**Informed consent:**

I am ....., from BRAC which is an NGO. We are going to conduct a research project in your locality. Our goal is to collect information from sampled households including your house with a broad objective of developing a program for the adolescent girls in your locality. Under this research project, we will record information on demography, social issues and your expectations about your children. We will want to know detailed information about each member of your family and especially about the younger members. We would also like to collect information about one of the adolescent girls in your household and for this would like to interview her for her own planning about her life. The information you give us is completely voluntary. We would like to inform you that you can stop giving information at any point of time. The information you provide will be used only for research purpose and you will neither benefit nor lose anything for your participation. Feel free to continue with your normal activities during our interview. The interview will take about 1:30 hours. Do you agree to provide information?
