## Consent

### CONVEY THE FOLLOWING INFORMATION TO THE RESPONDENT:

I am ..... from survey firm “Data Analysis and Technical Assistance (DATA)” , working on behalf of the World Bank (show the letter from World Bank).

DATA along with the World Bank is conducting a study to understand poverty dynamics of households living in low-income areas in the Dhaka City Corporation. In this survey we will gather information on livelihoods, housing conditions, access to basic services, and consumption of food, non-food, and durables. The responses that your household and other surveyed households provide will be used to inform the Government of Bangladesh to design better policies to improve livelihoods and access to services for people living in low-income areas in cities of Bangladesh.

Your household has been selected to be interviewed randomly from a list of households in this neighborhood. There was no specific reason why your household was specifically chosen and all households in this area had the same chances of being selected.

I would like to ask questions to you as the head of household or to a senior member of the household. I will also later need to ask questions to or about other household members. I will visit your household 7 alternative days starting today during the next 15 days. In each visit, the interview will take around one hour to be completed. All your answers will be kept strictly confidential and will be exclusively used for research purposes.

Before I start, do you have any questions or is there anything which I have said on which you would like any further clarification? May I proceed with interviewing you and your household members?

The researcher read to me orally the consent form and explained to me and I agreed to take part in this research. I understand that I am free to discontinue participation at any time if I so choose, and that the investigator will gladly answer any question that arise during the course of the interview.

If you have any questions regarding this survey, you can communicate with Md. Mahbubur Rashid or Ms Monica Yanez Pagans, at the following contact:
