## GENERAL INSTRUCTIONS AND DEFINITIONS

If there is more than one dwelling on the stand indicated by the address on the questionnaire, complete a separate questionnaire for each dwelling and record the same questionnaire number on the cover page of each of them, adding A, B, C, etc., to distinguish the questionnaires for the different dwellings.

If there is more than one household in the dwelling at the address on the questionnaire, fill in a separate questionnaire for each household, numbering them as explained above.

Do not complete questionnaires for single households unless the number of the questionnaire for that address is an even one. Such questionnaires must be given the same number on the cover page, followed by the letter 'S'.

### DEFINITION OF A HOUSEHOLD

A household comprises: (i) one or more families or a group of two or more persons dependent on a common or pooled income, sharing a common table and usually living in the same house, or (ii) a single person who is financially independent of any family or household group. Members of a household need not necessarily be related by blood or marriage. Persons who usually sleep and eat under the same roof and, generally speaking, are bound by domestic and economic ties, comprise a household unit.

A household includes persons temporarily absent but expected to return, e.g. members who are in legal custody or in hospital (for a period of less than six months), away on holiday, or at a boarding school.

A person who rents a room in a house and eats all his meals with the household, but pays all his own other expenses, except board and lodging, is not regarded as a member of that household but is considered to be a household on his own.

UNISA P.1365 (A)

### Definition of household (continued)

A person with an income of R50 or less per month living with this household must be regarded as a member of the household, whether or not he contributes financially to the household.

Married or unmarried working children and other working relatives living and eating with the family are not considered to be members of the household, unless they contribute the major part of their income to the household.

A family member working and living away from home is not regarded as a member of the household, even though he contributes with some regularity to the household's income.

Fill in a multiple household questionnaire for a single person, living on his own, in his own or rented house or flat, for which he is paying instalments or rent plus electricity, water or other housing expenses.

### INSTRUCTIONS FOR PAGE 1

Write down the first names of all the persons living in the dwelling. Start with the first name of the head of the household, and then write down the names of all his household members until the names of all the persons in the dwelling have been recorded.

Opposite the name of each person with an income, enter the amount of his monthly income and in the next column the amount that he/she contributes per month to the income of the household.

From page 2 onwards a separate questionnaire must be completed for separate households (see the definition of a household). Remember to enter the same questionnaire number with A, B, C, etc., on additional questionnaires.

INSTRUCTIONS FOR PAGE 2

Next to index number 1, write down the first name of the head of the household to be interviewed. Then (from index number 2 onwards) write down the names of all his household members next to the index numbers.

Fill in all the information required for each person in the appropriate column.

Relationship to head. Fill in wife, daughter, son, grandson, etc., as applicable.

Sex. Fill in 'M' for male and 'F' for female.

Age. Fill in age on last birthday. If the age is not known, give an estimated age.

Marital status. Fill in 'M' for married, 'S' for single, 'W' for widowed, 'D' for divorced.

Occupation. Fill in e.g. labourer, clerk, domestic servant, housewife, scholar, unemployed, child at home, as applicable.

Education. Fill in the highest level of education attained by each person, e.g. none, grades, Std. 6, diploma, BA, etc.

Income. Fill in the gross cash income of all persons in employment, and the amount received by pensioners.

Contribution to household. Fill in the amount contributed to household income. The head and the wife are assumed in all cases to be contributing their whole income to the household.

Religion of household head. Indicate the religion of the household head by making a cross in the relevant square.

Ethnic unit of head (Blacks only). Complete as for religion. 'No ethnic unit' refers to persons formerly passing as Coloureds.

Home language (Coloureds and Indians). Make a cross in the relevant square to indicate the language usually (mostly) spoken in the household.

### INSTRUCTIONS FOR PAGE 3

N.B. This information must be obtained from the persons themselves because other members of the household may not know the exact details.

Turn back to page 2 and pick out all the members of the household who are in employment. Return to page 3 and, opposite 'Index No.' at the top of each column on page 3, enter the index numbers given to such persons on page 2. Fill in the information requested about each of these persons in the vertical columns, i.e. downwards, under their index numbers on these pages. Ask respondents to get exact figures from their latest pay-sheets, if possible.

Employer's activity. Fill in e.g. manufacturing, construction, commerce, medical, public services, provincial administration, government, local authority, etc.

Type of work done for employer. Fill in e.g. labourer, clerk, teacher, etc.

INSTRUCTIONS FOR PAGE 5 INCOME NOT FROM EMPLOYMENT

Some members of the household may earn money from sources listed on page 5. Write in the index numbers of these members at the top of each column. Next fill in the relevant information for each member under his/her index number.

Under the item 'Contributions received from persons not living with the household', specify the items received from any source (family, friends, social welfare, etc.) by each person according to index number and state the number or quantity of items received. All contributions given to younger members of the household are entered as contributions to the household head.

Board and lodging payments are also entered as income of the household head.

## INSTRUCTIONS FOR PAGE 7

### Amenities

Make a cross in the relevant square to indicate the items owned (only those in working order) by the household.

### Vehicles owned

Write in the number of each type of vehicle owned (only those in running order) by the household in the spaces allowed. (Vehicles owned for private use and vehicles owned for business purposes separately, please.) Also ask the date on which each vehicle was bought and how it was bought (cash or HP).

### Vehicles bought

(Only those for private use.) For vehicles bought on credit or hire-purchase (HP), fill in the cash deposit amount if the deposit was paid during the past 12 months. Ask the respondent if instalments are still being paid and fill in the amount in the 'present instalment' column. In the 'value column' fill in the original cost of the vehicle.

For vehicles bought in cash during the past 12 months, fill in the amount paid.

N.B. Only vehicles bought by household members for their own private use and to support or as a gift to other persons not members of this household must be included.

In the column 'where last bought' fill in the codes 1 or 2 or 3, depending on whether the last purchase of the relevant item was made in a shop owned by Blacks or Indians/ Coloureds or Whites.

### GST

In the GST column, make a cross under 'In' if GST is included or under 'Ex' if GST is excluded.

## INSTRUCTIONS FOR PAGE 8

Rented property. If the household lives on rented property, state the sum paid for each applicable item listed under this heading. An amount for 'gas', if any, must only be given if it is paid to the local authority. In cases where water and electricity charges are included in the rent, do not insist on a separation. Just indicate that these items are included in the rent.

Board and lodging. In some cases the selected household may be boarders. State the monthly sum the household pays for board and lodging.

Own property. If the household owns the property on which it resides, indicate in the relevant square whether the property is fully paid or whether it is still being paid off by the household. Write the date on which the property was bought by the household in the square provided. Ask the respondent to give you an estimated market value of the property (what he may get if he sells the property) and state the estimated figure in the space allowed. Also find out from the respondent the amount that might be obtained if the property were rented out to somebody else, and state the amount in the space allowed. State the amount in the case of each applicable expenditure item listed. If sewerage, water and electricity charges are included in the instalment, do not insist on a separation. Just indicate that these items are included in the instalment.

Servants. State the number of full-time and/or part-time servants and the monthly or weekly wages, as applicable. Other expenses on servants include such items as registration fees, doctor's fees paid for servants, etc.

Public transport (work, school and shopping). Find out which members of the household made use of public transport during the past month to travel to work, school or to the shops. Write in such persons' index numbers in the spaces at the top of the columns. Specify the sum spent by each person on the different means of transport during the past month. (Exclude travelling costs to boarding school. (See 'Education'.))

Furniture removal. If furniture was removed for the household during the past month, indicate the cost of transport.

INSTRUCTIONS FOR PAGE 10

Ask the respondent to tell you what durable items (excluding clothing) are owned by members of the household.

Read out the list of items on page 10 to the respondent and tick off those owned.

For each item you tick off, state its date of purchase and how it was bought (i.e. cash, or on hire-purchase/credit).

For cash purchases, fill in the amount paid in the 'cash purchases past 12 months' column and place of purchase (where last bought).

For items bought on credit or hire-purchase, fill in the cash deposit amount if the deposit was paid during the past 12 months. Ask the respondent if instalments are still being paid and fill in the amount in the 'present instalment' column. (Remember to indicate per week/month, etc.)

In the 'value column' fill in the original cost of the item.

N.B. Only items bought by household members for their own use and to support or as a gift to other persons not members of this household must be included.

INSTRUCTIONS FOR PAGE 11

Ask the respondent to tell you what durable items (excluding clothing) are owned by members of the household.  
Read out the list of items on page 11 to the respondent and tick off those owned.

For each item you tick off, state its date of purchase and how it was bought (i.e. cash, or on hire-purchase/credit).

For cash purchases, fill in the amount paid in the 'cash purchases past 12 months' column and place of purchase (where last bought).

For items bought on credit or hire-purchase, fill in the cash deposit amount if the deposit was paid during the past 12 months. Ask the respondent if instalments are still being paid and fill in the amount in the 'present instalment' column. (Remember to indicate per week/month, etc.)

In the 'value column' fill in the original cost of the item.

N.B. Only items bought by household members for their own use and to support or as a gift to other persons not members of this household must be included.

INSTRUCTIONS FOR PAGE 13

Look up the index numbers on page 2 of all the women who are members of the household and fill in the index numbers in the space provided at the top of the column on page 13. (Women are all females older than 17 years.)

Deal with only one woman at a time. Read out the various items of clothing listed and ask her to state which items were bought by her in the past twelve months (cash and credit).

Tick off the items and indicate quantity, value and place of last purchase.

In the column 'bought for persons not members of household' fill in the quantity and total amount spent on each item as support or gift to women not members of the household.

INSTRUCTIONS FOR PAGE 14

Look up the index numbers on page 2 of all the girls who are members of the household and fill in the numbers in the space provided at the top of the column on page 14. (Girls are all females between the ages of 2 and 17 years.)

Deal with only one girl at a time. Read out the various items of clothing listed and ask her to state which items were bought for her in the past twelve months (cash and credit).

Tick off the items and indicate quantity, value and place of last purchase.

In the column 'bought for persons not members of household' fill in the quantity and total amount spent on each item as support or gift to girls not members of the household.

INSTRUCTIONS FOR PAGE 15

Look up the index numbers on page 2 of all the men who are members of the household and fill in the numbers in the space provided at the top of the column on page 15. (Men are all males older than 17 years.)

Deal with only one man at a time. Read out the various items of clothing listed and ask him to state which items were bought by him in the past twelve months (cash and credit).

Tick off the items and indicate quantity, value and place of last purchase.

In the column 'bought for persons not members of household' fill in the quantity and total amount spent on each item as support or gift to men not members of the household.

INSTRUCTIONS FOR PAGE 16

Look up the index numbers on page 2 of all the boys and babies who are members of the household and fill in the numbers in the space provided at the top of the column on page 16. (Boys are all males between the age of 2 and 17 years.)

Baby clothes are for children up to 2 years.

Deal with only one boy or baby at a time. Read out the various items of clothing listed and ask the respondent to state which items were bought for each boy or baby in the past twelve months (cash and credit).

Tick off the items and indicate quantity, value and place of last purchase.

In the column 'bought for persons not members of household' fill in the quantity and total amount spent on each item as support or gift to the boys or babies not members of the household.

## INSTRUCTIONS FOR PAGE 17

Page 17 is concerned with the household's expenditure during the past month or past week on items for its own use and to support or as a gift to other persons not members of the household. Work your way through the items listed, asking the respondent about expenditure on each of them. Also try to find out how much was spent on items falling under 'other' items.

Before completing page 17-20, ask the respondent whether any members of the household went away on holiday during the past 12 months or during weekends in the past month. If so, turn to page 24 and complete holiday expenditure. These expenses must not be duplicated on page 17-20.

The following items must also NOT be included

1. Items bought and not consumed at home (e.g. consumed at cafés, bars, beerhalls. Expenditure on such items must be filled in on page 24).
2. Items bought for business purposes.

Include items bought on credit.

N.B. The past month can be interpreted either as the month preceding the month of the interview or as the 30 days preceding the date of the interview, so long as the expenditure on an item is given for a period of one month.

Past week refers to the week (7 days) preceding the date of the interview.

N.B. Note that livestock bought for slaughter is for past year.

## INSTRUCTIONS FOR PAGE 18

Page 18 is concerned with the household's expenditure during the past month on items for its own use and to support or as a gift to other persons not members of the household. Work your way through the items listed, asking the respondent about expenditure on each of them. Also try to find out how much was spent on items falling under 'other' items.

Before completing page 17-20, ask the respondent whether any members of the household went away on holiday during the past 12 months or during weekends in the past month. If so, turn to page 24 and complete holiday expenditure. These expenses must not be duplicated on page 17-20.

The following items must NOT be included

1. Items bought and not consumed at home (e.g. consumed at cafés, bars, beerhalls. Expenditure on such items must be filled in on page 24).
2. Items bought for business purposes.

Include items bought on credit.

N.B. The past month can be interpreted either as the month preceding the month of the interview or as the 30 days preceding the date of the interview, so long as the expenditure on an item is given for a period of one month.

## INSTRUCTIONS FOR PAGE 19

Page 19 is concerned with the household's expenditure during the past month /past week on items for its own use and to support or as a gift to other persons not members of the household. Work your way through the items listed asking the respondent about expenditure on each of them. Also try to find out how much was spent on items falling under 'other' items.

Before completing page 17-20, ask the respondent whether any members of the household went away on holiday during the past 12 months or during weekends in the past month. If so, turn to page 24 and complete holiday expenditure. These expenses must not be duplicated on page 17-20.

The following items must NOT be included:

1. Items bought and not consumed at home (e.g. consumed at cafés, bars, beerhalls. Expenditure on such items must be filled in on page 24).
2. Items bought for business purposes.

Include items bought on credit.

N.B. Past month can be interpreted either as the month preceding the month of the interview or as the 30 days preceding the date of the interview, so long as the expenditure on an item is given for a period of one month.

Past week refers to the week (7 days) preceding the date of the interview.

## INSTRUCTIONS FOR PAGE 21

Page 21 is concerned with the household's expenditure during the past month on items for its own use and to support or as a gift to other persons not members of the household. Work your way through the items listed, asking the respondent about expenditure on each of them. Also try to find out how much was spent on items falling under 'other' items.

The following items must NOT be included:

1. Items bought and not consumed at home (e.g. consumed at cafés, bars, beerhalls. Expenditure on such items must be filled in on page 24.)
2. Items bought for business purposes.

Include items bought on credit.

N.B. The past month can be interpreted either as the month preceding the month of the interview or as the 30 days preceding the date of the interview, so long as the expenditure on an item is given for a period of one month.

### NOTE

In the case of alcoholic beverages and cigarettes, question all members over 16 years of age in the household individually in order to get complete information on these items. If some members consume these items without the knowledge of the respondent, the information obtained on these items may be incomplete. Use the blank space below the table (alcoholic beverages) on table 21 to give details for individual drinkers and smokers, using their index numbers (page 1).

### ALCOHOLIC BEVERAGES

Find out whether any members of the household bought alcoholic beverages while on holiday during the past 12 months or weekends away from home in the past month. If so, turn to page 24 and fill in 'holiday expenditure'. These expenses must not be duplicated on page 21.

## INSTRUCTIONS FOR PAGE 23

On page 23 you have to establish the household's expenditure during the past month or past year on items for its own use and to support or as a gift to other persons not members of the household. Work your way down the page, asking the respondent about every item listed. Also try to establish expenditure on items falling in a certain main group, but not listed.

Remember that:

Items bought for business purposes must NOT be included.

Include items bought on credit.

Remember to indicate where the item was last bought.

N.B. The past month can be interpreted either as the month preceding the month of the interview or the date of the interview 30 days back. Whatever interpretation is taken it is still important that expenditure on an item must be given for a period of one month.

The past year refers to the 12 months before the date of interview.

## INSTRUCTIONS FOR PAGE 24

### ALCOHOLIC BEVERAGES

In the space next to the expenditure table enter the index number of the first person who has consumed alcoholic drinks in bars, beerhalls and shebeens during the past week. Specify the kind of drinks bought and the amount spent. Do the same for all household members who have consumed alcoholic drinks in bars, beerhalls and shebeens during the past week.

Snacks' consumed at canteens, cafés, restaurants, hotels, coffee-carts, beerhalls, fish and chips shops, etc.

Complete as for alcoholic beverages.

### CASH

Contributions for support of persons not members of the household. Fill in to whom such money was given or sent, the amount in the past 12 months and where it was sent to.

### HOLIDAYS

If members of the household were away on holiday for longer than a weekend during the past 12 months, ask the respondent what amount was spent on the items listed under Heading A in the Table. Indicate the approximate sum spent on each of these items in the relevant column and whether persons spent their holiday inside the area (but away from home) or outside the area in which the household resides. Be careful not to duplicate food items, i.e. a food item stated here must not be among food expenditure items earlier in the questionnaire.

If any of the members of the household were away from home for a weekend during the past month, find out what sum was spent on the items listed under Heading B in the table and indicate the sum spent on each of these items in the amount column. Also indicate where members went for the weekend(s).

Instructions for this page

Ask the respondent which of the items listed on this page were bought by members of the household during the past 12 months and given to other persons (not members of the household) in this area or sent or taken out of this area.

Fill in the total price of such items and make a cross in the relevant column to indicate where it was given, sent or taken to.

Fill in the district or homeland where most of these goods and cash were sent or taken to.

Thank you very much for taking part in the survey.

As a token of appreciation, ten multiple households will receive R400 and five single households will receive R150 at the end of the survey. Selection will be based on cooperation and completeness of the questionnaire. You may be one of the lucky respondents who will be informed personally and whose names will be published in local newspapers.

I hereby certify that I have given my full cooperation in completing the questionnaire.
