

Household ID:	Respondent ID:	Date of Interview:
---------------	----------------	--------------------

Instructions: This questionnaire should be administered to the primary male respondent. Note that the respondent should discuss events that affected *any* household member.

Many of the questions in this questionnaire ask the respondent about unexpected events that have occurred since the round 2 interview. **Record the date of the round 2 interview in the box below.** When asking most questions in this section you must remind the respondent of this interview date, often referring to it in multiple ways (example, “since March 2005, that is, in the past one year”).
