

## World Bank Group Country Survey FY15 – Bahrain

The World Bank Group is interested in gauging the views of clients and partners who are either involved in the ongoing program of assistance to Bahrain or who observe activities related to social and economic development. The following survey will give the World Bank Group’s team that works in Bahrain greater insight into how the Bank’s work is perceived. This is one tool the World Bank Group uses to assess the views of its stakeholders, and to develop more effective strategies that support social and economic development in Bahrain.

A local independent firm has been hired to oversee the logistics of this survey. This ensures anonymity and confidentiality. We hope you’ll be candid.

Finally, the survey relates to the World Bank Group’s work. The World Bank is an international organization focused on social and economic development. The World Bank Group consists of the International Bank for Reconstruction and Development (IBRD), the International Development Association (IDA), International Finance Corporation (IFC), the Multilateral Investment Guarantee Agency (MIGA), and the International Center for Settlement of Investment Disputes (ICSID). When responding to the survey, please consider the area of the World Bank Group with which you are most familiar. If you are not familiar with any of these the World Bank Group agencies, you will have an opportunity to indicate so.
