**

Sheep removed from the herd, either by selling, hh consumption, given away or stolen.

#### Question Specific Definitions (Section 20.0)

##### Sheep type (Q 20.2 & 20.4, Col 1)

**Ram:** Mature **Uncastrated** male goat used for breeding

**Castrated sheep:** Male sheep that has been castrated.

**Ewe:** Mature female sheep over 9 months of age

**Lamb:** Young sheep under 9 months of age.

##### Average Value per Head (Q 20.3, (Col 7 & 9) & 20.4 (Col 3, 5 & 7))

In these columns give the average value per head during 2002/03. For given, traded, consumed by the hh & given away/stolen estimate the value.

##### Sheep vaccination (20.5 col 1)

**FMD:** Foot and Mouth Disease

**CCPP:** Contagious Caprine Pleura Pneumonia

#### Section 20.0 Sheep Population, Intake & Offtake.

**NOTE:** Section 20.1 is for the current population (as of 1st October 2003);  
Section 20.2 and 20.3 is for movement in and out of the herd during the 2002/03 agriculture year.  
Section 20.4 is for diseases encountered during the agriculture year.

1. If the household has ewes, you would normally expect them to have kids in column 8
2. If lambs are reported in column 2, 3, or 4 (20.2.6, 20.2.5) then there must be at least that number repeated in column 8

**Note:** If the farmer reports sales of Sheep the importance of this must be reflected in Q 2.2.3

**Section 20.5** If Sheep are reported to have died in Column 5 then at least that number should be reported in 20.4 col 4

## Definitions and working page for page 16

### Pigs definitions for page 16

**Pig Intake during 2002/03:** Pigs purchased, given or born which increases the number of Pigs in the production unit.

**Pig Offtake during 2002/03:**

Pigs removed from the production unit, either by selling, hh consumption, given away or stolen.

### Question Specific Definitions (Section 21.0)

#### Pigs type (Q 21.2 & 21.4, Col 1)

**Boar:** Mature **Uncastrated** male pig used for breeding

**Castrated Pig:** Male pig that has been castrated.

**Sow:** Mature female pig that has given birth to at least one litter of pigs.

**Gilt:** Female pig of 9 months up to the first farrowing.

**Piglet:** Young pig under 3 months of age.

#### Average Value per Head (Q 21.3, (Col 7 & 9) & 21.4 (Col 3, 5 & 7))

In these columns give the average value per head during 2002/03. For given, traded, consumed by the hh & given away/stolen estimate the value.

#### Pig vaccination (21.5 col 1)

**ASF:** African Swine Fever

### Section 21.0 Pig Population, Intake & Offtake.

**NOTE:** Section 21.1 is for the current population (as of 1st October 2003);  
Section 21.2 and 21.3 is for movement in and out of the herd during the 2002/03 agriculture year.  
Section 21.4 is for diseases encountered during the agriculture year.

1. If the household has sows, you would normally expect them to have piglets in column 8
2. If piglets are reported in column 2, 3, or 4 (20.2.6, 20.2.5) then there must be at least that number repeated in column 8

**Note:** If the farmer reports sales of Pigs the importance of this must be reflected in Q 2.2.3

**Section 20.5** If Pigs are reported to have died in Column 5 then at least that number should be reported in 20.4 col 4

## Definition and working page for page 17

### Question Specific Definitions Section 26.0)

### Question Specific Definitions Section 27.0)

#### Access to functional Livestock Structures/accessories (Section 27.0):

**NOTE:** The structures must be functional. If they are not working/derelict then they should not be included. The distance to the next nearest functional structure should be taken.

**Spray Race:** A fixed spray structure on an animal race for spraying acaricide

**Cattle crush:** Corridor structure for restraining cattle.

**Abattoir:** Large building designed for slaughtering a large amount of animals. It normally has complex structures to assist in the slaughter and storage and a high level of hygiene is maintained.

**Slaughter Slab:** Concrete slab designed for slaughtering a small amount of animals

**Hides:** obtained from Cattle

**Skins:** Obtained from sheep and goats

**Hide/Skin Shed:** Shed for curing/tanning animal skins and hides

**Village holding Pen:** Enclosure for containing large amount of livestock which is owned communally.

**Drencher:** Device for orally administering medicine to livestock. If no product was sold in 2002 enter "0" in columns 6, 7 & 9.

### Procedures for questions

#### Section 23.0 - Other Livestock:

1. The current number includes both adult and young animals. For example The number of chickens in col 1 would include adults and chicks.

#### Section 26.0 - Outlets for livestock:

Using the codes enter the outlets for the sale of different livestock in order of importance. If there are, for example, only 2 outlets mark the rest with a "X".

28.0	<b>FISH FARMING</b>											
28.1	Was <b>Fish farming</b> carried out by this household during 2002/2003? (Yes =1, No=2) <input type="checkbox"/>										(If the response is 'NO' go to section 29.0)	
28.2	Specify details of fish farming practices											
S/N	Product ion unit number	Fish farming system	Size of unit/pond (m2)	Source of finger- ling (No/year)	Number of stocked fish			Number of fish harvested	weight of fish harvested	weight of fish sold	Mainly sold to

## Definitions and working page for page 18

### General definitions for Section 28.0

**Fish farming:** Refers to the rearing/production of fish. It is different to fishing in that the fish have to be reared and fed in fish farming. Fishing traps or captures naturally occurring fish in rivers, lakes and the sea and should not be included in this section.

### Question Specific Definitions (Section 28.2)

**Production unit number (Col 1):** A production unit is a pond river/lake which is treated as a separate entity for the production of fish eg it may be by virtue of manageable size, maturity of fish, type of fish etc. Eg a farmer may have 3 fish ponds. (each one is a separate production unit).

**Frequency of stocking (Col 5):** What is the number of times the farmer puts new fingerlings into the pond each year.

**Fingerlings:** These are young immature fish used for stocking ponds.

#### Sold: (Col 10 & 11)

If no fish were sold enter "0" in column 10 and 11)

#### Livestock Extension Services (Section 29.1)

**Adopted (Col 3):** This is the uptake of an intervention for 2 or more years

#### Livestock Extension Service providers (Section 29.2)

**Contact Farmer:** A farmer who is used by the extension services as a focal point to demonstrate new interventions to. The contact farmer then passes on the message to other farmers

**Adopted (Col 5):** This is the uptake of an intervention for 2 or more years

### Working area for page 18

## Definition and working page for page 19

### Question specific definitions (Section 31.1)

#### Activity (Col 1):

**Land Clearing:** Refers to removing trees/bush/grass prior to ploughing

**Soil Preparation:** Refers to the seedbed preparation (ploughing, harrowing, etc).

**Cattle Rearing:** Tending to cattle at home, eg assisting with births, castration, etc. Different livestock keeping activity to herding.

**Cattle Herding:** Moving livestock from place to place for grazing and water. If herding is carried out the respondent must also give a response to rearing/husbandry

### Question Specific Definitions (Section 32.0.0)

#### Activity (Col 1):

**Subsistence:** For the family's survival, rather than for the generation of cash. This includes feeding the hh, provision of water and fuel for cooking. The source of these products are usually from the land resources available to the family. Remember that not all cash earnings are for non subsistence purposes/activities as cash can be used to purchase subsistence items eg food.

**Non -subsistence:** Cash used for items and activities which are not crucial for the survival of the family. This includes modern medication, non working clothes, refined beer, school fees, etc.

### Procedures for (Section 31.1)

#### Section 31.1 ((Labour use)

1. For each listed activity in column 1, place a tick in column 2 if any member of the household was involved in that activity during the 2002/03 agriculture year.

2. After completing column 2 return to the first activity in row 27.1.1 and complete column 3.

3. Make sure you stress MAINLY responsible.

**NOTE: If an activity has been mentioned previously in the questionnaire eg that the hh keeps chickens, make sure a response is obtained in the appropriate place ie poultry keeping.**

**If off-farm income generation is mentioned, check for responses to off farm income in other parts of the questionnaire**

#### Section 32.0 - Subsistence vs Non-subsistence

1. For each listed activity in column 1, place a tick in column 2 if any member of the household was involved in that activity during the 2002/03 agriculture year.

2. After completing column 2 return to the first activity in row 32.1.1 and complete column 3 & 4. For each activity make an assessment of the percentage used for subsistence survival and the percent converted to cash for non subsistence goods and items.

3. Make sure you stress MAINLY responsible.

**NOTE: Cross check the responses with previous sections in the questionnaire. eg if a response is given to remittances check for an entry in question 2.2.5**

<b>34.0 HOUSEHOLD FACILITIES</b>

## Definition and working page for page 20

### Household facilities (Section 34):

#### Number of rooms used for sleeping in the household (Q 34.1)

Include sitting room, dining room, kitchen, etc if used for sleeping. It also includes rooms outside the main dwelling

A room is defined as a space which is separate from the rest of the building by a permanent wall or division. A building/house that is not divided into rooms is considered to have one room.

**Household assets (Q 34.2):** these assets must be functioning. Do not include if broken.

**Access to drinking water (Q 34.4):** If there is more than one source, use the one, which the hh uses most frequently.

#### Main source of hh cash income:

Activity that provides the hh with the most cash during 2002/03 agriculture year.

**Average/maximum yields**

**Use this table to compare the yields calculated in sections 7.1, 7.2, and 7.3. They are STRICTLY to be used as guidelines only and the sole purpose is to assist in getting the correct area and harvest for each crop**

Crop Name	kg/ha		kg/acre		Crop Name	kg/ha		kg/acre

**Back Page Reference material**

This page contains reference information that may be required to complete some of the questions in the questionnaire.

**Weights and measures**

1 hectare = 10,000 sq metres (100 x 100 metres)  
 1 kilometre = 1000 metres  
 1 acre = 4840 square yards (110 x 44 yards)

**Conversions**

1 hectare = 2.47 acres  
 1 mile = 1.61 Kilometres

**Kg equivalents**

The following standards may be used as a guide to obtain kg if the reported unit is different. Only use these conversions if the respondent is unable to provide weights in kgs.

Crop Name	Number of Kgs		Non-standard	
	Standard		Name	
	Bag	Tin	Name	kgs
11 Maize	100	18	Rumbesi	140
12 Paddy	75	15

**For official use only:**

If a question has a query, an indication will be made by the supervisor/data entry controller on the front page of the questionnaire. This space is to note what and where the problem is, the action required to be taken and the responsible person to take follow up action.

**Nature of the problem:**

---

---

---

**Action Required:** National supervisor action ☐

Field supervisor action ☐

**Overall Status:** Does not affect overall integrity of the questionnaire.  
 More data is required before it can be used

☐ Discard and resample  
☐ Discard as missing data

☐  
☐

---

### Average Seasonal Farm Gate Price Form

Use key informants to provide answers to the following questions. Key informants can be the village chairman, village extension officer or knowledgeable member of community. Where possible ask these questions to a group in order to reach a consensus.

**Procedure:** Administer this form after completing all smallholder questionnaires for the village.

1. Copy the names of all crops from section 7.1, 7.2, & 7.3 in the smallholder questionnaire to column 1 of this form.
2. Obtain an estimate of price per kg of these products under column 5, 6, 7 and 8.

Crop name <i>(1)</i>	Crop Code <i>(2)</i>	Product name <i>(3)</i>	Product code <i>(4)</i>	Price per kg			
				End of Vuli <i>(5)</i>	End of Masika <i>(6)</i>	Annual Minimum <i>(7)</i>	Annual Maximum <i>(8)</i>
	<div style="border: 1px solid black; width: 20px; height: 20px; display: inline-block;"></div>		<div style="border: 1px solid black; width: 20px; height: 20px; display: inline-block;"></div>				
	<div style="border: 1px solid black; width: 20px; height: 20px; display: inline-block;"></div>		<div style="border: 1px solid black; width: 20px; height: 20px; display: inline-block;"></div>				
	<div style="border: 1px solid black; width: 20px; height: 20px; display: inline-block;"></div>		<div style="border: 1px solid black; width: 20px; height: 20px; display: inline-block;"></div>				
	<div style="border: 1px solid black; width: 20px; height: 20px; display: inline-block;"></div>		<div style="border: 1px solid black; width: 20px; height: 20px; display: inline-block;"></div>

## Definition and working page for page 1

### Question Specific Definitions

Use key informants to provide answers to the questions in this booklet questions. Key informants can be the village chairman, village extension officer or knowledgeable member of community. Where possible ask these questions to a group in order to reach a consensus.

### Question Specific Definitions:

#### Access to Communal Resources - Section 1.0

**Communal Resources:** Resources in which the hh members have no individual claim to and which are shared by all the village.

**Area of Communal Land:** Official area demarcated by the village as shared/public land

**Area of Squatting Farmers:** area of official communal land on which individual hhs make sole claim to (eg for crop farming or fenced livestock etc)

**Remaining available:** Official area of communal land minus area of squatting farmers

#### Community tree planting scheme

**Community Forest:** A forest planted on the communal land which is planted, replanted or spot planted by the members of the village.

**Plantation Planting:** An area designated by the village for planting a block of trees.

**Spot Planted:** Replanting an area where selective logging has been carried out. A tree is planted to replace the one that has been cut.

**Indigenous Trees:** Trees that are native to Tanzania

**Exotic Trees:** Trees that are not native to Tanzania

**Non Government Organisation:** is managed by people from outside the village and it normally covers more than one village/District/Region. Its function is to provide development assistance to the farmer and is free from direct government links.

**Village level organisation:** is managed by members of the village. Its purpose is normally to access/provide development assistance to the village.

<b>1 ACCESS TO COMMUNAL RESOURCES</b>									
1.1 Does the village have an area set aside for communal resources eg forest, grazing, etc (Yes =1 No =2)									<input type="checkbox"/>
<i>(If the response is no go to 1.2)</i>									
1.1 Area of Village Communal resource					Area in Acres				
1.1.1	Total Area of communal land				<input type="text"/>		<input type="text"/>		Official figure from community leader
1.1.2	Area of squatting farmers on communal land				<input type="text"/>		<input type="text"/>		Key respondent (leader/extension/etc)
1.1.3	Remaining available as communal resource				<input type="text"/>		<input type="text"/>		Key respondent (leader/extension/etc)
<b>1.2 ACCESS AND USE OF COMMUNAL RESOURCES</b>									
	Communal Resource	Distance to resource (km)		Main hh use		<b>Instructions for distance to resource (Col 2 and 3):</b> Distance is from the centre of the village.  If under 1km, write 0 If above 1km round to whole numbers eg 1.5km= 2km, 1.25km= 1km  <b>Main use (Col 4)</b> Home or farm Consumption/utilisation...1 Sold to trader at the village.....2 Sold to village market .....3 Sold to local wholesale market.....4 Sold to major wholesale market .....5 Not available .....6			
	(1)	dry season	wet season	(4)					
	(2)	(3)							
1.2.1	Water for humans	<input type="text"/>	<input type="text"/>	<input type="text"/>					
1.2.2	Water for livestock	<input type="text"/>	<input type="text"/>	<input type="text"/>					
1.2.3	Communal Grazing	<input type="text"/>	<input type="text"/>	<input type="text"/>					
1.2.4	Communal Firewood	<input type="text"/>	<input type="text"/>	<input type="text"/>					
1.2.5	Wood for Charcoal	<input type="text"/>	<input type="text"/>	<input type="text"/>					
1.2.6	Building poles	<input type="text"/>	<input type="text"/>	<input type="text"/>					
1.2.7	Forest for bees (honey)	<input type="text"/>	<input type="text"/>	<input type="text"/>					
1.2.8	Hunting (animal products)	<input type="text"/>	<input type="text"/>	<input type="text"/>					
1.2.9	Fishing (Fish)	<input type="text"/>	<input type="text"/>	<input type="text"/>					
<b>2.0 COMMUNITY PLANTED TREES</b>									
2.1 Does your village have a Community tree planting scheme (Yes=1, No=2)									<input type="checkbox"/>
<i>If the response is 'NO' go to section 14.0</i>									
<b>Details of the community tree planting scheme</b>									
S/N	Distance to community planted forest (Km)	Area of Community Forest (acr)	Type of planting	Type of trees	Source of seeds/seedlings	Number of years since planting started	Main use during 2002/03	Main use of community forest revenue	
	(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)	
2.2	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	
<b>Type of planting (Col 3)</b> Plantation planting.....1 Spot planting .....2  <b>Type of tree (Col 4)</b> Indigenous.....1 exotic .....2 both .....3			<b>Source of Seedlings (Col 5)</b> Seeds collected and directly planted by village.....1 Village Nursery .....2 Department of forestry .....3 Private nursery .....4			<b>Main Uses (Col 7)</b> Poles .....1 Timber logs .....2 Charcoal .....3 Firewood .....4 Other Specify .....8		<b>Main use of revenue (Col 8)</b> Village development fund.1 household consumption...2 Household Income .....3	
<b>3.0 Non Government Organisation (NGO) Contact</b>					<b>4.0 Community Based Organisation (CBO)</b>				
3.1 Did an NGO visit the village during the year(Y=1,N=2)					4.1 Does the village have CBOs (Y=1, N=2)				
<i>(If no go to Section 4)</i>									
S/N	Type of NGO	Visited Y=1, N=2	Number of visits	Distance to Office (km)	S/N	Type of NGO	In village Y=1, N=2		
	Extension/Research NGO	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>		Extension/Research CBO	<input type="checkbox"/>		
	Service/input provision NGO	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>		Service/input provision CBO	<input type="checkbox"/>		
	Community development NGO	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>		Community development CBO	<input type="checkbox"/>		
	Other NGO	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>		Other CBO	<input type="checkbox"/>		
5.1 Did the village have any on-farm trials (y=1,n=2)					5.2 Has there been an research prioritisation exercise (Y=1, N=2)				
<input type="checkbox"/>					<input type="checkbox"/>
