A. Education Module

4 Education Section

Intro: Now we would like to discuss about education for children aged 6 to 14 years old. As you know, during the past year, schools were closed for some time because of COVID-19. We would like to understand how the school closures affected the children in your household. This will be useful for improving policies on education. All information and opinions you share with us will be kept strictly confidential and used for statistical purposes only. Any information that relates to you and your household will not be used in any document. Information collected from across the country will only be reported in aggregates. “
