## Instructions for filling in this form:

- This is a list of all children that are visited as part of the CB-CCT program evaluation. The children listed are not necessarily studying at this school.
- Each row corresponds to one child and lists the name, expected age, sex and name of household head for this child. The actual age of the child may be older or younger than the age displayed.
- Identify each child and fill in the answers for each child:
  - CLASS: Is the child studying in this school and in which school grade was he/she in MAY 2012? If the child is not a student at your school write NA, if the child was in pre-preprimary write P0. For P-P7, write P1, P2, P3, P4, P5, P6, P7.
  - SCHOOL DAYS: In MAY 2012, how many schooling days were there for the class this child goes to? Refer to the school attendance book.
  - ABSENT DAYS: Out of all the schooling days in May 2012, how many days the child did not attend school? Refer to the school attendance book.

### Instructions for filling in this form:

- This is a list of all children that are visited as part of the CB-CCT program evaluation. The children listed are not necessarily studying at this school.
- Each row corresponds to one child and lists the name, expected age, sex and name of household head for this child. The actual age of the child may be older or younger than the age displayed.
- Identify each child and fill in the answers for each child:
  - CLASS: Is the child studying in this school and in which school grade was he/she in MAY 2012? If the child is not a student at your school write NA, if the child was in pre-preprimary write P0. For P-P7, write P1, P2, P3, P4, P5, P6, P7.
  - SCHOOL DAYS: In MAY 2012, how many schooling days were there for the class this child goes to? Refer to the school attendance book.
  - ABSENT DAYS: Out of all the schooling days in May 2012, how many days the child did not attend school? Refer to the school attendance book.

## Instructions for filling in this form:

- This is a list of all children that are visited as part of the CB-CCT program evaluation. The children listed are not necessarily studying at this school.
- Each row corresponds to one child and lists the name, expected age, sex and name of household head for this child. The actual age of the child may be older or younger than the age displayed.
- Identify each child and fill in the answers for each child:
  - CLASS: Is the child studying in this school and in which school grade was he/she in MAY 2012? If the child is not a student at your school write NA, if the child was in pre-preprimary write P0. For P-P7, write P1, P2, P3, P4, P5, P6, P7.
  - SCHOOL DAYS: In MAY 2012, how many schooling days were there for the class this child goes to? Refer to the school attendance book.
  - ABSENT DAYS: Out of all the schooling days in May 2012, how many days the child did not attend school? Refer to the school attendance book.

## Instructions for filling in this form:

- This is a list of all children that are visited as part of the CB-CCT program evaluation. The children listed are not necessarily studying at this school.
- Each row corresponds to one child and lists the name, expected age, sex and name of household head for this child. The actual age of the child may be older or younger than the age displayed.
- Identify each child and fill in the answers for each child:
  - CLASS: Is the child studying in this school and in which school grade was he/she in MAY 2012? If the child is not a student at your school write NA, if the child was in pre-preprimary write P0. For P-P7, write P1, P2, P3, P4, P5, P6, P7.
  - SCHOOL DAYS: In MAY 2012, how many schooling days were there for the class this child goes to? Refer to the school attendance book.
  - ABSENT DAYS: Out of all the schooling days in May 2012, how many days the child did not attend school? Refer to the school attendance book.

## Instructions for filling in this form:

- This is a list of all children that are visited as part of the CB-CCT program evaluation. The children listed are not necessarily studying at this school.
- Each row corresponds to one child and lists the name, expected age, sex and name of household head for this child. The actual age of the child may be older or younger than the age displayed.
- Identify each child and fill in the answers for each child:
  - CLASS: Is the child studying in this school and in which school grade was he/she in MAY 2012? If the child is not a student at your school write NA, if the child was in pre-preprimary write P0. For P-P7, write P1, P2, P3, P4, P5, P6, P7.
  - SCHOOL DAYS: In MAY 2012, how many schooling days were there for the class this child goes to? Refer to the school attendance book.
  - ABSENT DAYS: Out of all the schooling days in May 2012, how many days the child did not attend school? Refer to the school attendance book.

## Instructions for filling in this form:

- This is a list of all children that are visited as part of the CB-CCT program evaluation. The children listed are not necessarily studying at this school.
- Each row corresponds to one child and lists the name, expected age, sex and name of household head for this child. The actual age of the child may be older or younger than the age displayed.
- Identify each child and fill in the answers for each child:
  - CLASS: Is the child studying in this school and in which school grade was he/she in MAY 2012? If the child is not a student at your school write NA, if the child was in pre-preprimary write P0. For P-P7, write P1, P2, P3, P4, P5, P6, P7.
  - SCHOOL DAYS: In MAY 2012, how many schooling days were there for the class this child goes to? Refer to the school attendance book.
  - ABSENT DAYS: Out of all the schooling days in May 2012, how many days the child did not attend school? Refer to the school attendance book.

## Instructions for filling in this form:

- This is a list of all children that are visited as part of the CB-CCT program evaluation. The children listed are not necessarily studying at this school.
- Each row corresponds to one child and lists the name, expected age, sex and name of household head for this child. The actual age of the child may be older or younger than the age displayed.
- Identify each child and fill in the answers for each child:
  - CLASS: Is the child studying in this school and in which school grade was he/she in MAY 2012? If the child is not a student at your school write NA, if the child was in pre-preprimary write P0. For P-P7, write P1, P2, P3, P4, P5, P6, P7.
  - SCHOOL DAYS: In MAY 2012, how many schooling days were there for the class this child goes to? Refer to the school attendance book.
  - ABSENT DAYS: Out of all the schooling days in May 2012, how many days the child did not attend school? Refer to the school attendance book.

### Instructions for filling in this form:

- This is a list of all children that are visited as part of the CB-CCT program evaluation. The children listed are not necessarily studying at this school.
- Each row corresponds to one child and lists the name, expected age, sex and name of household head for this child. The actual age of the child may be older or younger than the age displayed.
- Identify each child and fill in the answers for each child:
  - CLASS: Is the child studying in this school and in which school grade was he/she in MAY 2012? If the child is not a student at your school write NA, if the child was in pre-preprimary write P0. For P-P7, write P1, P2, P3, P4, P5, P6, P7.
  - SCHOOL DAYS: In MAY 2012, how many schooling days were there for the class this child goes to? Refer to the school attendance book.
  - ABSENT DAYS: Out of all the schooling days in May 2012, how many days the child did not attend school? Refer to the school attendance book.

## Instructions for filling in this form:

- This is a list of all children that are visited as part of the CB-CCT program evaluation. The children listed are not necessarily studying at this school.
- Each row corresponds to one child and lists the name, expected age, sex and name of household head for this child. The actual age of the child may be older or younger than the age displayed.
- Identify each child and fill in the answers for each child:
  - CLASS: Is the child studying in this school and in which school grade was he/she in MAY 2012? If the child is not a student at your school write NA, if the child was in pre-preprimary write P0. For P-P7, write P1, P2, P3, P4, P5, P6, P7.
  - SCHOOL DAYS: In MAY 2012, how many schooling days were there for the class this child goes to? Refer to the school attendance book.
  - ABSENT DAYS: Out of all the schooling days in May 2012, how many days the child did not attend school? Refer to the school attendance book.

## Instructions for filling in this form:

- This is a list of all children that are visited as part of the CB-CCT program evaluation. The children listed are not necessarily studying at this school.
- Each row corresponds to one child and lists the name, expected age, sex and name of household head for this child. The actual age of the child may be older or younger than the age displayed.
- Identify each child and fill in the answers for each child:
  - CLASS: Is the child studying in this school and in which school grade was he/she in MAY 2012? If the child is not a student at your school write NA, if the child was in pre-preprimary write P0. For P-P7, write P1, P2, P3, P4, P5, P6, P7.
  - SCHOOL DAYS: In MAY 2012, how many schooling days were there for the class this child goes to? Refer to the school attendance book.
  - ABSENT DAYS: Out of all the schooling days in May 2012, how many days the child did not attend school? Refer to the school attendance book.

## Instructions for filling in this form:

- This is a list of all children that are visited as part of the CB-CCT program evaluation. The children listed are not necessarily studying at this school.
- Each row corresponds to one child and lists the name, expected age, sex and name of household head for this child. The actual age of the child may be older or younger than the age displayed.
- Identify each child and fill in the answers for each child:
  - CLASS: Is the child studying in this school and in which school grade was he/she in MAY 2012? If the child is not a student at your school write NA, if the child was in pre-preprimary write P0. For P-P7, write P1, P2, P3, P4, P5, P6, P7.
  - SCHOOL DAYS: In MAY 2012, how many schooling days were there for the class this child goes to? Refer to the school attendance book.
  - ABSENT DAYS: Out of all the schooling days in May 2012, how many days the child did not attend school? Refer to the school attendance book.

### Instructions for filling in this form:

- This is a list of all children that are visited as part of the CB-CCT program evaluation. The children listed are not necessarily studying at this school.
- Each row corresponds to one child and lists the name, expected age, sex and name of household head for this child. The actual age of the child may be older or younger than the age displayed.
- Identify each child and fill in the answers for each child:
  - CLASS: Is the child studying in this school and in which school grade was he/she in MAY 2012? If the child is not a student at your school write NA, if the child was in pre-preprimary write P0. For P-P7, write P1, P2, P3, P4, P5, P6, P7.
  - SCHOOL DAYS: In MAY 2012, how many schooling days were there for the class this child goes to? Refer to the school attendance book.
  - ABSENT DAYS: Out of all the schooling days in May 2012, how many days the child did not attend school? Refer to the school attendance book.

## Instructions for filling in this form:

- This is a list of all children that are visited as part of the CB-CCT program evaluation. The children listed are not necessarily studying at this school.
- Each row corresponds to one child and lists the name, expected age, sex and name of household head for this child. The actual age of the child may be older or younger than the age displayed.
- Identify each child and fill in the answers for each child:
  - CLASS: Is the child studying in this school and in which school grade was he/she in MAY 2012? If the child is not a student at your school write NA, if the child was in pre-preprimary write P0. For P-P7, write P1, P2, P3, P4, P5, P6, P7.
  - SCHOOL DAYS: In MAY 2012, how many schooling days were there for the class this child goes to? Refer to the school attendance book.
  - ABSENT DAYS: Out of all the schooling days in May 2012, how many days the child did not attend school? Refer to the school attendance book.

### Instructions for filling in this form:

- This is a list of all children that are visited as part of the CB-CCT program evaluation. The children listed are not necessarily studying at this school.
- Each row corresponds to one child and lists the name, expected age, sex and name of household head for this child. The actual age of the child may be older or younger than the age displayed.
- Identify each child and fill in the answers for each child:
  - CLASS: Is the child studying in this school and in which school grade was he/she in MAY 2012? If the child is not a student at your school write NA, if the child was in pre-preprimary write P0. For P-P7, write P1, P2, P3, P4, P5, P6, P7.
  - SCHOOL DAYS: In MAY 2012, how many schooling days were there for the class this child goes to? Refer to the school attendance book.
  - ABSENT DAYS: Out of all the schooling days in May 2012, how many days the child did not attend school? Refer to the school attendance book.

## Instructions for filling in this form:

- This is a list of all children that are visited as part of the CB-CCT program evaluation. The children listed are not necessarily studying at this school.
- Each row corresponds to one child and lists the name, expected age, sex and name of household head for this child. The actual age of the child may be older or younger than the age displayed.
- Identify each child and fill in the answers for each child:
  - CLASS: Is the child studying in this school and in which school grade was he/she in MAY 2012? If the child is not a student at your school write NA, if the child was in pre-preprimary write P0. For P-P7, write P1, P2, P3, P4, P5, P6, P7.
  - SCHOOL DAYS: In MAY 2012, how many schooling days were there for the class this child goes to? Refer to the school attendance book.
  - ABSENT DAYS: Out of all the schooling days in May 2012, how many days the child did not attend school? Refer to the school attendance book.

## Instructions for filling in this form:

- This is a list of all children that are visited as part of the CB-CCT program evaluation. The children listed are not necessarily studying at this school.
- Each row corresponds to one child and lists the name, expected age, sex and name of household head for this child. The actual age of the child may be older or younger than the age displayed.
- Identify each child and fill in the answers for each child:
  - CLASS: Is the child studying in this school and in which school grade was he/she in MAY 2012? If the child is not a student at your school write NA, if the child was in pre-preprimary write P0. For P-P7, write P1, P2, P3, P4, P5, P6, P7.
  - SCHOOL DAYS: In MAY 2012, how many schooling days were there for the class this child goes to? Refer to the school attendance book.
  - ABSENT DAYS: Out of all the schooling days in May 2012, how many days the child did not attend school? Refer to the school attendance book.

## Instructions for filling in this form:

- This is a list of all children that are visited as part of the CB-CCT program evaluation. The children listed are not necessarily studying at this school.
- Each row corresponds to one child and lists the name, expected age, sex and name of household head for this child. The actual age of the child may be older or younger than the age displayed.
- Identify each child and fill in the answers for each child:
  - CLASS: Is the child studying in this school and in which school grade was he/she in MAY 2012? If the child is not a student at your school write NA, if the child was in pre-preprimary write P0. For P-P7, write P1, P2, P3, P4, P5, P6, P7.
  - SCHOOL DAYS: In MAY 2012, how many schooling days were there for the class this child goes to? Refer to the school attendance book.
  - ABSENT DAYS: Out of all the schooling days in May 2012, how many days the child did not attend school? Refer to the school attendance book.

### Instructions for filling in this form:

- This is a list of all children that are visited as part of the CB-CCT program evaluation. The children listed are not necessarily studying at this school.
- Each row corresponds to one child and lists the name, expected age, sex and name of household head for this child. The actual age of the child may be older or younger than the age displayed.
- Identify each child and fill in the answers for each child:
  - CLASS: Is the child studying in this school and in which school grade was he/she in MAY 2012? If the child is not a student at your school write NA, if the child was in pre-preprimary write P0. For P-P7, write P1, P2, P3, P4, P5, P6, P7.
  - SCHOOL DAYS: In MAY 2012, how many schooling days were there for the class this child goes to? Refer to the school attendance book.
  - ABSENT DAYS: Out of all the schooling days in May 2012, how many days the child did not attend school? Refer to the school attendance book.

## Instructions for filling in this form:

- This is a list of all children that are visited as part of the CB-CCT program evaluation. The children listed are not necessarily studying at this school.
- Each row corresponds to one child and lists the name, expected age, sex and name of household head for this child. The actual age of the child may be older or younger than the age displayed.
- Identify each child and fill in the answers for each child:
  - CLASS: Is the child studying in this school and in which school grade was he/she in MAY 2012? If the child is not a student at your school write NA, if the child was in pre-preprimary write P0. For P-P7, write P1, P2, P3, P4, P5, P6, P7.
  - SCHOOL DAYS: In MAY 2012, how many schooling days were there for the class this child goes to? Refer to the school attendance book.
  - ABSENT DAYS: Out of all the schooling days in May 2012, how many days the child did not attend school? Refer to the school attendance book.

## Instructions for filling in this form:

- This is a list of all children that are visited as part of the CB-CCT program evaluation. The children listed are not necessarily studying at this school.
- Each row corresponds to one child and lists the name, expected age, sex and name of household head for this child. The actual age of the child may be older or younger than the age displayed.
- Identify each child and fill in the answers for each child:
  - CLASS: Is the child studying in this school and in which school grade was he/she in MAY 2012? If the child is not a student at your school write NA, if the child was in pre-preprimary write P0. For P-P7, write P1, P2, P3, P4, P5, P6, P7.
  - SCHOOL DAYS: In MAY 2012, how many schooling days were there for the class this child goes to? Refer to the school attendance book.
  - ABSENT DAYS: Out of all the schooling days in May 2012, how many days the child did not attend school? Refer to the school attendance book.

## Instructions for filling in this form:

- This is a list of all children that are visited as part of the CB-CCT program evaluation. The children listed are not necessarily studying at this school.
- Each row corresponds to one child and lists the name, expected age, sex and name of household head for this child. The actual age of the child may be older or younger than the age displayed.
- Identify each child and fill in the answers for each child:
  - CLASS: Is the child studying in this school and in which school grade was he/she in MAY 2012? If the child is not a student at your school write NA, if the child was in pre-preprimary write P0. For P-P7, write P1, P2, P3, P4, P5, P6, P7.
  - SCHOOL DAYS: In MAY 2012, how many schooling days were there for the class this child goes to? Refer to the school attendance book.
  - ABSENT DAYS: Out of all the schooling days in May 2012, how many days the child did not attend school? Refer to the school attendance book.

## Instructions for filling in this form:

- This is a list of all children that are visited as part of the CB-CCT program evaluation. The children listed are not necessarily studying at this school.
- Each row corresponds to one child and lists the name, expected age, sex and name of household head for this child. The actual age of the child may be older or younger than the age displayed.
- Identify each child and fill in the answers for each child:
  - CLASS: Is the child studying in this school and in which school grade was he/she in MAY 2012? If the child is not a student at your school write NA, if the child was in pre-preprimary write P0. For P-P7, write P1, P2, P3, P4, P5, P6, P7.
  - SCHOOL DAYS: In MAY 2012, how many schooling days were there for the class this child goes to? Refer to the school attendance book.
  - ABSENT DAYS: Out of all the schooling days in May 2012, how many days the child did not attend school? Refer to the school attendance book.

## Instructions for filling in this form:

- This is a list of all children that are visited as part of the CB-CCT program evaluation. The children listed are not necessarily studying at this school.
- Each row corresponds to one child and lists the name, expected age, sex and name of household head for this child. The actual age of the child may be older or younger than the age displayed.
- Identify each child and fill in the answers for each child:
  - CLASS: Is the child studying in this school and in which school grade was he/she in MAY 2012? If the child is not a student at your school write NA, if the child was in pre-preprimary write P0. For P-P7, write P1, P2, P3, P4, P5, P6, P7.
  - SCHOOL DAYS: In MAY 2012, how many schooling days were there for the class this child goes to? Refer to the school attendance book.
  - ABSENT DAYS: Out of all the schooling days in May 2012, how many days the child did not attend school? Refer to the school attendance book.
