¹ In R1, respondents 12 years and older were instructed to answer for themselves, so R1 questions are worded with respect to the individual answering the question, i.e. "Have you visited a health care provider...". "[NAME]" was used in R2, R3, and R4 and thus is the format used in the text of the UPQ question. Only the first instance is noted but this applies to all questions in the R1 questionnaire.

¹ In R1, respondents 12 years and older were instructed to answer for themselves, so R1 questions are worded with respect to the individual answering the question, i.e. "Have you visited a health care provider...". "[NAME]" was used in R2, R3, and R4 and thus is the format used in the text of the UPQ question. Only the first instance is noted but this applies to all questions in the R1 questionnaire.

¹ While both R1 and R2 report two sources, the instruction "UP TO 2 SOURCES" was only specified on the R2 questionnaire.

² "SPECIFY" was added to the "OTHER" response code starting in R2. The numeric response code value (-6) remains the same across rounds.

³ R1 question: "What is the main toilet facilities for this household?" & R2 question: "What is the main toilet facilities usually used in this household?"
⁴ "SPECIFY" was added to the "OTHER" response code starting in R3.
