Household Selection Procedure

Interviewer: It is your job to select a random (this means any) household. A household is a group of people who currently eat together from the same pot.

Start your walk pattern from the start point that has been randomly chosen by your Field Supervisor. Team members must walk in opposite directions to each other. If A walks toward the sun, B must walk away from the sun; C and D must walk at right angles to A and B.

Use a 5 / 10 interval pattern to select a household. That is, walking in your designated direction away from the start point, select the 5th household for the first interview, counting houses on both the right and the left (and starting with those on the right if they are opposite each other). Once you leave your first interview, continue on in the same direction, this time selecting the 10th household, again counting houses on both the right and the left. If the settlement comes to an end and there are no more houses, turn at right angles to the right and keep walking, continuing to count until finding the 10th dwelling.

Interviewer: If a call is unsuccessful, use the table below to record your progress until you make a successful call. Circle a code number for unsuccessful calls only.

NOCALL	NOCALL_1	NOCALL_2	NOCALL_3	NOCALL_4	NOCALL_5	NOCALL_6	NOCALL_7
Reasons for Unsuccessful Calls	Household 1	Household 2	Household 3	Household 4	Household 5	Household 6	Household 7
Refused to be interviewed	1	1	1	1	1	1	1
Person selected was never at home after at least two visits	2	2	2	2	2	2	2
Household / Premises empty for the survey period after at least two visits	3	3	3	3	3	3	3
Not a citizen / Spoke only a foreign language	4	4	4	4	4	4	4
Deaf / Did not speak a survey language	5	5	5	5	5	5	5
Did not fit gender quota	6	6	6	6	6	6	6
No adults in household	7	7	7	7	7	7	7
Other [Specify]	8	8	8	8	8	8	8
Not applicable	9997	9997	9997	9997	9997	9997	9997

If no one is at home (i.e. premises empty) after two visits, substitute with the very next household. If the interview is refused, use an interval of 10 to select a substitute household, counting houses on both the right and the left.

When you find a household with someone home, please introduce yourself using the following script. You must learn this introduction so that you can say it exactly as it is written below.

Good day. My name is _____. I am from activQuest and Afrobarometer, independent research organisations. I do not represent the government or any political party. We are studying the views of citizens in Eswatini about how the country is governed and how the economy is managed. We would like to discuss these issues with a member of your household. Every person in the country has an equal chance of being included in this study. All information will be kept confidential. Your household has been chosen by chance. We would like to choose an adult from your household. Would you help us pick one?

Note: The person must give his or her informed consent by answering positively. If participation is refused, walk away from the household and record this in the above table on "Reasons for Unsuccessful Calls." Substitute the household using an interval of 10 households. If consent is secured, proceed to Respondent Selection.

Respondent Selection Procedure

Interviewer: **Within** the household, the tablet will select a random (this means any) individual. This individual becomes the interview Respondent. The tablet will guide you to alternate interviews between men and women.

Note that "First Interview" should ONLY be used for your very first interview on the first day of fieldwork, NOT your first interview every day.

	First interview	Male	Female
PREVINT. Previous interview was with a:	0	1	2
THISINT. This interview must be with a:		1	2

Please tell me the first names and ages of all males / females [select correct gender] who currently live in this household. I only want the names of males / females [select correct gender] who are citizens of Eswatini and who are 18 years and older.

If this interview must be with a female, list only women's names. If this interview is with a male, list only men's names. List all eligible household members of this gender who are 18 years or older, even those not currently at home but who will return to the house at any time that day. Include only citizens of Eswatini.

The person I need to speak to is [insert name] _____. Is this person currently at home?

If yes:	May I please interview this person now?
If no:	Will this person return here at any time today?
If no:	Thank you very much. I will select another household. Substitute with the next household to the right and repeat the respondent selection procedure. (NOTE: YOU CAN ONLY SUBSTITUTE HOUSEHOLDS, NOT INDIVIDUALS.)
If yes:	Please tell this person that I will return for an interview at [insert convenient time]. If this respondent is not present when you call back, replace this household with the next household to the right.

If the selected respondent is not the same person that you first met, repeat Introduction:

Good day. My name is _____. I am from activQuest and Afrobarometer, independent research organisations. I do not represent the government or any political party. We are studying the views of citizens in Eswatini about how the country is governed and how the economy is managed. We would like to discuss these issues with you.

To ALL respondents:
Your answers will be confidential. They will be put together with 1200 other people we are talking to, to get an overall picture. It will be impossible to pick you out from what you say, so please feel free to tell us what you think. This interview will take about 45 minutes. There is no penalty for refusing to participate. Do you wish to proceed? [Proceed with interview only if answer is positive.]

[If respondent agrees to proceed, add:] **We can do this interview in Siswati or English. Please, tell me which language you would like to use. [If interviewer does not speak selected language, then make an appointment for later in the day with a member of the team who speaks that language.]**

Note: The person must give his or her informed consent by answering positively. If participation is refused, walk away from the household and record this in the above table on "Reasons for Unsuccessful Calls." Substitute the household using an interval of 10 households. If consent is secured, proceed with the interview after recording number of calls and current date and time.

Let's talk for a moment about the kind of society you would like to have in this country. Some people say that, in order to enjoy security from violence in our society, we must limit the amount of freedom that citizens are allowed to enjoy. Others say that political liberty is too important to sacrifice and must always be maintained, even if it threatens the security of the country.

Which of the following statements is closest to your view? Choose Statement 1 or Statement 2.

[Interviewer: Probe for strength of opinion: **Do you agree or agree very strongly?**]

73.			
Statement 1: Even if faced with threats to public security, people should be free to move about the country at any time of day or night.		Statement 2: When faced with threats to public security, the government should be able to impose curfews and set up special roadblocks to prevent people from moving around.
