**NATIONAL ESTABLISHMENT CENSUS 2007**

The Statistics Act approved July 22, 2004 requests that a Census of Establishments be conducted every five years to serve as a Master Sample Frame for coordination of the National Statistical and Geo-Information System.

This Establishment Census, the first since the end of the crisis, will be conducted by LISGIS in 2007. This Census is requested to provide a frame for National Accounts and comprehensive information on economic activities for government policies and the private sector. In order to keep the burden for the respondent as low as possible, the inquiry is limited to a few variables.

The Establishment Census is compulsory. All data will be kept confidential according to the statistical law.
