info_note1	<p>ENUMERATOR: Please introduce yourself and the survey as you have learned. This text can help you:</p> <p>START TO READ ALOUD: We would like to invite you to take part in the research on the "SURE-P Maternal and Child Health Initiative in Nigeria". The purpose of this study is to improve the delivery of maternal and child health, with the ultimate aim to reduce infant and maternal morbidity and mortality in Nigeria. You and all the other midwives of this Primary Health Centre have been chosen to participate in this research because this Primary Health Centre has fulfilled the eligibility criteria of the SURE-P program. Your participation in this research will consist on answering a set of questions about your employment, your economic conditions, your education, your preferences, as well as questions on the health facility's equipment and human resources. If you choose to participate, you will enter in a lottery together with the other midwives of this facility that agree to participate. If you are lucky, you might be given a monetary retention bonus and/or an in-kind incentive for every three months that you stay in your post. You are at liberty not to answer any questions that you feel uncomfortable with or to withdraw from the study at any time, or to withdraw any data that you might have already provided without providing an explanation. Withdrawing from the study will not affect any future benefits, care, education or employment possibilities in the future. The Information that you provide will be confidential and might be made available to other researchers for related studies to this one but only in a fully anonymized way and only for the purpose of research. This research has been approved by the National Health Research Ethics Committee, approval number NHREC/01/01/2007, valid from February 2, 2013 to February 1, 2014 and The Ethics Committee of University College London 1827/004. If you have any questions about this research or your rights as research participant, you should address them to: Dr. Sidi-Ali Imam Mohammed MCH/SURE-P NPHCDA 1, Mubi Close, Area 11, Garki e-mail: sidialimohammed@yahoo.com Tel. +234-8031973001 NHREC Administrative Officer Department of Health Planning and Research, Federal Ministry of Health PMB 083, Abuja +234 80 6547 9926 yaminads@yahoo.com</p> <p>If the respondent is suspicious, please emphasize that we are independent, data will be held confidentially, and analyzed anonymously.</p>																			
info_note2	<p>ENUMERATOR PLEASE READ THE CONSENT FORM: Name of Midwife: .....</p> <p>I consent and agree to participate in the research being conducted on the "SURE-P Maternal and Child Health Initiative in Nigeria". note_3	Section 3 - Job attributes game - Midwives Practice		
note_3aa	Now, we are going to talk about how important different aspects of your job are. Please take time to explain this to the respondent. ENUMERATOR, LAY THE LABELS ON A FLAT SURFACE AND GIVE THE 20 BEANS TO THE MIDWIFE.		
Questionnaire > Section 3.1 - Job attributes game			
Questionnaire > Section 3.1 - Job attributes game > table_list_30			
generated_table_list_label_117	3.1.1 On the table are labels describing attributes of your current job as a midwife. I would like you to convey how important the attributes are for you. I will now give you 20 beans. The more beans you put on top of each label, the more important that attribute is for you. You can leave labels without beans, you can put all the beans on one label, or you can distribute them as you wish.		
table_list_30_1 (required)	Stable job and Income

note_11aa	<p>ENUMERATOR: Now we are going to do another exercise that involves real money. As before, this money comes from my independent research company and does not come from the government. I will ask you to choose between receiving some money now, or receiving more money later. As before, the money in this exercise is REAL. You will receive an amount that depends on your choices, and also on luck. No matter what, you will win something in this game, and you cannot lose any money. Please take these beans. Each of them is worth ₦500, and there are 12 beans, so in total these are worth ₦6,000. I would like you to split the 12 beans between two time periods: "NOW" and "FUTURE". For every 1 bean that you put in "NOW", ₦500 will be transferred into your bank account in 1 week's time. For every 1 bean that you put in "FUTURE", an amount greater than ₦500 will be transferred into your bank account in 30 days. How much greater depends on the interest rate.</p> <p>ENUMERATOR, LAY THE DISHES ON A FLAT SURFACE AND GIVE THE 12 BEANS TO THE MIDWIFE.</p>											
note_11ab	<p>ENUMERATOR: The interest rate is the extra amount that you get for waiting longer to receive your money. We will carry out this exercise with different interest rates: 5%, 10%, 25%, 50% and 100%. The higher the interest rate, the more each bean is worth: - Interest rate: 5% □ value of 1 bean is ₦525 - Interest rate: 10% □ value of 1 bean is ₦550 - Interest rate: 25% □ value of 1 bean is ₦625 - Interest rate: 50% □ value of bean is ₦750 - Interest rate: 100% □ value of bean is ₦1000 There are three very important things for you to remember in this exercise. First, a bean placed in "FUTURE" is worth more than a bean placed in "NOW".</p>											

	Second, how much more depends on the interest rate. Third, the higher the interest rate, the more each bean placed in "FUTURE" is worth. The interest rate does not affect the value of beans placed in "NOW." ENUMERATOR: SHOW THE SCREEN TO THE RESPONDENT TO SHOW HOW THE VALUE OF EACH BEAN INCREASES AS THE INTEREST RATE GOES UP					
Questionnaire > Section 11 - Time Preference Game						
note_11_1	Let us consider an interest rate of 5%. I am going to ask you to please split your 12 beans between Dish A (now) and Dish B (future). One bean allocated to dish A corresponds to ₦500 paid tomorrow in your bank account. One bean allocated to dish B corresponds to more money: ₦525 paid into your bank account in 30 days. note_14	Section 14 - Midwifery Courses Game		
note_14a	Now, we are going to talk about preferences over midwifery courses ENUMERATOR, LAY THE LABELS ON A FLAT SURFACE (EACH BEARING THE NAME OF A MIDWIFERY COURSE) AND GIVE THE 20 BEANS TO THE MIDWIFE. Labels should be positioned in random sequence and in a circular fashion, as shown in the MANUAL		
Questionnaire > Section 14 - Midwifery Courses Game			
Questionnaire > Section 14 - Midwifery Courses Game > table_list_14			
generated_table_list_label_609	14.1 These labels bear the names of 5 courses that many midwives take during their studies. Imagine that, instead of being an already qualified midwife, you were about to begin your midwifery studies right now. I would like you show us how much you would enjoy studying these courses by distribute these 20 beans between their respective labels: the more beans you put on a course the more you think that you would enjoy studying it. For example, if you put 4 beans on a course and only 3 beans on a second one, this indicates that would enjoy more studying the first course than the second one. You can leave labels without beans, you can put all the beans on one label, or you can distribute them as you wish.
