Several changes were made to Version 3.0 of the questionnaires after the first draft. This first draft had some limited distribution. The changes below need to be checked by all using earlier versions of the questionnaires, Version 3.0.

Women's Questionnaire

- MT1: Filter item 1: Changed "secondary or more" to "secondary or higher"
- PN6 and PN17: In the "Yes" and "No" filters, references to "...other health workers" changed into the more detailed "...traditional birth attendant, or community health worker"
- IS2: Last instruction: "NOT" changed to "not"
- SB3: Changed instruction from "*Record 'years ago' only if last intercourse was one or more years ago. If 12 months or more the answer must be recorded in years.*" to "*Record answer in days, weeks or months if less than 12 months (one year). If more than 12 months (one year), answer must be recorded in years*"
- MM13: Removed "(BEFORE THIS PREGNANCY)" from the question
- CM13 (Birth history version only): Filter instruction should end with "*...since (month of interview) in 2009*" instead of "*...since (day, month of interview) in 2009*".
- MT5: Filter question changed from "Age of respondent 15-24 years?" to "Age of respondent?". Removed "Yes" and "No" from filters. The filters now read "Age 15-24" and "Age 25-49"

Men's Questionnaire

- MMT1: Filter item 1: Changed "secondary or more" to "secondary or higher"
- MMT5: Filter question changed from "Age of respondent 15-24 years?" to "Age of respondent?". Removed "Yes" and "No" from filters. The filters now read "Age 15-24" and "Age 25-49"
