## DEFINITIONS/INSTRUCTIONS

*Enumerator: please fill out this survey with the **HOUSEHOLD HEAD** and their **SPOUSE** in attendance. If only one of these people are available at the time of the first visit then please fill out the sections that can be answered by that individual but reschedule a second visit for when the other is in attendance to complete the survey at a later time.*

### **BRIEF DEFINITION OF A HOUSEHOLD:**

1. A household is a group of people who have usually slept in the same dwelling and share their meals together. Examples of households are:

- A household consisting of a man and his wife/wives and children, father/mother, nephew and other relatives.

- A household consisting of a single person

- A household consisting of a couple or several couples with or without children.

2. All listed persons that have been away from the household for more than six months are not considered to be household members except:

- The person identified as the head of household even if he or she has not been with the household for more than 6 months

- Newly born children (or newly adopted)

- Students and seasonal workers who have not been living in or as part of another household

- New spouses
