Note:=Please, note that p.13 needs attention, due to the variations in land use and climate (meher/belg use of land). For fallow and grazing lands, the area is recorded but nothing should be filled in the adjacent column for crop (thus the sum of area of land under Q.9, should be equal to the area of land under Q.5). The use of plots is given in page 14. Make sure if the instruction has been observed strictly.

PART II: AGRICULTURE

SECTION 1A: LAND AND ITS USE: QUALITY OF LAND AND CROPS GROWN

We would like to ask some questions about all the land used by your beteseb during the last 12 months. We would like to know anything that has changed. Please include land you are cultivating that belongs to other households, or land left fallow or used for grazing.

1. During the last 12 months, have you been cultivating the same number of plots as the preceding year?

THE SAME NUMBER.....1 * +))))))
 DIFFERENT NUMBER.....2 .))))))-

2. During the last 12 months, have you grown any different crops, or changed the area grown with any crop, compared to the preceding year?

DIFFERENCES.....1 * +))))))
 NO DIFFERENCES.....2 .))))))-

Give details about the plots cultivated during the last 12 months. First mention the plots cultivated during the last Meher. Then mention all plots cultivated during the Belg. If some plots were cultivated during both the (equivalent of) Meher and Belg, mention them as one plot. Plots with permanent crops are cultivated during both Belg and Meher. If they were cultivated with different crops during each season, leave then one line open. On the line with the details about the plot, give the crops cultivated during the Meher in Q10 and the crops cultivated during the Belg in the following line. Mention also land used exclusively for livestock or left fallow during the last 12 months. A plot belongs to the same parcel if it is physically connected, and is not separated by a natural obstacle or by land from another farmer.

3 P L O T N O	4 P A R C E L N O	5 Plot Size		6 Is the land Lem, Lem-teuf or teuf land? code (b)	7 Slope of the plot? Medda, dagath- ama or geddel? code (c)	9 Please list the area allocated to each of the crops planted on this plot. IF THE LAND IS INTERCROPPED, THEN THE TOTAL AREA SHOULD BE DIVIDED BY THE NUMBER OF CROPS GROWN ON THE PLOT. FOR PLOTS USED BOTH IN BELG AND IN MEHER, GIVE THE MOST RECENT CROP GROWN ON THE PLOT ON THE FIRST LINE, AND THE CROP DURING BELG ON THE NEXT LINE (UNDERNEATH). Crop codes: (e); under area give area planted with that crop. I-CROP=INTERCROPPED

SECTION 1C: LAND AND ITS USE: TREES AND CHAT

1. Does the household grow tree crops? Yes ... 1; No ... 2 go the next section.

Can we ask you about your tree and permanent crops. FOR CHAT USE THE NEXT BOX!

FOR THE QUESTIONS ASKING FOR 'PART OF YOUR TREES' WRITE THE PROPORTION AS A FRACTION OF THE NUMBER OF PLANTINGS, FOR EXAMPLE 1/3, 3/4, ETC. IF NONE, WRITE 0/0. IF ALL WRITE 1/1. IF THE ANSWER IS GIVEN AS A NUMBER OF TREES, WRITE THE ANSWER IN THE NUMERATOR AND THE TOTAL NUMBER OF TREES ON THE FARM IN THE DENOMINATOR OF QUESTIONS 14, 15 AND 16

Crop Code (a)	2 How many of ..[..].. plants or trees does the farm have?	3 When did you last plant any ..[..].. plants or trees		4 What part of your ..[..].. is too young to produce?	5 What fraction of your ..[..].. is in full production?	6 What fraction of your ..[..].. is so old that it is no longer in full production?

SECTION 4: AGRICULTURAL INPUT EXPENDITURES

We would like to ask you some questions about expenses related to inputs into crop agriculture during the last completed Meher season and the preceding Belg. For permanent crops, if there is only one harvest, give the total expenditure of each item for the last harvest in the table related to 'Meher'. If there are two harvests per year for the permanent crop, give first the costs related to the largest harvest in the 'Meher' table and then those related to the second harvest in the next box. If more than two harvests take place or if the crop is harvested continuously throughout the year, give the total expenses on inputs for the last 12 months in the 'Meher' table.

During the LAST (completed) MEHER, has the household incurred any expenses related to inputs for crop agriculture, including for the hiring of labour? Please give details.

SECTION 8: EVENTS DURING THE LAST KIREMT SEASON

Please think back at the last main rainy season (Kiremt). We would like to know whether any of the following events happened to you which affected the growth of your crops and the harvest. These questions should be asked to all farmers who harvest during the Meher season, AND ALL FARMERS WHO GROW PERMANENT CROPS; and any other farmers for whom these rains can be relevant.

Permanent crop growers should be asked in general about the growing season preceding the last main harvest. If the crop is continuously harvested, ask for a general assessment of the last growing season. When referring to 'Kiremt', interpret this for the permanent crop growers as the main rains.

Space is provided to qualify answers if needed.

SECTION 13: 24-HOUR TIME ALLOCATION OF HEAD OF HOUSEHOLD

Ask respondent to tell you about all her activities the previous day including time spent eating, resting, relaxing, etc. If answer to amount of time is "I don't know", try to probe by asking when the activity took place, e.g., was it before sunrise, at sunrise, noon, sunset (or other useful indicators). Also, try to estimate the amount of time spent on activity in terms of another activity, the duration of which we can estimate. E.g., ask respondent whether he/she will have completed this activity in the time it takes one to boil one kettle of water or smoke one cigarette or walk to some known distance, etc. Complete columns 1-3 first before asking about secondary activities. To proceed, ask e.g. "While making coffee (primary activity) were you doing other things?"
