**2. Are you a resident of Bishkek?**

Yes .....1  
No .....2 ⇒ question 6

**INTERVIEWER! Read out for the respondent the text below to describe the principle of functioning of the Bishkek Housing Subsidies Center.**

All of the families living in buildings with district heating and gas supply, with their family members registered (i.e. having residence permits) in the city of Bishkek, may apply to the Bishkek Housing Subsidies Center (BHSC) for housing subsidies for payment of public utilities, provided that utility bill exceeds 16% of the total family income. The cost of utility bill does not include the electricity consumption and is subject to verification by BHSC based on the existing social consumption standards. Subsidies shall be calculated as the difference between the imputed cost of utilities (based on social standards) and 16% of the total family income.

**3. Did you receive subsidies from the Bishkek Housing Subsidies Center?**

Yes ..... 1  
No ..... 2 ⇒ question 9

No ..... 2⇒ question 10  
N/A.....9⇒ question 10

**INTERVIEWER! Read out for the respondent the text below to describe the scheme of Socially Protected Prices (SPP) for regions**

The scheme of Socially Protected Prices (SPP) was introduced in May 2000 across all of the regions but the city of Bishkek. Any family provided with district hot water, heating and natural gas supply may apply for a regional department of social protection for compensation of payment of these utilities, if its monthly income is KGS 300 or less per family member. Amount of compensation shall be calculated as the difference between the cost of these services calculated on the basis of specially established (lower) tariffs (the cost of service shall be determined on the basis of social consumption standards).

**6. Do you receive compensations under the scheme of Socially Protected Prices?**

Yes .....1  
No ..... 2 ⇒ question 9  
N/A..... 9 ⇒ question 10

**7. How much is the compensation?**

**8. Does your utility bill include the cost of compensation?**

Yes .....1 ⇒ question **10**  
 No ..... 2  
 N/A ..... 9 ⇒ question **10**

**9. If not, why?**

We did not know of such type of social protection/subsidy ..... 1  
 Family income is more than KGS 300 per family member/utility bill does not exceed 16% of the total income ..... 2  
 The compensation is too small to apply for SPP/the subsidy is too small to apply to the BHSC ..... 3  
 We do not have utilities subject to SPP/we do not use subsidized utilities ..... 4

**10. Where do you live: own quarters, tenement, dormitory or public housing?**
