PART II: AGRICULTURE

SECTION 1: LAND AND ITS USE

We would like to ask some questions about all the land used by your beteseb during the last year. Please include land you are cultivating that belongs to other households. First, we would like to know how many plots were cultivated by your beteseb during the last season (ye-kiremt/ye-meher). Then, list all the plots you cultivated during the Belg of last year. [If the same plot was used during the Meher and the Belg, do not list the Belg land as a separate plot.] Then, list all plots used for grazing livestock. Finally, list land left fallow during the whole year. DO NOT INCLUDE LAND GIVEN IN USE TO OTHER HOUSEHOLDS. If land is used for growing grass for fodder by the beteseb, include this land as cultivated land. When listing the plots, begin with those owned and cultivated, then those leased in from other households for cultivation.

SECTION 2: INPUTS - FOR HOUSEHOLDS WHO ARE NOT SHARETENANTS

If the beteseb is sharecropping some land, these questions should not be asked. This is irrespective of whether these sharetenants also have some land of their own. Instead, go to the next section (section 3).

The questions refer to all the land on which crops were harvested during the last Meher. The input questions refer to all crops as a whole. Detailed information on inputs on specific crops is not needed. First, ask all the questions in the following box about ploughing, then about weeding and finally about harvesting.

	1 How many times did you do this activity?	Were any members of other households involved in the activity as part of a traditional labour sharing agreement?					If no labour sharing <u>or</u> apart from working with the work group, were any members of your household involved in ..[.]...? 14. We want to ask you some further questions about the use of inputs for the production of crops during the last Meher season. We simply want totals for all crops.

	15 Did you pay any CASH to other households as rent for the use of land?			16 Did you use any manure from your household's herd on your fields?			17 Did you purchase any fertiliser for use on your fields?					18 Did you have any other expenses associated with crop production and the sale of crops, such as for seed, plants, transport, tools, etc.

SECTION 3: INPUTS - FOR SHARETENANTS

These questions are ONLY for those households who sharecropped, including those who also have cultivated some land of their own. This means if the household cultivated some as a sharetenant, the following questions should be asked.

The input questions refer ONLY TO THE INPUTS FOR CROPS HARVESTED DURING THE LAST MEHER SEASON.

To start, a series of labour input questions will be asked. First, answers will be expected on the land owned by household. Then, questions on labour input will be asked for the sharecropped land.

1. Can you please tell us about the labour you used on your **OWN LAND**, excluding any sharecropped land.
