*Revisions were made due to the misconception on the number of units for rowhouse/apartment/townhouse in the approved permits. As a result,
a. Bulacan for the months of January, February, July, August, October, November and Decembe
b. Pampanga for the months of February, March, April, May, June, July, August and Septembe
c. Cavite for the month of January
d. Laguna for the months of April and June

** In the case of Pampanga, the decrease in the number, floor area and value of construction was due to multiple reporting. For the month of April, 11 approved building permits (090400478-487, 262 units) have the same entries. Hence, data for these 11 permits were reported 11 times. Similarly for the month of May, 12 approved permits (090500989-1000, 250 units) with the same entries were reported 12 times.
