Hello, my name is , I am an refugee/ asylum seeker. I am calling on behalf of UNHCR India, and we are conducting a study and asking questions about the education status of children and youth refugees and asylum seekers in India. This includes pre-school, primary school, secondary school and university education in India. There can be chances that more than 1 child is included in the sampling study from one household. Your answers will help UNHCR India to better understand the education status of refugees and asylum seekers during the corona virus pandemic. Your responses will be kept confidential and we assure you that we will not share individual responses with others outside of the communicated purposes of study for analysis and reporting.
