

YOUTH ENDLINE SURVEY

INTRODUCTION

My name isand I am representing the 2M Corp in collaboration with the NOVAFRICA research center at the Nova University of Lisbon in conducting a research survey aimed at learning more about the desires and needs of the Gambian youth. One year ago, your household was selected to participate in this study.

There are no risks involved in participating in this study. Taking part in this study is completely voluntary. All information collected in this study will be kept confidential and anonymized. All information will be strictly used for university research purposes and will not be shared with any third party. Participants have the right to withdraw their participation at any point in time.

The interview will take about 45 minutes.

In case you require further information and clarification, you can contact Tijan L. Bah on the following numbers: 7321546/5122794.

Can we continue with the interview? If so, I would like you to sign this informed consent letter stating that you agree to participate in our research study. You will keep a copy of this letter with our contact information so that you can reach our team at any time.
