

# SECTION 1. RESPONDENT'S BACKGROUND

## INTRODUCTION AND CONSENT

### INFORMED CONSENT

Hello. My name is \_\_\_\_\_ and I am working with Economic Policy, Planning and Statistics Office. We are conducting a national survey that asks women (and men) about various health issues. We would very much appreciate your participation in this survey. This information will help the government to plan health services. The survey usually takes between 30 and 60 minutes to complete. Whatever information you provide will be kept strictly confidential and will not be shown to other persons.

If we should come to any question you don't want to answer, just let me know and I will go on to the next question; or you can stop the interview at any time. We hope that you will participate in this survey since your views are important.

At this time, do you want to ask me anything about the survey?

May I begin the interview now?
