DELIVERY, RETRIEVAL, VERIFICATION AND REVIEW OF QUESTIONNAIRES (cont'd.)

Activity	Person Responsible
<pre>graph TD; C((C)) --&gt; A[Review questionnaire]; A --&gt; D{Questionnaire pass editing guidelines?}; D -- No --&gt; B[Return to Enumerator for verification with establishment]; D -- Yes --&gt; E[End]; B --&gt; F[Verify with establishment]; F --&gt; G((D)); H((B)) --&gt; E;</pre> <p>The flowchart illustrates the process of reviewing and verifying questionnaires. It begins with a start node 'C' leading to the 'Review questionnaire' activity. A decision point follows: 'Questionnaire pass editing guidelines?'. If the answer is 'No', the process moves to 'Return to Enumerator for verification with establishment', then to 'Verify with establishment', and finally to node 'D'. If the answer is 'Yes', the process proceeds directly to 'End'. A separate path from node 'B' also leads to 'End'.</p>	<p>Supervisor/ Reviewer</p> <p>Supervisor</p> <p>Enumerator</p> <p>Supervisor/ Designated Personnel</p>
