**INTERVIEWER: READ THE FOLLOWING**

Good morning/afternoon/evening, my name is [NAME OF INTERVIEWER] and I work for Synovate Uganda. We have been commissioned by the World Bank in collaboration with the Catholic University of Bukavu, to conduct a survey of traders in Goma and Bukavu. The purpose of the survey is to understand the constraints and opportunities for cross border trade between the Eastern DRC and Rwanda. This study will help in the design a pilot project to improve the conditions of cross-border trade in the Great Lakes region. Additionally, the information from this questionnaire will be compared to information collected after the implementation of the project to analyze the impact that the project might have had in the lives of traders.

**Rest assured that all the information you provide to us will remain confidential.** The reports that the World Bank will prepare using this data will not identify the information of individual traders, so your name will not be mentioned in any study done by the World Bank or the Catholic University of Bukavu.
