

## **Data Use Agreement Form**

### **Global Scaling Up Sanitation & Handwashing Projects Baseline**

I \_\_\_\_\_, (“the Researcher”) agree to the following conditions for the use of data supplied by the Water and Sanitation Program (WSP):

1. The data supplied by the Water and Sanitation Program will be used solely by the Researcher for the purposes described in here and will not be made available to other organizations or individuals. The researcher may not pass the data to third parties. Other organizations or individuals must request the data directly from Water and Sanitation Program.
2. Publications, presentations, and manuscripts produced by the Researcher that are based entirely or in part on data supplied by the Water and Sanitation Program will cite the Water and Sanitation Program as the source of the information and will include the following paragraphs in all publications:

The data in this report were collected through research conducted by the Water and Sanitation Program’s Global Scaling Up Sanitation and Handwashing Projects. Both projects are funded by the Water and Sanitation Program and the Bill & Melinda Gates Foundation. For more information, please visit [www.wsp.org/scalinguphandwashing](http://www.wsp.org/scalinguphandwashing), [www.wsp.org/scalingupsanitation](http://www.wsp.org/scalingupsanitation), or send an email to [wsp@worldbank.org](mailto:wsp@worldbank.org).

WSP is a multi-donor partnership created in 1978 and administered by the World Bank to support poor people in obtaining affordable, safe, and sustainable access to water and sanitation services. WSP’s donors include Australia, Austria, Canada, Denmark, Finland, France, the Bill & Melinda Gates Foundation, Ireland, Luxembourg, Netherlands, Norway, Sweden, Switzerland, United Kingdom, United States, and the World Bank. The findings, interpretations, and conclusions expressed in this paper are entirely those of the authors. They do not necessarily represent the views of the Water and Sanitation Program, the World Bank and its affiliated organizations, or those of the Executive Directors of the World Bank or the governments they represent.

3. The World Bank and the Water and Sanitation Program assume no responsibility for the estimations reported by the analyst(s).

4. Data supplied by the Water and Sanitation Program and the database cannot be used for commercial ends, nor can they be sold.
5. Three copies (one digital and two hard copy) of all publications based entirely or in part upon data supplied by the Water and Sanitation Program, including but not limited to conference papers, research reports, and presentations, will be sent to:
