Please find below the link to a 5-minute survey led by the World Bank. This survey aims to understand how students choose the course and college for their undergraduate studies in Delhi. Your responses will greatly help us in our research.

Thank you in advance for your participation.

## **How would you choose what to study and where?**

This is a short survey led by the World Bank. We aim to understand how students choose the course and college for their undergraduate studies in Delhi.

1. Name of the school you currently attend
2. Which class are you in?
  - a. Class 12
  - b. Class 11
  - c. Other (please specify)
3. Are you familiar with the process of admissions in Delhi University?
  - a. Yes
  - b. No
4. In Delhi University you have to enroll for a course (e.g., BA (Hons) Economics) in a college (e.g., Hansraj College). If your Class 12 exam scores are above the cutoff for a course in a college, you are guaranteed admission to that course in that college.

Suppose you are deciding which combination of course and college to choose, what matters to you the most. Please score from 1 (least important) to 5 (most important):

- Course of study
  - College quality
  - Location of college
  - Safety while traveling to and from college
  - Career prospects after college
5. In what sequence will you choose between the course and college:
    - a. Choose course, then college (e.g. you choose Economics Hons. and then look for the “best” college that you are eligible to attend for Economics)
    - b. Choose college, then course (e.g. you choose Hansraj College and then look for the “best” course that you are eligible to attend at Hansraj)

- c. Choose from a combination of colleges and courses (e.g. you choose between Economics at Hansraj and Maths at Hindu)

You have reached the end of the survey. Thank you for your response!
