

Changes made to MICS List of Indicators from Version 2.1 to Version 3.0 are mainly due to the introduction of the additional modules to the model questionnaires, and the introduction of the indicators for men.

### General cosmetic changes

- Various changes in page breaks, headers and footers

### First Page

- Added <sup>[M]</sup> to the banner next to “MICS Indicator” and as a footnote

### Mortality

- Added indicators 1.3, 1.4, and 1.5
- Added footnotes to indicators 1.1 and 1.2, to indicate that the indicators are defined differently when estimated from birth histories. All subsequent footnote numbers changed.
- To the column “Module” for indicators 1.1 and 1.2, added “BH”

### Child health

- Added footnote to indicator 3.1
- Indicator 3.13 – numerator -
- Deleted indicators 3.21 and 3.22 (to be moved to end of Water and Sanitation, see below)
- Added indicator 3.21 on Child Disability, including a footnote
- Further changes to the indicator 3.21 on Child Disability, concerning the indicator name, numerator and footnote
- Footnote 11: Added “dipped in” to item (c)

### Water and Sanitation

- Indicator 4.3: Deleted “facilities” from name of indicator
- Indicator 4.3: Added “which are not shared” to the end of the numerator definition
- Added indicators 4.5 and 4.6 (previously indicators 3.21 and 3.22)
- Indicator 4.4: Removed parentheses from “last” in the numerator
- Indicator 4.5: Numerator: Changed “designated” to “specific”

### Reproductive Health

- Added “...for the one year period preceding the survey” to the definition of indicator 5.1
- To the column “Module” for indicators 5.1 and 5.2, added “BH”
- Added footnote to indicator 5.1: “Indicator is defined as “Age-specific fertility rate for women age 15-19 years, for the 3-year period preceding the survey” when estimated from the birth history”
- Added indicators 5.10, 5.11, 5.12. and 5.13 (post-partum health checks and maternal mortality)

### Education

- Indicator 7.1: Added <sup>[M]</sup> to the indicator name
- Indicator 7.8: Changed denominator from “Total number of children who are attending the first grade of secondary school” to “Total number of children attending the last grade of primary school during the previous school year”
- Indicator 7.7: Deleted “(of any age)” from numerator

### **Child Development**

- Changed “CE” to “EC” in the “Module” column for all indicators

### **Child Protection**

- Added [M] to names of indicators: 8.6, 8.7, 8.8, 8.9, 8.14

### **HIV/AIDS, Sexual Behaviour and Orphans**

- Added [M] to the following indicators: 9.1, 9.2, 9.3, 9.4, 9.5, 9.6, 9.7, 9.10, 9.11, 9.12, 9.13, 9.14, 9.15, 9.16
- Added indicator 9.21 on “Male circumcision” (Further changes introduced: changed “Male” to “Men” in numerator and denominator)
- Indicator 9.12: Numerator: Deleted “than they were” at the end of the sentence
- Indicator 9.18: Changed name of indicator from “Prevalence of children with at least one parent dead” to “Prevalence of children with one or both parents dead”
- Indicator 9.18: Numerator: Changed “with at least one parent dead” to “with one or both parents dead”
- Indicator 9.20: Numerator and denominator: Changed “at least one parent” to “one or both parents”

### **Other**

- Added new group of indicators: “Access to Mass Media and Use of Information/Communication Technology” to the end of the indicator list, including 3 indicators.
- Added new group of indicators: “Subjective Well-Being” to the end of the indicator list, including 3 indicators
- Added new group of indicators: “Tobacco and Alcohol Use” to the end of the indicator list, including 4 indicators
