INSTRUCTIONS FOR INTERVIEWER - VISIT 1

Please use this instruction sheet during the set-up of the before harvest interview ('VISIT 1'). Make sure to check-off all applicable boxes as you go. End by filling out your name and signature at the bottom of the page.

- Check if: **REPEATED RESPONDENT**
NEW RESPONDENT
Please check off box that applies

- Note down unique ID number:

Country code (see country codes in Q2)

Farm type (1=RF and 2=BF)

Unique respondent number

--	--	--	--	--	--

Arrows indicate the following mapping:

- Country code (2 digits) maps to the first two boxes.
- Farm type (1 digit) maps to the third box.
- Unique respondent number (6 digits) maps to the last six boxes.

FOR REPEATED RESPONDENTS, PLEASE USE EXISTING UNIQUE ID NUMBER.

- Note down date of VISIT 1:

				2	0	1	6
--	--	--	--	---	---	---	---

Please check off boxes to confirm all was done:

- Hand over Syngenta grower brochure to respondent
- Hand over individual grower report to respondent
- IF NEW RESPONDENT: Hand over Syngenta welcome brochure
- Use CPP-list during the interview
- Use the grower check form during the interview
- Ask respondent to sign grower agreement
- Ask respondent to sign photo/video agreement

➤ NAME INTERVIEWER:

➤ SIGNATURE INTERVIEWER:

BACKGROUND INFORMATION

Market Probe is an independent market research agency specialized in agricultural research. For “The Good Growth Plan”, we are currently collecting farm data as part of a global project. This document is your guide for the collection of your farm data. We will already go through some topics, but we will also ask you to fill out some of the data yourself and send the information back to the market research agency.

- After planting (intermediary data transfer): PART I + II + III + IV
 - o Part V has to be left with the farmer
- After harvesting (final data transfer): PART V + VI + VII

*In case of questions, **please** don't hesitate to contact the local help desk (**insert helpdesk number here**).*

Before we start data collection, we will guide you through the questionnaire, in order to make all questions clear to you. We will also give some more background information on the Good Growth Plan.

Please note that individual responses will never be reported. All data will be analyzed and reported in an aggregated way.

PART I: SCREENING

In this first part, we will check the crops and fields for which we will collect data. Thanks in advance for your participation in the 2016 data collection of The Good Growth plan.

1. Please fill out the unique code, given by the interviewer:

UNIQUE CODE: XX X XXX

Country code (See country codes Q2)

Farm type (1=RF and 2=BF)

Respondent number (Unique respondent number)

1. B. Please fill out the date of the interview:

Date (Date in DD.MM.YYYY)

1.C1. Have you or someone else in your farm participated in The Good Growth Plan in:

→ Tick all that applies.

→ Multiple response.

	Growing area A	Growing area B
1) 2014	1	1
2) 2015	2	2

IF 1C1=2015 → INTERVIEWER: share individual grower report

1.C3. Since you have participated in The Good Growth Plan in 2015, we'd like to share with you your individual performance report. This report compares you to your colleague-farmers, in terms of yield, number of applications, use of crop protection products, and nitrogen use. For your information,

- Yield is expressed in metric tons per hectare;
- Number of crop protection product applications per hectare;
- Crop protection products in kilogram active ingredient per hectare;
- Nitrogen use in kilogram nitrogen per hectare.

Having read through this document, do you consider this report:

→ Tick what applies.

→ Single response.

Very useful	4
Rather useful	3
Not so useful	2
Not useful at all	1
Don't know /no answer	99

1.C4. Please explain your answer:

1. F. We are conducting this survey on behalf of Syngenta, a manufacturer of crop protection products. Would it be okay for you for this company to contact you with follow-up information on The Good Growth Plan?

Yes	1
No	2

SCREENING: Please program screening questions on country/crop/cluster level based on separate screening document.

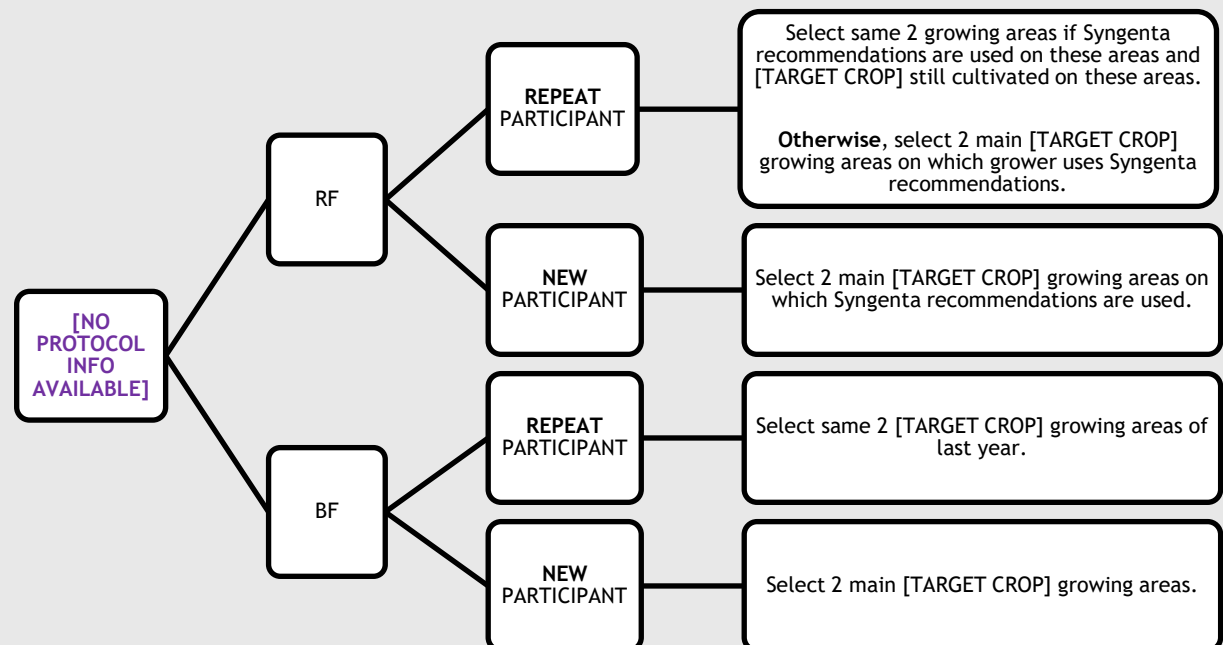

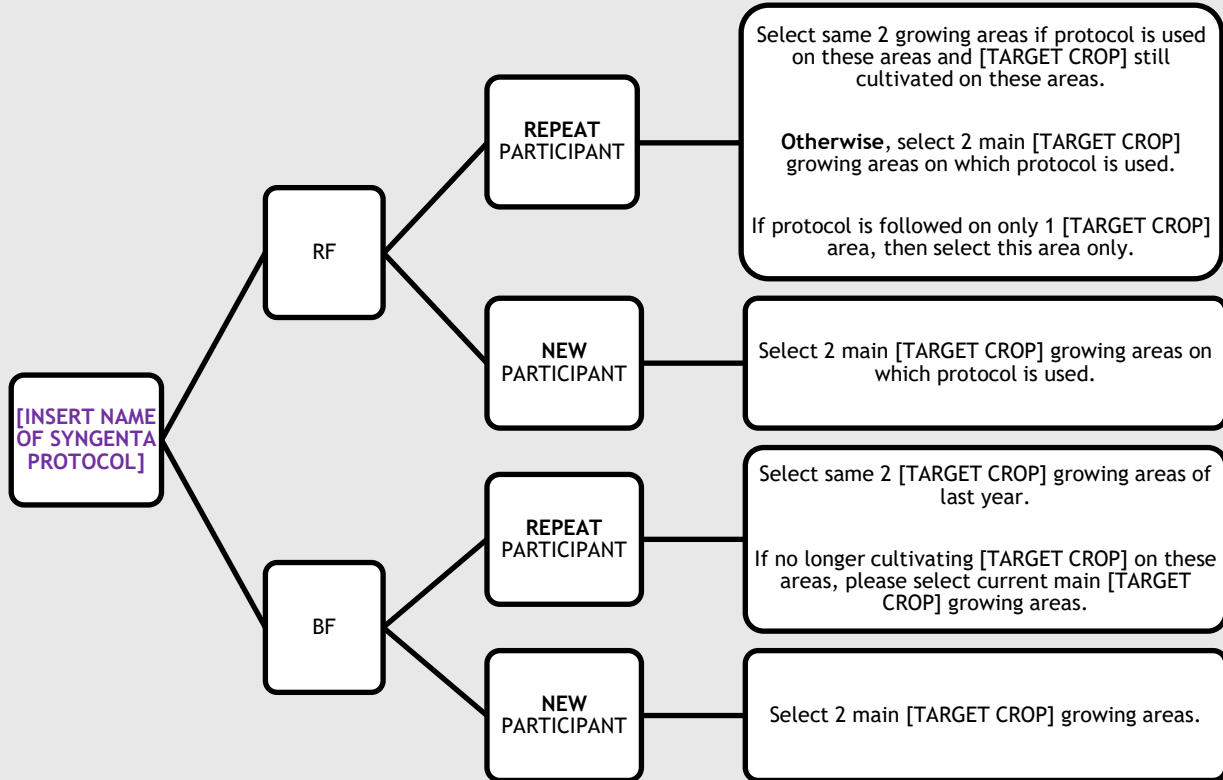

Please consider the following ways of working:

- IF REPEAT PARTICIPANT: "Quick check" to be included. Grower must confirm if he still complies with the screening profile. If not, grower should go through the entire screening part again (cf. NEW PARTICIPANT).
- IF NEW PARTICIPANT: Screening questions to be programmed based on separate screening document.

MP to select correct decision tree based on whether protocol information is available.

IF PREVIOUS PARTICIPANT

→ Show respondent area names + sizes of previous years (cf. grower check form).

57. What is the size of each growing area for [TARGET CROP]?

→ Spontaneous. Please write down the size of each growing area.

→ **Single response.**

	Growing area A	Growing area B
Size of growing areahaha

Check: the sum of the size of growing area A and growing area B cannot be larger than Q5 and/or Q6

56. Please note down the growing area name (f.e. D-block, windmill field, ...).

→ Read. The names of both growing areas should be different.

→ **Single response.**

	Growing area A	Growing area B
Field description		

IF GROWER IS A REPEATED PARTICIPANT

56A1. Were these areas also included in The Good Growth Plan data collection in [READ], even though the size of this area might have increased or decreased?

→ Read. Please circle if this area was included in the mentioned year.

→ **Multiple response.**

	Growing area A	Growing area B
1) 2014	1	1
2) 2015	2	2

IF Q56A1≠2 (AREA NOT THE SAME AS 2015)

56A2. Please explain why the growing area(s) have changed compared to the previous years?

→ Spontaneous.

→ **Multiple response.**

	Growing area A	Growing area B
I do not cultivate [TARGET CROP] on this area this year due to crop rotation	1	1
I hired another area	2	2
I sold or rented that area of my farm (e.g. to another farmer)	3	3
I left my field fallow	4	4
I switched to a field with Syngenta protocol	5	5
I do not cultivate target crop on that area anymore	6	6
Other specify 1:	96	96
Other specify 2:	97	97
Other specify 3:	98	98
Don't know / no answer	99	99

57A. Can you please indicate how certain you are of the size indication for each growing area?

→ READ. Check if this was measured by an official agency. If YES, note this official size.

→ Single response.

	Growing area A	Growing area B
The size indicated is an estimation	1	1
The size indicated is based on my own measurement	2	2
The size indicated was measured by a third party and is therefore 100% correct	3	3
Other specify:	96	96
Don't know / no answer	99	99

397. Have you received a recommended growing protocol or crop program from an agricultural advisor for each growing area of [TARGET CROP]?

	Growing area A	Growing area B
Yes	1	1
No	2	2

IF Q397=1 (received a recommended growing protocol / crop program)

397. B. From whom did you receive the protocol / crop program for each growing area of [TARGET CROP]?

→ Please tick what applies.

→ Multiple response.

	Growing area A	Growing area B
Dealer/store	1	1
Manufacturer/representative	2	2
Independent advisor	3	3
Cooperative	4	4
96. Other specify:		
97. Other specify:		
98. Other specify:		
Don't know / no answer	99	99

IF Q397=1 (have received a recommended growing protocol / crop program)

4051. How satisfied are you with the recommendations that [INSERT ANSWER FROM Q397B] has given you?

→ Read. Please tick what applies.

→ Single response.

	Dealer/store		Manufacturer/representative		Independent advisor		Cooperative	
	Growing area A	Growing area B	Growing area A	Growing area B	Growing area A	Growing area B	Growing area A	Growing area B
Very satisfied	4	4	4	4	4	4	4	4
Somewhat satisfied	3	3	3	3	3	3	3	3
Somewhat unsatisfied	2	2	2	2	2	2	2	2
Very unsatisfied	1	1	1	1	1	1	1	1
Don't know/no answer	99	99	99	99	99	99	99	99

IF Q397=1 (have received a recommended growing protocol / crop program)

4052. A. Do you use this growing protocol / crop program on the selected growing areas?

	Growing area A	Growing area B
Yes	1	1
No	2	2

IF Q4052A=1 (protocol applied on selected growing area)

4052. B. Is this area a test field or a fully commercial field?

	Growing area A	Growing area B
Test field	1	1
Fully commercial field	2	2

IF Q397=1 (have received a recommended growing protocol / crop program)

4053. Are there other areas on which you have applied the same protocol / crop program for [TARGET CROP]?

Yes	1
No	2

IF Q4053=1 (other areas on which the same protocol is applied)

399. A. Please indicate on which percentage of the total crop area of [TARGET CROP] you have followed the protocol / crop program?

.... %

IF Q397=1 (have received a recommended growing protocol / crop program)

397. C. Did you receive a protocol / crop program from Syngenta [INSERT NAME OF SYNGENTA PROTOCOL] for each growing area of [TARGET CROP]?

	Growing area A	Growing area B
Yes	1	1
No	2	2

IF Q397C=1 (received a protocol / crop program from Syngenta)

397. G. Do you use the Syngenta protocol / crop program [INSERT NAME OF SYNGENTA PROTOCOL] for each growing area of [TARGET CROP]?

	Growing area A	Growing area B
Yes	1	1
No	2	2

IF Q397C=2 (did not receive a protocol / crop program from Syngenta)

397. D. Would you like to tell us from which manufacturer you've received a protocol / crop program for each growing area of [TARGET CROP]?

Growing area A	Growing area B

IF Q397=1 (received a recommended growing protocol / crop program)

397. F. Could you please give a **description of the protocol / crop program** for each growing area of [TARGET CROP]? **What are the main recommendations included in the crop program?**

- Please write down the description of the protocol.
- Please probe for items such as dose rates, seed treatment, product names, amount of water,... Several different activities can be included in the protocol.

Growing area A	Growing area B

IF Q397=1 (received a recommended growing protocol / crop program)

4054. Can you please indicate whether you will ... [READ] follow the recommended protocol / crop program?

- Read.
- Single response.

	Growing area A	Growing area B
Completely	1	1
Partially	2	2
Not at all	3	3
Don't know / no answer	99	99

4055. Can you please share what your **yield objective** is on both growing areas for [TARGET CROP] at the beginning of this season?

- Please write down the yield for each growing area.

	Growing area A	Growing area B
Yield objectivemetric ton/hametric ton/ha

PART II: CONTACT INFORMATION

Interviewer note: please verify the information on the check form together with the grower and complete ALL of the questions below with most recent information. Please note that it is important that we are able to contact and locate the respondent again next year. We require at least the postal code, city and GPS location.

We will now ask some questions about you, mainly so that we will be able to contact you again next year. These questions will not be used to identify you individually, but will always be used in an aggregated way.

19. Surname

→ Please write down the surname in capital letters.

→ Single response.

20. First name

→ Please write down the first name in capital letters.

→ Single response.

21. Phone number

→ Please write down the phone number, including the country and region codes.

→ Single response.

22. E-mail address

→ Please write down the e-mail address in capital letters.

→ Single response.

22. B. Farm name or point of recognition in the neighborhood

→ Please write down the farm name in capital letters.

→ Single response.

22. C. Please add a description of the location of this farm if needed

→ Please write down a description referring to aspects such as nearest church/school/water source ...

→ Single response.

22. D. Please give the GPS location of your farm. One point (corner or point on field) is sufficient.

→ Note down the latitude and longitude of one point and indicate whether it is North/South and West/East.

GROWING AREA A

a) Latitude In degrees, minutes, seconds	b) Direction 1=North 2=South
..... ° '	

c) Longitude In degrees, minutes, seconds	d) Direction 1=East 2=West
..... ° '	

GROWING AREA B

a) Latitude In degrees, minutes, seconds	b) Direction 1=North 2=South
..... ° '	

c) Longitude In degrees, minutes, seconds	d) Direction 1=East 2=West
..... ° '	

23. Farm address - street

→ Please write down the street name of the location of the farm in capital letters.

→ Single response.

24. Farm address - street number

→ Please write down the street number.

→ Single response.

25. Farm address - postal code

→ Please write down the postal code of the city in which the farm is located.

→ Single response.

26. **Farm address - city**

→ Please write down the city in which the farm is located.

→ **Single response.**

27. **Please note down the year of birth**

→ Please write down your birth year.

→ **Single response.**

28. **Gender**

→ Please circle the gender.

Male	1
Female	2

31. **Until what age did you go to school?**

→ Please write down the age until when the grower went to school.

→ **Single response.**

30. **Are you a full-time or part-time farmer?**

→ Please circle your answer.

→ **Single response.**

I am a full-time grower (no other activities generating income apart from farming)	1
I am a part-time grower (having other activities generating income, like teaching, ...)	2
Other specify:	96
Don't know / no answer	99

30. B. **How long have you been engaged in farming activities?**

→ **Single response.**

33. **Did you receive an agronomical/agricultural education?**

Yes	1
No	2

34. **Are you a member of a producer group, association or cooperative?**

Yes	1
No	2

IF Q34=1 (member of a producer group / association / cooperative)

35. A. What is the name of the producer group/association/cooperative that you are a member of?

→ Please note down the answer. If member of several, please note down all.

→ **Multiple response.**

ONLY IF Q2=5 (BELGIUM)

35. B. Do you collaborate with a growing consultancy agency (e.g. TACO)?

	Yes	1
	No	2

35. C. Overall, how satisfied would you say you are with your life these days? Please use a scale from 1 to 10, where 1 means “not satisfied at all” and 10 means “very satisfied”.

→ Please write down the satisfaction level on a scale from 1 to 10.

→ Please use code 99 for don't know.

→ Single response.

..... (scale from 1 to 10)

35. D. Please explain your answer.

→ Please explain and provide as much detail as possible.

→ Please probe for activities related to farming if the grower does not mention this.

--

PART III: FARM CHARACTERISTICS

E. Biodiversity conservation

We will now speak about biodiversity conservation. The following questions are about your farm practices in general, without focusing on [TARGET CROP].

4021. A. How familiar are you with biodiversity conservation in agriculture? Are you ... [READ] with biodiversity conservation?

→ Read.

→ Single response.

Very familiar	4
Rather familiar	3
Not so familiar	2
Only heard of it by name	1
Don't know /no answer	99

4021. B. How would you describe biodiversity conservation?

→ Spontaneous.

4022. A. One possible definition for biodiversity conservation is that many types of plants and animals can flourish in an agricultural landscape in addition to crops and livestock. How important is biodiversity conservation to you?

→ Read.

→ Single response.

Very important	4
Somewhat important	3
Not very important	2
Not important at all	1
Don't know /no answer	99

4022. B. Can you please explain your answer?

→ Spontaneous.

4022. C. What do you consider potential benefits to farmland from these plants and animals?

→ Spontaneous.

4023. A. What percentage of your farmland is non-cropped land?

→ Single response.

..... %

IF Q4023A > 0% (having non-cropped land)

4023. B. What percentage of this non-cropped land is managed for biodiversity conservation?

→ Read.

→ Single response.

None (0%)	1
Less than 25%	2
Between 25 and 50%	3
More than 50%	4
Don't know / no answer	99

IF Q4023B=2 OR 3 OR 4 (having biodiversity margins)

4023. C. Are the managed biodiversity margins arranged in isolated fragments or one continuous strip in landscape?

→ Read.

→ Multiple response.

Isolated fragment	1
Continuous strip	2
None of the above	3
Other specify 1:	96
Other specify 2:	97
Other specify 3:	98
Don't know / no answer	99

IF Q4023B=2 OR 3 OR 4 (having biodiversity margins)

4023. D. What do you do with marginal areas of your farmland?

→ Spontaneous.

IF Q4023B=2 OR 3 OR 4 (having biodiversity margins)

4023. E. Which of the following ecological infrastructure types are you adopting on marginal areas of your farmland?

→ Read.

→ Please tick all that apply. Multiple response.

Habitats for food and nesting: for bees, butterflies, farmland birds, insects, and small mammals	1
Erosion control - wind breaks	2
Trees to protect against water streams ('Riparian margin')	3
Other specify 1:	96
Other specify 2:	97
Other specify 3:	98
Don't know / no answer	99

4024. A. Do you think there is a link between bee keeping and agriculture?

Yes	1
No	2

IF YES AT 4024.A

4024. B. What is the link between bee keeping and agriculture according to you?

→ Spontaneous.

4025. What measures will you consider to enhance habitat and food sources for pollinators on your farms?

→ Spontaneous.

4026. How can Syngenta help you to enhance biodiversity on you farmland?

→ Spontaneous.

We would now like to speak about the selected growing areas of [TARGET CROP].

4027. A. Do you use biological control on your [TARGET CROP]?

→ Interviewer note: Biocides are not considered biological controls.

	Growing area A	Growing area B
Yes	1	1
No	2	2

IF Q4027.A=1 (uses biological control)

4027. B What types of biological control do you use on [TARGET CROP]?

→ Spontaneous. Use code 99 for don't know.

→ Multiple response.

IF Q4027.A=1 (uses biological control)

4027. C Which kinds of pests are you trying to counter with this biological control?

→ Spontaneous. Use code 99 for don't know.

→ Multiple response.

IF Q4027.A=1 (uses biological control)

4027. D To what extent do you think these biological pest controls can reduce costs on your farm?

→ Read possible answers:

- 4. Very good cost reduction
- 3. Rather good cost reduction
- 2. Limited cost reduction
- 1. Very low cost reduction
- 99. Don't know / no answer

→ Single response. Please give one answer for all biological controls combined.

Growing area A						
Q4027.B	Q4027.C	Q4027.D				
		4 (very good cost reduction)	3 (rather good cost reduction)	2 (limited cost reduction)	1 (very low cost reduction)	99 (don't know/no answer)
		4	3	2	1	99
		4	3	2	1	99
		4	3	2	1	99

Growing area B						
Q4027.B	Q4027.C	Q4027.D				
		4 (very good cost reduction)	3 (rather good cost reduction)	2 (limited cost reduction)	1 (very low cost reduction)	99 (don't know/no answer)
		4	3	2	1	99
		4	3	2	1	99
		4	3	2	1	99

4028. A1. Do you release auxiliary insects or use traps in your greenhouse?

→ Spontaneous.

→ Please fill in 0 if the grower did not use this in their greenhouse.

	Growing area A	Growing area B
Yes	1	1
No	2	2

IF 4028.A1=YES

4028. A2. How long have you been releasing auxiliary insects or using traps in your greenhouse?

→ Spontaneous.

→ Please fill in 0 if the grower did not use this in their greenhouse.

	Growing area A	Growing area B
Since (fill in year) (fill in year)

IF 4028.A2 > 0 (grower has been doing this activity for a certain number of years)

4028. B. When do you release auxiliary insects - during planting and/or during crop development?

→ Spontaneous.

→ Single response.

	Growing area A	Growing area B
Both during planting and during crop development	1	1
I only release during planting	2	2
I only release during crop development	3	3
Other specify:	96	96
Don't know / no answer	99	99

IF 4028.B = 1 (releasing auxiliary insects during planting and crop development)

4028. C. Which method do you think is the most effective?

→ Read.

→ Single response.

	Growing area A	Growing area B
Releasing auxiliary insects during planting	1	1
Releasing auxiliary insects during crop development	2	2
Both methods are equally efficient	3	3
Don't know / no answer	99	99

IF Q4028C=1 OR 2 OR 3

4028. D. Can you please explain your answer?

→ Spontaneous.

Growing area A	Growing area B

Z. Soil conservation

We will now speak about soil conservation. The following questions are about your farm practices in general, without focusing on [TARGET CROP].

4011. A. How familiar are you with soil conservation? Are you [READ] with soil conservation?

→ Read

→ Single response.

Very familiar	4
Rather familiar	3
Not so familiar	2
Only known by name	1
Don't know /no answer	99

4011. B. How would you describe soil conservation?

→ Spontaneous.

→ Single response.

4012. A. One possible definition for soil conservation is that good soil management and practices can help improve the health and structure of soil over a long period of time. How important is soil conservation to you?

→ READ

→ Single response.

Very important	4
Somewhat important	3
Not very important	2
Not important at all	1
Don't know /no answer	99

4012. B. Can you please explain your answer?

→ Spontaneous.

4013. Which of the following land use practices have you adopted?

→ Read.

→ Multiple response.

Conventional / minimum / no tillage practices (for minimum or no soil disturbance)	1
Minimum tillage	2
Crop rotation	3
Permanent ground cover	4
Intercropping	5
Integrated Pest Management (reducing pests while also minimizing pesticide use to a the lowest levels)	6
Precision agriculture (satellite farming)	7
Control farm machinery traffic (reducing the impact of heavy machinery as much as possible)	8
Water use optimization on farm (reduced run off and higher water infiltration in soil)	9
Nutrient management (fertilizers use optimization, e.g. how much, where and when to apply)	10
Other specify 1:	96
Other specify 2:	97
Other specify 3:	98
Don't know / no answer	99

We will now ask some questions about 3 different types of conservation agriculture practices.

4014. A. What percentage of your farmland is under minimum or no disturbance of the soil by tillage (e.g. implementing minimum or no tillage practices to reduce soil disturbance, beneficial for improving soil fertility and structure.)

→ Read.

→ Single response.

None (0%)	1
Less than 25%	2
Between 25 and 50%	3
Between 50 and 75%	4
More than 75%	5
Don't know / no answer	99

4014. B. What percentage of your farmland is under crop rotation, for at least 2 crops? (e.g. growing different crops sequentially on the same field during different seasons and years.)

→ Read.

→ Single response.

None (0%)	1
Less than 25%	2
Between 25 and 50%	3
Between 50 and 75%	4
More than 75%	5
Don't know / no answer	99

4014. C. What percentage of your farmland is under continuous soil cover? This means that the soil is covered with cover crops, crop stubbles, mulches etc. (e.g. maintaining crop residue or vegetative (crop) cover on the field to protect the soil against erosion and retain soil moisture.)

→ Read:

→ **Single response.**

None (0%)	1
Less than 25%	2
Between 25 and 50%	3
Between 50 and 75%	4
More than 75%	5
Don't know / no answer	99

C. Soil erosion

DO NOT APPLY THIS PART IF Q2=29 (NETHERLANDS)

We will now speak about soil erosion, the wearing away of the topsoil of a field because of natural forces like water or wind. Please note that the questions are about your farm practices in general, without focusing on [TARGET CROP].

37. A. Do you have signs of soil erosion by water on your farm? *Water erosion signs range from the "splashing" of soil particles over the soil surface and onto crops after heavy rain or irrigation, to the formation of small rills or larger gulleys down hillslopes, traversing down slopes like streams.*

Yes	1
No	2

IF Q37A=1 (signs of soil erosion by water)

41. A. Which measures do you use to manage water erosion on your farm?

→ *Please explain and provide as much detail as possible.*

IF Q37A=1 (signs of soil erosion by water)

41. B. Have the measures helped to reduce soil erosion?

→ *Read.*

→ *Single response.*

Under control due to measures taken	1
Measures taken did not help to control soil erosion	2
<u>Partially under control</u>	<u>3</u>
Other specify 1:	98
Don't know / no answer	99

37. B. Do you have signs of soil erosion by wind on your farm? *Wind erosion signs range from the appearance of dust clouds, especially on dry days, particularly when the soil is ploughed to "sandblasting" effects of fine sand particles hitting leaves and marking them.*

Yes	1
No	2

IF Q37B=1 (signs of soil erosion by wind)

41. C. Which measures do you use to manage wind erosion on your farm?

→ *Please explain and provide as much detail as possible.*

IF Q37B=1 (signs of soil erosion by wind)

41. D. Have the measures helped to reduce soil erosion?

→ Please explain and provide as much detail as possible.

→ **Single response.**

Under control due to measures taken	1
Measures taken did not help to control soil erosion	2
Partially under control	3
Other specify 1:	98
Don't know / no answer	99

G. Description of growing area

For the next topics, we will focus on [TARGET CROP] on the selected growing areas. We are interested in knowing more about the area itself as well as how you grow crops on it.
Interviewer note: please remind the grower of the names and sizes of the areas (!) Q56 and Q57

58. In general, what is the topography of each growing area for [TARGET CROP]?

→ Please note down the slope of each growing area. Please write down other if needed.

→ **Single response.**

	Growing area A	Growing area B
Hilly	1	1
Flat	2	2
Gentle slope	3	3
Steep slope	4	4
Valley	5	5

PART IV: FARMING PRACTICES - BEFORE HARVEST

We will now speak about your farming practices, including the things you do to the field before harvest, the advice you follow and programs you are involved in.

A. Planting and fruit development - field crops

ONLY APPLY THIS PART IF Q4=3; 7; 8; 10; 12; 13; 14; 15; 18; 19; 20; 21 (=field crops)

We will now focus on the planting practices you plan to do including the seeding, labor hours and machinery used.

71. Could you please note down the variety that has been used for each growing area for [TARGET CROP]?

→ Please note down the main variety that has been used for each growing area.

	Growing area A	Growing area B
Variety

IF Q2=20 (ITALY) AND IF Q4= 7 (CORN)

71. B. Please indicate per growing area if you planted a hybrid corn seed variety.

	Growing area A	Growing area B
Yes	1	1
No	2	2

72. When did the first field preparation start for each growing area for [TARGET CROP]?

→ Please write down the date of the first field preparation for each growing area.

→ Interviewer note: First field preparation is the very first date that an action (e.g. fertilizer application) is taken on field. Therefore, please compare this date with fertilizer and crop protection product application dates. First field preparation should also take place before sowing.

	Growing area A	Growing area B
Date first field preparation	---.---.---- (DD.MM.YYYY)	---.---.---- (DD.MM.YYYY)

73. What is the amount of seeds in kilogram that has been sown per hectare for each growing area for [TARGET CROP]?

→ Please note down the total amount of seeds in kilogram per hectare for each growing area.

	Growing area A	Growing area B
Seed density in kilogram per hectarekg/hakg/ha

IFQ73=-1 (don't know the amount of seeds in kg/ha)

73.A1. What is the amount of seeds that has been sown for each of the growing areas?

→ Please write down the amount of seeds used including the measurement unit used.

	Growing area A	Growing area B
Amount of seeds		

IF Q4=14 (RICE)

116. What production system (ways of planting rice) is used on each growing area for rice? Was it ... **[READ]**?

→ **SPONTANEOUS, multiple response.**

→ Please tick what applies for each growing area. Only one answer possible per growing area. Note down other if not in list.

	Growing area A	Growing area B
Transplanted (TR)	1	1
Direct-seeded (DS)	2	2
Direct-seeded, wet-sown (DSWS)	3	3

K. Planting and fruit development - SUGARCANE

ONLY APPLY THIS PART IF Q4=17 (SUGARCANE)

We will now focus on the practices you plan to do including the seeding, labor hours and machinery used.

141. Could you please note down the sugarcane variety that has been used for each growing area for sugarcane?

→ Please note down the sugarcane variety that has been used for each growing area.

	Growing area A	Growing area B
Sugarcane variety

142. What is the date of planting for each growing area for sugarcane?

→ Please note down the date of planting for each growing area.

	Growing area A	Growing area B
Date of planting	---.---.--- (DD.MM.YYYY)	---.---.--- (DD.MM.YYYY)

145. Which of the following planting types have been used for each growing area for sugarcane?

→ SPONTANEOUS, single response.

→ Please tick what applies. Please write down other if needed.

	Growing area A	Growing area B
Mechanical planting	1	1
Manual planting	2	2
Both mechanical and manual planting	3	3
98. Other. Specify		
Don't know / no answer	99	99

146. What is the replanting cycle (generation) for each growing area for sugarcane?

→ SPONTANEOUS, single response.

→ Please circle the replanting cycle that applies. Please write down other if needed.

	Growing area A	Growing area B
First cycle: plant cane	1	1
Second cycle/ratoon	2	2
Third cycle/ratoon	3	3
Fourth cycle/ratoon	4	4
Fifth cycle/ratoon	5	5
Sixth cycle/ratoon	6	6
Seventh cycle/ratoon	7	7
Eight cycle/ratoon	8	8
Ninth cycle/ratoon	9	9
Tenth cycle/ratoon	10	10
Other specify:	98	98
Don't know / no answer	99	99

IF Q146=1 (first cycle)

147. When have the young plants been planted for each growing area for sugarcane?

→ Please write down the date of planting for each growing area.

	Growing area A	Growing area B
Planting date	-- . -- . ---- (DD.MM.YYYY)	-- . -- . ---- (DD.MM.YYYY)

IF Q146≠1 (not first cycle)

149. For the plant cane in the first cycle, what was the total metric ton of cane per hectare that has been achieved for each growing area?

→ Please write down the total **metric tons** of cane per **hectare** for each growing area.

	Growing area A	Growing area B
Total metric tons of canes per hectare plant cane metric ton/ha metric ton/ha

382. Please describe per growing area the type of machinery/equipment used and indicate the amount of labor used for each operation performed during the season for [TARGET CROP].

1. Indicate if you have done this activity or not. If YES: please continue with all other questions related to this activity below

- A. What is the number of hours spent by all workers for that specific operation?
 ▪ e.g. if 5 workers worked 8 hours for clearing the field, this represents 40 hours)
 ▪ Please note that this includes all hours spent for all types of labor regarding that operation (e.g. also for driving a machine)
- B. How many people were involved in this operation?
 ▪ Including yourself, seasonal workers, contractors,...
- C. What is the type of machinery/equipment that was used for this operation?
 ▪ e.g. 2 tractors and 1 plough
- C1. For each type of equipment: Is this manual labor, fuel driven or energy driven?
- D. How many hours was the machinery/equipment used for this activity?

	Growing area A					
	382_1: Did you apply the activity? 1=Yes 2=No	a. Number of hours spent by all workers	b. Number of people involved	c. Type of machinery/equipment used	c1. Manual labor, fuel or energy driven 1=Manual labor 2=Fuel driven 3=Energy driven	d. Number of machinery hours
1. Clearing Removing remains of the crop, e.g. stumps, stones or other obstacles.						
2. Ploughing Breaking and turning over the earth with a plow.						
3. Digging Loosening the earth or digging a hole.						
4. Ridging Plowing alternate strips by throwing the furrow onto the unplowed strip.						
5. Ripping Breaking up the compacted soil layers.						
6. Land levelling Levelling the field to improve e.g. irrigation or water usage.						
9. Mulching Covering the soil to improve crop growth, e.g. to make soil more moist.						
10.Sowing or planting						

	Growing area B

ALL OF THE FOLLOWING QUESTIONS ONLY APPLY FOR RUSSIA SUNFLOWER (Q2=35 and Q4=18)

2500. We are now going to talk about the criteria that you consider when buying SUNFLOWER seeds. Could you please indicate the importance of each item on a 10-point scale, where:

1 = not important

10 = very important

→ Please circle the importance for each item.

	1 not impor- tant	2	3	4	5	6	7	8	9	10 very impor- tant	99 Don't know / no answer
1) Sunflower seeds that result in higher yields	1	2	3	4	5	6	7	8	9	10	99
2) Sunflower seeds that are resistant to broomrape	1	2	3	4	5	6	7	8	9	10	99
3) Sunflower seeds that are drought tolerant	1	2	3	4	5	6	7	8	9	10	99
4) Sunflower seeds that result in a higher oil content	1	2	3	4	5	6	7	8	9	10	99
5) Sunflower seeds that reduce the time of ripening	1	2	3	4	5	6	7	8	9	10	99
6) Sunflower seeds that are resistant to diseases	1	2	3	4	5	6	7	8	9	10	99

2500 B Are there any other items that are not included in the list above regarding important criteria when buying seeds?

→ Please note down important items

2501. What are, according to you, the 3 most critical planting qualities of SUNFLOWER seeds? Please circle in the first column the most important criteria, the second most important criteria in the second column and the third most important criteria in the third column.

END OF PRE-HARVEST INTERVIEW

INTERVIEWER - PLEASE READ:

This ends the pre-harvest interview. Before we close, I would like to go through the topics of the next interview. I would like to ask you to fill in the rest of the interview prior to our next appointment.

Also, can we schedule the next visit already? When will you harvest [TARGET CROP]? When can we meet again?

INSTRUCTIONS FOR INTERVIEWER - VISIT 2

Please use this instruction sheet during the set-up of the after harvest interview ('VISIT 2'). Make sure to check-off all applicable boxes as you go. End by filling out your name and signature at the bottom of the page.

➤ Note down unique ID number:

Country code (see country codes in Q2)

Farm type (1=RF and 2=BF)

Unique respondent number

--	--	--	--	--	--

Diagram showing arrows indicating the mapping of fields to labels:

- Country code (see country codes in Q2) points to the first two boxes.
- Farm type (1=RF and 2=BF) points to the third box.
- Unique respondent number points to the last three boxes.

FOR REPEATED RESPONDENTS, PLEASE USE EXISTING UNIQUE ID NUMBER.

➤ Note down date of VISIT 2:

				2	0	1	6
--	--	--	--	---	---	---	---

Please check off boxes to confirm all was done:

- Check which target crop you should discuss
- Check on which growing areas you should focus
- Remind grower about the target crop and growing areas
- Ask grower if he/she has already filled out the questionnaire
- Ask grower if he/she has already filled out the questions on product usage (Q229c and Q241).
If yes, go through document together to see if all is clear.
- Take about two pictures of the farmer and of his growing areas

➤ NAME INTERVIEWER:

➤ SIGNATURE INTERVIEWER:

PART V: FARMING PRACTICES - AFTER HARVEST

242. Please fill out the **unique code**, given by the interviewer (has to be the same as in Q1):

UNIQUE CODE: **XX X XXX**

Country code (See country codes Q2)

Farm type (1=RF and 2=BF)

Respondent number (Unique respondent number)

242. A. Please fill out the **date of the interview**:

Date (Date in DD.MM.YYYY)

V. Fertilizer usage

We will now ask some questions about your fertilizer usage, including the amounts and number of applications.

224 A. Did you perform a **soil test** for each growing area of **[TARGET CROP]**?

	Growing area A	Growing area B
Yes	1	1
No	2	2

IF Q224A=1 (performed a soil test)

224 C1. Was the soil test done by a commercial laboratory, via electrical meters, or by using a do-it-yourself kit?

→ Single response.

	Growing area A	Growing area B
Farmer (myself)	1	1
Electrical meters	2	2
Commercial laboratory	3	3
Other Specify:	98	98
Don't know / no answer	99	99

IF Q224A=1 (performed a soil test)

224 C2. Based on the results of the soil test, can you please indicate, for each element, whether its presence in the soil is very low, low, moderate, high or very high?

→ Read list.

→ Single response per row.

	Growing area A					
	1 Very low	2 Low	3 Moderate	4 High	5 Very high	99 Don't know / no answer
1 Nitrogen (N)	1	2	3	4	5	99
2 Phosphorus (P)	1	2	3	4	5	99
3 Potassium (K)	1	2	3	4	5	99
4 Sulfur	1	2	3	4	5	99
5 Calcium	1	2	3	4	5	99
6 Magnesium	1	2	3	4	5	99
7 pH-value	1	2	3	4	5	99
8 Soil moisture content	1	2	3	4	5	99

	Growing area B					
	1 Very low	2 Low	3 Moderate	4 High	5 Very high	99 Don't know / no answer
1 Nitrogen (N)	1	2	3	4	5	99
2 Phosphorus (P)	1	2	3	4	5	99
3 Potassium (K)	1	2	3	4	5	99
4 Sulfur	1	2	3	4	5	99
5 Calcium	1	2	3	4	5	99
6 Magnesium	1	2	3	4	5	99
7 pH-value	1	2	3	4	5	99
8 Soil moisture content	1	2	3	4	5	99

IF Q224A=1 (performed a soil test)

224 D. Are there any other interesting conclusions you can share based on the soil test for each growing area?

→ Please probe for the percentage of N, P and K in the soil as this is always tested during soil analysis

Growing area A	Growing area B

IF Q224A=1 (performed a soil test)

224 E. Which measures did you take based on the results of the soil test for each growing area?

Growing area A	Growing area B

224. Do you apply organic fertilizers on each of the growing areas for [TARGET CROP]?

→ Please tick what applies. (SR)

	Growing area A	Growing area B
Yes	1	1
No	2	2

IF Q224A=1 (applies organic fertilizers)

225. B. Which types of organic fertilizer have you used?

→ READ, multiple response.

→ Please tick what applies. Please write down other if not in list.

	Growing area A	Growing area B
Animal manure	1	1
Compost (a mix of organic matter such as leaves, that has decayed or decomposed)	2	2
Green manure (remains of a crop that are plowed under the soil to improve fertility)	3	3
96. Other specify 1:		
97. Other specify 2:		
98. Other specify 3:		
Don't know / no answer	99	99

226. Do you apply chemical fertilizers on each of the growing areas for [TARGET CROP]?

→ Please tick what applies. (SR)

	Growing area A	Growing area B
Yes	1	1
No	2	2

IF Q2=5 (BELGIUM) AND IF Q226=1

227. Do you carry out row-by-row and/or broadcast (entire field) fertilizer spreading on your cauliflower plots?

→ Please tick what applies. (SR)

	Growing area A	Growing area B
Only row by row fertilizer	1	1
Only broadcast fertilizer	2	2
A combination of row by row and broadcast fertilizer	3	3
Don't know / no answer	99	99

→ Please note down the total amount of fertilizer applications that applies for each growing area.

→ Interviewer note: Please note down the date of first field preparation (see Oxx).

→ Interviewer note: Please note down the date of pruning (see Qxx).

l. What is the amount of one package of the product that you applied? (in liter or kilogram)

GROWING AREA A

382. Please describe per growing area the type of machinery/equipment used and indicate the amount of labor used for each operation performed during the season for [TARGET CROP].

1. Indicate if you have done this activity or not. If YES: please continue with all other questions related to this activity below

- A. What is the number of hours spent by all workers for that specific operation?
- e.g. if 5 workers worked 8 hours for clearing the field, this represents 40 hours)
 - Please note that this includes all hours spent for all types of labor regarding that operation (e.g. also for driving a machine)
- B. How many people were involved in this operation?
- Including yourself, seasonal workers, contractors,...
- C. What is the type of machinery/equipment that was used for this operation?
- e.g. 2 tractors and 1 plough
- C1. For each type of equipment: Is this manual labor, fuel driven or energy driven?
- D. How many hours was the machinery/equipment used for this activity?

Growing area A					
382_1: Did you apply the activity? 1=Yes 2=No	a. Number of hours spent by all workers	b. Number of people involved	c. Type of machinery/equipment used	c1. Manual labor, fuel or energy driven 1=Manual labor 2=Fuel driven 3=Energy driven	d. Number of machinery hours
8. Applying fertilizers (both chemical and organic)					

Growing area B					
382_1: Did you apply the activity? 1=Yes 2=No	a. Number of hours spent by all workers	b. Number of people involved	c. Type of machinery/equipment used	c1. Manual labor, fuel or energy driven 1=Manual labor 2=Fuel driven 3=Energy driven	d. Number of machinery hours
8. Applying fertilizers (both chemical and organic)					

38200. C. When considering fertilizer applications, is there anything you have done differently in this season compared to previous years?

→ Spontaneous.

Growing area A	Growing area B

38222. B. Did you outsource fertilizer applications and have another company/agency conduct this?

→ Please write down if the fertilizer application is being outsourced and if this was completely or partially conducted by a third party.

Growing area A		
	a. Activity outsourced to ...	c. Activity completely or partially done via outsourcing? 1=completely 2=partially
1.		
2.		
3.		

Growing area B		
	a. Activity outsourced to ...	c. Activity completely or partially done via outsourcing? 1=completely 2=partially
1.		
2.		
3.		

X. Crop protection products

240 E. We now would like to better understand the pest pressure on the selected growing areas. Can you please tell us whether you consider the pressure of insects, diseases and weeds having been high, medium or low, for each growing area during the season of [TARGET CROP]?

→ READ, single response per category.

→ Please indicate the pressure below. Also ask if there are other important elements and note these down in the 'other specify' category.

		Growing area A		Growing area B	
	Insects	High	3	High	3
		Medium	2	Medium	2
		Low	1	Low	1
		No pressure	90	No pressure	90
	Diseases	High	3	High	3
		Medium	2	Medium	2
		Low	1	Low	1
		No pressure	90	No pressure	90
	Weeds	High	3	High	3
		Medium	2	Medium	2
		Low	1	Low	1
		No pressure	90	No pressure	90
98. Other specify 1:		High	3	High	3
		Medium	2	Medium	2
		Low	1	Low	1
Don't know/no answer		99		99	

240 B. And which measures did you take to prevent pests to develop on each growing area?

→ Please describe.

	Growing area A	Growing area B
Measures to prevent insects		
Measures to prevent diseases		
Measures to prevent weeds		
98. Other measures:		
Don't know / no answer	99	99

240 D. Could you please note down the total number of treatments you perform with crop protection products (fungicide, insecticide, herbicide, miticidas / acaricides, rodenticides, nematicidas / molluscicides, plant growth regulator/harvest aids/adjuvants) on each of the growing areas for [TARGET CROP]?

→ Please note down the total amount of crop protection product applications that applies for each growing area.

→ Interviewer note: The answer should correspond with the number of applications filled in for Q241.

→ Exclude seed treatment products and fertilizer applications!

	Growing area A	Growing area B
Number of crop protection product applications

241. Could you please note down, on the next page, all crop protection products that have been used for growing area A and growing area B for [TARGET CROP]?

→ IF Q4=3; 4; 7; 8; 10; 12; 13; 14; 15; 17; 18; 19; 20; 21 (= all field crops) - Please note down the date of first field preparation (see Q34).

→ IF Q4=1; 2; 5; 6; 9; 11; 16 (= all tree crops) - Please note down the date of pruning (see Q34).

	Growing area A	Growing area B
First field preparation	--.---.---- (DD.MM.YYYY)	--.---.---- (DD.MM.YYYY)

	Growing area A	Growing area B
Date of pruning	--.---.---- (DD.MM.YYYY)	--.---.---- (DD.MM.YYYY)

→ Please note down the following details per product. Please look in your crop protection products storage room if you don't know all details by heart.

→ Please note this information down per treatment. Consider one table on one page for one treatment.

- a. On what date did you apply the treatment?
- b. What is the type of product you applied?
 - Fungicide, insecticide, herbicide, miticidas / acaricides, rodenticides, nematicidas / molluscicides, plant growth regulator/harvest aids/adjuvants
- c. What is the brand product name?
 - e.g. Engeo. Please include all details of the product name.
- c1. What is the brand product formulation?
 - e.g. 247 SC
- d. What is the dosage that you applied?
 - Note down dosage in g/ha for solid products.
 - Not down dosage in ml/ha for liquid products.
 - Always refer to the concentrate of a product (not the solution in water)
- e. What is the unit of quantity of the product applied?
 - Indicate the unit of quantity: grams or milliliter per hectare.
- f. What is the amount of water in which you have solved the product (per hectare)?
- g. What is the pest/disease/weed that is targeted?
- h. What is the level of pest/disease/weed pressure? Is this low, medium or high?
- i. What is the percentage of the area that is treated against pests/diseases/weeds?
- j. What is the percentage of the area that is free of pests/diseases/weeds at harvest?
- k. Which type of application equipment did you use?
 - Hand operated sprayers (e.g. knapsack), motorized boom sprayer, airblast sprayer, granular applicator, Aerial applicator, other.
 - If other, please specify.
- l. What is the total price of one package of the product that you applied? (not per liter or per kilogram)
- m. What is the amount of one package of the product that you applied? (in liter or kilogram)

242. B. Could you please describe to which extent your crop protection program differs compared to the previous season for each growing area of [TARGET CROP]? Please think about differences in products, formulations of products, dosages, techniques,...

→ Please describe.

Growing area A	Growing area B

382. Please describe per growing area the type of machinery/equipment used and indicate the amount of labor used for each operation performed during the season for [TARGET CROP].

1. Indicate if you have done this activity or not. If YES: please continue with all other questions related to this activity below

- A. What is the number of hours spent by all workers for that specific operation?
 - e.g. if 5 workers worked 8 hours for clearing the field, this represents 40 hours)
 - Please note that this includes all hours spent for all types of labor regarding that operation (e.g. also for driving a machine)
- B. How many people were involved in this operation?
 - Including yourself, seasonal workers, contractors,...
- C. What is the type of machinery/equipment that was used for this operation?
 - e.g. 2 tractors and 1 plough
- C1. For each type of equipment: Is this manual labor, fuel driven or energy driven?
- D. How many hours was the machinery/equipment used for this activity?

	Growing area A					
	382_1: Did you apply the activity? 1=Yes 2=No	a. Number of hours spent by all workers	b. Number of people involved	c. Type of machinery/equipment used	c1. Manual labor, fuel or energy driven 1=Manual labor 2=Fuel driven 3=Energy driven	d. Number of machinery hours
11.Scouting for pests and diseases						
12.Applying pesticides						
15.Weeding (mechanical)						

	Growing area B					
	382_1: Did you apply the activity? 1=Yes 2=No	a. Number of hours spent by all workers	b. Number of people involved	c. Type of machinery/equipment used	c1. Manual labor, fuel or energy driven 1=Manual labor 2=Fuel driven 3=Energy driven	d. Number of machinery hours
11.Scouting for pests and diseases						
12.Applying pesticides						
15.Weeding (mechanical)						

38200. When considering all activities stated in the table above, is there anything you have done differently in this season compared to previous years?

→ Spontaneous.

Growing area A	Growing area B

38222. Are there any activities that you outsourced and have another company/agency conduct this?

→ Please write down the number of the activity (refer to Q382) that is being outsourced and if this was completely or partially conducted by a third party.

Growing area A			
	a. Activity outsourced to ...	b. Activity outsourced for act ... (please use Q382 activity number)	c. Activity completely or partially done via outsourcing? 1=completely 2=partially

M. Harvest timing & quality per crop - field crops

ONLY APPLY THIS PART IF Q4=3; 4; 7; 8; 10; 12; 13; 14; 15; 18; 19; 20; 21 (= all field crops)

We will now ask some questions about the crop at harvest, including the harvest timing and yield.

75. What is the final stand - i.e. the number of plants - per m² for each growing area for [TARGET CROP]?

→ Please note down the final stand (number of plants) per m² for each growing area.

	Growing area A	Growing area B
Final stand/Plant densityplants/m ²plants/m ²

76. Prior to harvest, could you please indicate the percentage of the plot area that is lodged for each growing area for [TARGET CROP]? This is when the stem bends over near the ground level, which implies that this part of the crop is lost.

→ Please note down the percentage for each growing area.

	Growing area A	Growing area B
% plot area lodged%%

243. When was the harvest period for each growing area for [TARGET CROP]?

→ Please write down the harvest period for each growing area.

	Growing area A		Growing area B	
Harvest period	A	From ____ . ____ . ____ (DD.MM.YYYY)	A	From ____ . ____ . ____ (DD.MM.YYYY)
	B	Until ____ . ____ . ____ (DD.MM.YYYY)	B	Until ____ . ____ . ____ (DD.MM.YYYY)

IF Q4=7 (CORN)

107. Could you please indicate the average number of cobs per square meter during flowering for each growing area for corn?

→ Please write down the average number of cobs per m² for each growing area.

	Growing area A	Growing area B
Average number of cobs per m ²cobs/m ²cobs/m ²

IF Q4=12 OR 19 (PEPPER/TOMATO)

327. Please indicate the number of harvests/pickings per year for each growing area for tomatoes/peppers?

→ Please write down the number of harvests/pickings for each growing area.

	Growing area A	Growing area B
Number of harvests/pickings per year Harvests/year Harvests/year

IF Q4=3, 12, 14, 15, 19, 20, OR 21 (BARLEY/PEPPER/RICE/SOYBEAN/TOMATO/WATERMELON/WHEAT)

244. What is the marketable yield that has been achieved for each growing area for [TARGET CROP] in metric tons per hectare?

→ Please write down the measured yield as accurately as possible.

	Growing area A	Growing area B
Yieldmetric ton/hametric ton/ha

IF Q4=12 OR 19 (PEPPER/TOMATO)

4091. What is the average size (diameter) of one tomato/pepper harvested on average?

	Growing area A	Growing area B
Average size (diameter) cm cm

IF TOMATO/PEPPER

4092. What is the number of marketable tomatoes/peppers fruits per square meter?

	Growing area A	Growing area B
Fruits/m ²	... Fruits/m ²	... Fruits/m ²

IF Q2=20 (ITALY) AND IF Q4= 19 (TOMATO)

4092. B What is the percentage of waste, i.e. the percentage of tomato that is not marketable, for each growing area?

	Growing area A	Growing area B
Percentage of waste	... %	... %

IF Q2=20 (ITALY) AND IF Q4= 19 (TOMATO)

4092. C Could you please specify the production cycle (early, medium, long) for each growing area of tomato?

→ Single response.

	Growing area A	Growing area B
Early	1	1
Medium	2	2
Long	3	3
Don't know / no answer	99	99

IF Q4=7 (CORN)

273. B. Please indicate the % of the area that is harvested for grain corn and silage corn.

→ Please note down the percentage.

	Growing area A	Growing area B
% area for grain corn%%
% area for silage con%%

IF Q4=7 (CORN)

274. What is the yield (marketable yield) that has been achieved for each growing area for corn in **metric tons per hectare**?

→ Please write down the measured yield as accurately as possible.

	Growing area A	Growing area B
Grain yield - harvested for grains onlymetric ton/hametric ton/ha
Silage yield - Entire plant is harvested and fermented for silagemetric ton/hametric ton/ha

IF Q2 = 7 (CHINA) and Q4=7 (CORN)

274 B Directly after harvesting, what was the average moisture content for each growing area for corn?

→ Please write down the moisture content for each growing area.

	Growing area A	Growing area B
Moisture content%%

IF Q4=13 (POTATO)

299. What is the tuber yield (marketable yield) that has been achieved for each growing area for potato in **metric tons per hectare**?

→ Please write down the measured yield as accurately as possible.

	Growing area A	Growing area B
Tuber yieldmetric ton/hametric ton/ha

IF Q4=4 (CAULIFLOWER)

371. How many times do you pick each variety on each cauliflower field?

→ Please write down the number of harvests for each variety for each field.

	Growing area A		Growing area B

N. Harvest timing & quality per crop - tree crops

ONLY APPLY THIS PART IF Q4=1; 5; 6; 9; 11; 16 (= all tree crops)

We will now ask some questions about the crop at harvest, including the harvest timing and yield.

IF Q4=5, 6 OR 9 (COCOA, COFFEE, GRAPES)

201. When did the first trees reach the flowering stage for each growing area for [TARGET CROP]?

→ Please write down the flowering date for each growing area.

	Growing area A	Growing area B
Flowering date	--.---.---- (DD.MM.YYYY)	--.---.---- (DD.MM.YYYY)

IF Q4=5 (COCOA)

212. Rain during flowering damages the flowers. What percentage of the trees was damaged for each growing area for cocoa?

→ Please note down the percentage of trees damaged for each growing area.

	Growing area A	Growing area B
Percentage of trees damaged% %

IF Q4=5 (COCOA)

213. What is the average number of green pods per 25 trees (randomly selected) before the green pods become orange for each growing area for cocoa?

→ Please randomly select 25 trees that have pods per growing area. Please note down the average number of green pods of these 25 trees for each growing area.

	Growing area A	Growing area B
Average number of green pods per 25 treesgreen pods/25 trees green pods/25 trees

IF Q4=6 (COFFEE)

203. When did the fruit development start for each growing area for coffee?

→ Please write down the fruit development date for each growing area.

	Growing area A	Growing area B
Fruit development date	--.---.---- (DD.MM.YYYY)	--.---.---- (DD.MM.YYYY)

NOT APPLICABLE IF Q4=9 (GRAPE)

204. Could you please indicate the average number of fruits per tree for each growing area for [TARGET CROP]?

→ Please write down the average number of fruits per tree for each growing area.

	Growing area A	Growing area B
Average number of fruit per treefruit/treefruit/tree

IF Q4=9 (GRAPE)

100. Could you please indicate the average number of grape bunches per vine for each growing area for grape?

→ Please write down the average number of grape bunches per vine for each growing area.

	Growing area A	Growing area B
Average number of grape bunches per vinegrape bunches/vine grape bunches/vine

IF Q4=9 (GRAPE)

101. Could you please indicate the average number of berries per bunch for each growing area for grape?

→ Please write down the average number of berries per bunch for each growing area.

	Growing area A	Growing area B
Average number of berries per bunchberries/bunch berries/bunch

IF Q2=20 (ITALY) and IF Q4=9 (GRAPES) and if CLUSTER 1 OR 2

1020. What is the number of bottles produced per hectare for each growing area for grape?

→ Please write down the bottles produced per hectare for each growing area.

	Growing area A	Growing area B
Number of bottles producedbottles/habottles/ha

IF Q2=20 (ITALY) and IF Q4=9 (GRAPES) and if CLUSTER 1 OR 2

1021. What is the number of bottles blocked (no market access) per hectare for each growing area for grape?

→ Please write down the bottles blocked per hectare for each growing area.

	Growing area A	Growing area B
Number of bottles blockedbottles/habottles/ha

IF Q2=20 (ITALY) AND Q1010=1 (WINE GRAPE)

266. C. Please indicate the BRIX content level in percentage (i.e. the final sugar content and the potential alcohol level) of your yield for each growing area for [TARGET CROP].

→ Please write down the percentage for each growing area.

	Growing area A	Growing area B
BRIX-level in percentage%%

IF Q4=16 (STONE FRUIT)

4101. What is the average size (diameter) of one stone fruit harvested on average?

→ Please write down the average size of one stonefruit for each growing area.

	Growing area A	Growing area B
Average size (diameter) cm cm

360. When was the harvest period for each growing area for [TARGET CROP]?

→ Please write down the harvest period for each growing area.

	Growing area A		Growing area B	
Harvest period	A	From (DD.MM.YYYY)	A	From (DD.MM.YYYY)

	B	Until ____ . ____ . ____ (DD.MM.YYYY)	B	Until ____ . ____ . ____ (DD.MM.YYYY)
--	---	--	---	--

361. In which months did the harvest peak for each growing area for [TARGET CROP] during this season?

→ SPONTANEOUS, multiple response.

→ Please circle the harvest peak months for each growing area.

	Growing area A	Growing area B
January	1	1
February	2	2
March	3	3
April	4	4
May	5	5
June	6	6
July	7	7
August	8	8
September	9	9
October	10	10
November	11	11
December	12	12
Don't know / no answer	99	99

NOT APPLICABLE IF Q4=5 OR 6 (COCOA/COFFEE)

351. A. What is the yield (immediately after harvest) that has been achieved for each growing area for [TARGET CROP] in metric tons per hectare?

→ Please write down the yield for each growing area.

	Growing area A	Growing area B
[TARGET CROP] yield (after harvest)metric ton/hametric ton/ha

IF Q2=20 (ITALY) and IF Q4=9 (GRAPES)

351. B. For the grape variety you are cultivating, what is the maximum yield you may obtain? This refers to the official limits for wine grapes as defined in your country.

→ Please write down the yield for each growing area.

→ Please use -2 if no official yield limits apply.

	Growing area A	Growing area B
Maximum yield to be obtainedmetric ton/hametric ton/ha

IF Q4=6 (COFFEE)

362. What is the coffee yield (marketable yield - dried beans) that has been achieved for each growing area for coffee in metric tons per hectare?

→ Please write down the measured yield as accurate as possible.

	Growing area A	Growing area B
Coffee yieldmetric ton/hametric ton/ha

IF Q2=43 (VIETNAM) and Q4=6 (COFFEE) and Q66=12

362. B. You mentioned you are intercropping coffee and pepper this season. What is the pepper yield (marketable yield) that has been achieved for each growing area for coffee in metric tons per hectare?

	Growing area A	Growing area B
Pepper yieldmetric ton/hametric ton/ha

IF Q4=5 (COCOA)

366. What is the yield (marketable yield) that has been achieved for each growing area for cocoa in metric tons per hectare?

→ Please write down the yield for each growing area.

	Growing area A	Growing area B
Yieldmetric ton/hametric ton/ha

IF Q4=5 (COCOA)

369. What is the weight of the dried cocoa yield at the end of the post-harvest process (with humidity close to 8%) for each growing area for cocoa in metric tons per hectare?

→ Please write down the weight of dried cocoa yield for each growing area.

	Growing area A	Growing area B
Weight dried yieldmetric ton/hametric ton/ha

4094. Who measured the yield on each of the growing areas?

→ SPONTANEOUS, multiple response.

Growing area A	Growing area B

382. Please describe per growing area the type of machinery/equipment used and indicate the amount of labor used for each operation performed during the season for [TARGET CROP].

1. Indicate if you have done this activity or not. If YES: please continue with all other questions related to this activity below

- A. What is the number of hours spent by all workers for that specific operation?
- e.g. if 5 workers worked 8 hours for clearing the field, this represents 40 hours)
 - Please note that this includes all hours spent for all types of labor regarding that operation (e.g. also for driving a machine). This also includes the farmer's own labor hours.
- B. How many people were involved in this operation?
- Including yourself, seasonal workers, contractors,...
- C. What is the type of machinery/equipment that was used for this operation?
- e.g. 2 tractors and 1 plough
- C1. For each type of equipment: Is this manual labor, fuel driven or energy driven?
- D. How many hours was the machinery/equipment used for this activity?

Growing area B

K. Harvest timing & quality per crop - SUGARCANE

ONLY APPLY THIS PART IF Q4=17 (SUGARCANE)

144. What is the final stand - i.e. the average total number of plants per **square meter** for each growing area for sugarcane?

→ Please note down the total number of plants per **m²** for each growing area.

	Growing area A	Growing area B
Final stand/Plant densityplants/ m²plants/ m²

148. C. Could you please indicate the number of sugarcane failures in %-age at 60 days after planting for each growing area for sugarcane?

→ Please note down the percentage.

	Growing area A	Growing area B
Number of sugarcane failures at 60 days after planting%%

148. D. Could you please indicate the number of sugarcane failures in %-age at 200 days after planting for each growing area for sugarcane?

→ Please note down the percentage.

	Growing area A	Growing area B
Number of sugarcane failures at 200 days after planting%%

148. E. Prior to harvest, could you please indicate the percentage of the plot area that is lodged for each growing area for sugarcane? This is when the stem bends over near the ground level.

→ Please note down the percentage.

	Growing area A	Growing area B
% plot area lodged%%

319. When was the harvest period for each growing area for sugarcane?

→ Please write down the harvest period for each growing area.

	Growing area A		Growing area B	
Harvest period	A	From _ . _ . _ . _ . _ . _ . (DD.MM.YYYY)	A	From _ . _ . _ . _ . _ . _ . (DD.MM.YYYY)
	B	Until _ . _ . _ . _ . _ . _ . (DD.MM.YYYY)	B	Until _ . _ . _ . _ . _ . _ . (DD.MM.YYYY)

320. What is the total **metric tons** of cane per **hectare** that has been achieved for each growing area for sugarcane?

→ Please write down the total **metric tons** of canes per **hectare** for each growing area.

	Growing area A	Growing area B
Total metric tons of canes per hectare metric ton/ha metric ton/ha

321. What is the **TRS (total recovered sugar)** for each growing area for sugarcane?

→ Please write down the TRS for each growing area.

	Growing area A	Growing area B
TRS metric ton/ha metric ton/ha

322. What is the **use of the sugarcane harvest** in percentage for each growing area?

→ Please write down the percentage of usage. Please write down others if needed.

Y. After harvest

We will now ask some questions about the crop after harvest, including what you do with it and possible losses due to transportation.

4000. What do you do with your harvested crop for each growing area of [TARGET CROP]?

→ SPONTANEOUS, multiple response.

→ Please circle all that apply.

	Growing area A	Growing area B
I store it for own consumption	1	1
I store a part of it for own consumption	2	2
I dry it before selling it	3	3
I sell it on the local market	4	4
I sell it to a trader	5	5
I sell it to a wholesaler	6	6
I sell it to a feed processing plant	7	7
I sell it to a cooperative I am part of	8	8
I sell it directly to the mill	9	9
I sell it directly to a retailer as part of a quality contract	10	10
I sell it to a government owned rural collection center	11	11
96. Other. Specify 1:		
97. Other. Specify 2:		
98. Other. Specify 3:		
Don't know / no answer	99	99

4001. What is the percentage of crop lost in-between harvest and storage or selling for each growing area of [TARGET CROP]?

→ Please write down the percentage of crop lost in-between harvest and storage or selling for each growing area.

	Growing area A	Growing area B
Percentage of crop lost in-between harvest and storage or selling%%

4002. Do you take measures to prevent post-harvest loss for each growing area of [TARGET CROP]?

	Growing area A	Growing area B
Yes	1	1
No	2	2

IF Q2=20 (ITALY) AND IF Q4= 19 (TOMATO)

4002 B Please indicate the tare post-harvest in percentage (i.e. the net content that is marketable) for each growing area of [TARGET CROP].?

→ Please write down the percentage of tare post-harvest for each growing area

	Growing area A	Growing area B
Percentage of tare post-harvest%%

IF Q4002=1 (measures taken to prevent post harvest loss)

4003. Which measures do you take to prevent post-harvest loss for each growing area of [TARGET CROP]?

→ *Please describe the measures that you take.*

Growing area A	Growing area B

PART VI - OTHER INPUTS - AFTER HARVEST

A. Input costs

We will now ask some questions about the revenue of your crop as well as the costs of the inputs you use to produce your crop.

377. What is the estimated revenue in **USD** per **hectare** for each growing area of [TARGET CROP]?

→ Please write down in **\$/ha**.

→ Interviewer note: this is not referring to the actual profit but to the total REVENUE.

	Growing area A	Growing area B
Estimated revenue	... \$/ha	... \$/ha
Don't know / no answer	-1	-1

IF Q377= -1 (don't know the estimated revenue for growing area A or B)

378. Could you please indicate the estimated revenue for [TARGET CROP] in general?

→ Please write down the general estimated revenue in **\$/ha**.

Estimated revenue	... \$/ha
Don't know / no answer	-1

379. How would you rate your profitability for each growing area for [TARGET CROP] compared to past season?

→ READ, single response.

	Growing area A	Growing area B
Very high	5	5
High	4	4
Average	3	3
Low	2	2
Very low	1	1
Don't know / no answer	99	99

IF Q2=20 (ITALY) AND IF Q379 = 5, 4, 3, 2 or 1

379. A. Can you please explain your answer for each growing area of [TARGET CROP]?

→ Spontaneous

Growing area A	Growing area B

380. What is your **total input cost** for each growing area of [TARGET CROP] from first field preparation until harvest? Please consider **trees/seeds**, fertilizers, pesticides, labor, machinery, water use, fuel, electricity, gas.

→ Please write down in **\$/ha**.

→ Please check that total revenue (Q377) minus total input costs (Q380) is larger than zero. If not, this implies that the grower is working at a loss. Please check with the grower immediately if this is true.

	Growing area A	Growing area B
Total input cost	... \$/ha	... \$/ha

4111. And how would you split this out in actual costs for each category in terms of importance of the total input cost for each growing area for [TARGET CROP]?

→ READ. Please indicate the actual cost for each category.

→ The sum should add up to the total cost indicated in Q380.

	Growing area A	Growing area B
1. Trees/Seeds	... \$ / ha	... \$ / ha
2. Fertilizers	... \$ / ha	... \$ / ha

B. Abiotic stress

We will now ask some questions about external stress factors you faced during the season.

4121. In general for the whole cultivation period, could you please rate the weather conditions for each growing area on the [TARGET CROP]?

→ READ, single response.

→ From first soil preparation until end of harvest.

	Growing area A	Growing area B
No favorable weather conditions	1	1
Normal weather conditions	2	2
Very favorable weather conditions	3	3
Don't know / no answer	99	99

IF Q4121=1 (no favorable weather conditions)

4121. B1 Can you please explain what exactly was the problem for each growing area on the [TARGET CROP]?

4121. B2 During which growth stage did this problem occur?

→ From soil preparation until end of harvest. Please indicate the growth stage and the problem.

Growing area A		
	a. Describe problem	b. During which growth stage did this occur?
1.		
2.		
3.		

Growing area B		
	a. Describe problem	b. During which growth stage did this occur?
1.		
2.		
3.		

IF Q4121=1 (no favorable weather conditions)

387. What was the impact for each growing area on the [TARGET CROP]?

→ **SPONTANEOUS, multiple response.**

→ Please tick what applies. Note down other if not in list.

	Growing area A	Growing area B
Reduced yield	1	1
Reduced yield quality	2	2
No impact	90	90
96. Other. Specify 1: ...	96	96
97. Other. Specify 2: ...	97	97
98. Other. Specify 3: ...	98	98
Don't know / no answer	99	99

388. Would you say the rain level during the season was ... [READ] for each growing area?

→ **READ, single response.**

→ Please tick what applies.

	Growing area A	Growing area B
A lot less than usual	1	1
Somewhat less than usual	2	2
The same as usual	3	3
Somewhat more than usual	4	4
A lot more than usual	5	5
98. Other. Specify:
Don't know / no answer	99	99

388 A. Thinking back of the season, how would you rate the quality of your soil for each growing area? Was the quality ... [READ]?

→ **READ, single response.**

→ Please tick what applies.

	Growing area A	Growing area B
Less than average	1	1
Average	2	2
Better than average	3	3
98. Other. Specify:
Don't know / no answer	99	99

IF Q388A=1 (less than average soil quality)

388. A1. Can you please explain what caused the soil quality to be less than average?

→ **Spontaneous.**

Growing area A	Growing area B

IF Q388=1 OR 2 (less rain during the season)

388 B. You mentioned you had less rainfall this season than usual. Was this problematic?

	Growing area A	Growing area B
Yes	1	1
No	2	2

IF Q388B=1 (low rainfall level was problematic)

388 C. Please describe during which growth stage this problem took place.

→ Please specify all applicable growth stages.

→ Multiple response.

Growing area A		Growing area B	
Growth stage 1: ...		Growth stage 1: ...	
Growth stage 2: ...		Growth stage 2: ...	
Growth stage 3: ...		Growth stage 3: ...	
Growth stage 4: ...		Growth stage 4: ...	
Growth stage 5: ...		Growth stage 5: ...	

IF Q388=4 OR 5 (more rain during the season)

388 D. You mentioned you had more rainfall this season than usual. Was this problematic?

	Growing area A	Growing area B
Yes	1	1
No	2	2

IF Q388D=1 (high rainfall level was problematic)

388 E. Please describe during which growth stage this problem took place.

→ Please specify all applicable growth stages.

→ Multiple response.

Growing area A		Growing area B	
Growth stage 1: ...		Growth stage 1: ...	
Growth stage 2: ...		Growth stage 2: ...	
Growth stage 3: ...		Growth stage 3: ...	
Growth stage 4: ...		Growth stage 4: ...	
Growth stage 5: ...		Growth stage 5: ...	

3880. Would you say the temperature during the season was ... [READ] for each growing area?

→ READ, single response.

→ Please tick what applies.

	Growing area A	Growing area B
A lot lower than usual	1	1
Somewhat lower than usual	2	2
The same as usual	3	3
Somewhat higher than usual	4	4
A lot higher than usual	5	5
98. Other. Specify:
Don't know / no answer	99	99

IF Q3880=1 OR 2 (lower temperature during the season)

3880 B. You mentioned you had lower temperatures this season than usual. Was this problematic?

	Growing area A	Growing area B
Yes	1	1
No	2	2

IF Q3880B=1 (low temperature was problematic)

3880 C. Please describe during which growth stage this problem took place.

→ Please specify all applicable growth stages.

→ Multiple response.

Growing area A		Growing area B	
Growth stage 1: ...		Growth stage 1: ...	
Growth stage 2: ...		Growth stage 2: ...	
Growth stage 3: ...		Growth stage 3: ...	
Growth stage 4: ...		Growth stage 4: ...	
Growth stage 5: ...		Growth stage 5: ...	

IF Q3880=4 OR 5 (higher temperature during the season)

3880 D. You mentioned you had higher temperatures this season than usual. Was this problematic?

	Growing area A	Growing area B
Yes	1	1
No	2	2

IF Q3880D=1 (high temperature was problematic)

3880 E. Please describe during which growth stage this problem took place.

→ Please specify all applicable growth stages.

→ Multiple response.

Growing area A		Growing area B	
Growth stage 1: ...		Growth stage 1: ...	
Growth stage 2: ...		Growth stage 2: ...	
Growth stage 3: ...		Growth stage 3: ...	
Growth stage 4: ...		Growth stage 4: ...	
Growth stage 5: ...		Growth stage 5: ...	

C. Irrigation

389. What is the MAIN water source of each growing area of [TARGET CROP] during this season? Only one answer possible.

→ READ. Note down other if not in list. (SR)

	Growing area A	Growing area B
Irrigated using irrigation equipment (e.g. rain, ponds, river, tap water,...)	1	1
Rain-fed (no equipment, only natural rainfall)	2	2
Swamp/wetland	3	3
98. Other. Specify 1:
Don't know / no answer	99	99

IF Q389=1 (if irrigation)

389. B. Which water source has been used for irrigation?

→ Spontaneous. Note down other if not in list. Multiple response

	Growing area A	Growing area B
Private connection to pipeline	1	1
Private well	2	2
Private borehole	3	3
Public river, stream	4	4
Public lake, pond	5	5
Rainwater in a tank	6	6
Water vendor	7	7
96. Other specify 1:		
97. Other specify 2:		
98. Other specify 3:		
Don't know / no answer	99	99

IF Q389=1 (if irrigation)

390. What is the number of days you have been irrigating each growing area of [TARGET CROP]?

→ Please write down the number of days.

	Growing area A	Growing area B
Number of days of irrigation	...days	...days

IF Q389=1 (if irrigation)

391. What is the average amount of hours per day you have been irrigating each growing area of [TARGET CROP]?

→ Please write down the average amount of hours per day.

	Growing area A	Growing area B
Average amount of hours per day	...hours/day	...hours/day

IF Q389=1 (if irrigation)

392. What is the amount of liters that is discharged per hour on each growing area of [TARGET CROP]?

→ Please write down the average amount of liters per hour.

→ Interviewer instruction: Please ask for the type of pump the grower used, as this indicated the amount of liters discharged per hour.

	Growing area A	Growing area B
Average amount of liters per hour	...L/hour	...L/hour

ONLY IF Q4=14 (RICE)

4131. How many days did the dry period last during the season on both growing areas?

→ Please note that we are referring to the period in which the rice crop is NOT under water.

	Growing area A	Growing area B
Number of days of dry period	...days	...days

ONLY IF Q4=14 (RICE)

4132. During the dry period, how often did you irrigate your field?

→ Please note the number of irrigations as detailed as possible.

	Growing area A	Growing area B
Number of irrigations	... times	... times

ONLY IF Q2=5 (BELGIUM) AND IF Q389=1 (if irrigation)

396. When do you irrigate each growing area of cauliflower?

→ Please tick what applies.

→ Multiple response.

	Growing area A	Growing area B
In the morning	1	1
At noon	2	2
In the evening	3	3
Don't know / no answer	99	99

IF Q389=1 (if irrigation)

382. Please describe per growing area the type of machinery/equipment used and indicate the amount of labor used for each operation performed during the season for [TARGET CROP].

1. Indicate if you have done this activity or not. If YES: please continue with all other questions related to this activity below

- A. What is the number of hours spent by all workers for that specific operation?
 ▪ e.g. if 5 workers worked 8 hours for clearing the field, this represents 40 hours)
 ▪ Please note that this includes all hours spent for all types of labor regarding that operation (e.g. also for driving a machine)
- B. How many people were involved in this operation?
 ▪ Including yourself, seasonal workers, contractors,...
- C. What is the type of machinery/equipment that was used for this operation?
 ▪ e.g. 2 tractors and 1 plough
- C1. For each type of equipment: Is this manual labor, fuel driven or energy driven?
- D. How many hours was the machinery/equipment used for this activity?

Growing area A					
382_1: Did you apply the activity? 1=Yes 2=No	a. Number of hours spent by all workers	b. Number of people involved	c. Type of machinery/equipment used	c1. Manual labor, fuel or energy driven 1=Manual labor 2=Fuel driven 3=Energy driven	d. Number of machinery hours
13.Irrigating					

Growing area B					
382_1: Did you apply the activity? 1=Yes 2=No	a. Number of hours spent by all workers	b. Number of people involved	c. Type of machinery/equipment used	c1. Manual labor, fuel or energy driven 1=Manual labor 2=Fuel driven 3=Energy driven	d. Number of machinery hours
13.Irrigating	Y / N				

38200. D When considering irrigating, is there anything you have done differently in this season compared to previous years?

→ Spontaneous.

Growing area A	Growing area B

38222. D Did you outsource the irrigation activities and have another company/agency conduct this?

→ Please write down if the irrigation activity is being outsourced and if this was completely or partially conducted by a third party.

Growing area A		
	a. Activity outsourced to ...	c. Activity completely or partially done via outsourcing? 1=completely 2=partially
1.		
2.		
3.		

Growing area B		
	a. Activity outsourced to ...	c. Activity completely or partially done via outsourcing? 1=completely 2=partially
1.

PART VII - FEEDBACK

FOR Q397G, 399, 4141A, 4141B, 399C, 399D: INTERVIEWER - PLEASE READ:

- IF Q397C=1: The following questions are about the SYNGENTA protocol. This is [INSERT NAME OF SYNGENTA PROTOCOL].
- IF Q397C=2: The following questions are about the crop recommendations you received.

IF Q397=1 (have received a recommended growing protocol)

397. **G1.** To which extent did you follow **this crop program** for each growing area of [TARGET CROP]?

→ READ, single response.

→ Please tick what applies.

	Growing area A	Growing area B
Completely followed	1	1
Partially followed	2	2
Not followed at all	3	3
Don't know / no answer	99	99

IF Q397=1 (have received a recommended growing protocol)

399. Please **explain** why you follow or do not follow the protocol.

→ Please write down why you have or have not followed the protocol.

Growing area A	Growing area B

IF Q397=1 (have received a recommended growing protocol)

4141. A. Please **explain** the elements of the protocol that worked well for your crop development.

→ Please write down in detail.

Growing area A	Growing area B

4141. B. And please explain what didn't work well.

→ Please write down in detail.

Growing area A	Growing area B

IF Q397=1 (have received a recommended growing protocol)

399. C. How satisfied are you with the protocol for each growing area of [TARGET CROP]?

→ READ, single response.

→ Please circle what applies.

	Growing area A	Growing area B
Very satisfied	4	4
Rather satisfied	3	3
Rather unsatisfied	2	2
Not satisfied at all	1	1
Don't know / no answer	99	99

IF Q399C=1 OR 2 OR 3 OR 4

399. D. Please explain your answer for each growing area of [TARGET CROP]?

→ Please explain.

Growing area A	Growing area B

ASK ALL GROWERS!

399. E. What is your opinion on The Good Growth Plan?

→ Interviewer note: Please make sure grower knows that this study is part of The Good Growth Plan.

→ Please describe.

ONLY IF Q2=22 and Q4=13 (Japan, potato)

IF Q397=1 (have received a recommended growing protocol) and IF REFERENCE FARM

399. E1. What is your opinion about the in-furrow technology you applied?

→ Please describe.

--

404. What additional services did you receive from Syngenta?

→ SPONTANEOUS, multiple response.

→ Please circle the additional services that apply. In case of others, please note down.

Advice from farmers' cooperative	1	Brochures/books	12
Advice on crop protection/use of CPP	2	Free crop protection products	13

Other. Specify 1:			96
Other. Specify 2:			97
Other. Specify 3:			98
Don't know / no answer			99

IF Q397C=1 (follow SYNGENTA protocol: [INSERT NAME OF SYNGENTA PROTOCOL])

4142. To what extent would you recommend Syngenta to your fellow farmers?

→ Please use a scale from 1 to 10 with 1 meaning that you would not recommend Syngenta to fellow farmers, and 10 meaning that you definitely would. Please use code 99 for don't know.

→ Single response.

1	2	3	4	5	6	7	8	9	10	99
---	---	---	---	---	---	---	---	---	----	----

4008. Did you use the farmer report received during the first visit?

→ Interviewer note: please explain/show the grower report again to grower if needed.

Yes	1
No	2

4009. How did the result of the farmer report influence decisions taken during this season?

→ Please explain what you did differently.

--

4010. Is there anything else you would like to share?

This completes the data collection guide. Thank you for your cooperation!
