C. DOMESTIC TOURISM												
I would now like you to think about trips that you and other members of your household have taken in Lesotho over the last three months. A domestic trip is one that is to a place that is 40 kilometres or more, or takes 30 minutes or more to reach by car or bus. Do not include any trips to places that you or a member of your household travel to regularly, that is once a week or more often.												
The trip can be for just a day, or for one night or more, but no more than 90 nights.
