17 No. 052-98, Date: 06. 09. 2004

**Dear Madam/Sir,**

The Republic Statistical Office of Serbia is conducting a household budget survey on domestic consumption, for the purpose of collecting data on cash expenses of households for: food, clothes and footwear, rent, fuel and lightening, health care, education, traffic, PTT, hygiene, culture etc.

At the same time, the survey will help collect data on household income, dwelling conditions, as well as data on the level of supply with durable consumer goods.

Data obtained through the Survey shall be of great importance for comprehending social and economic situation in the country.

**What shall the data from this Survey be used for?**

The survey on domestic consumption is a unique research in the country that makes possible:

- analysis of structural changes in consumption resulting from changes in economy
- construction of poverty line on the basis of which is determined the level of social assistance;
- calculating personal consumption of the population in National accounts, as well as for calculating the consumers' prices index;
- calculation of quantity or value of consumption of specific products and services.

**How were you selected for participation in this Survey?**

In the Republic of Serbia were selected 4,800 households. Your household was selected at random.

**How will the Survey be conducted?**

The Survey will be conducted by an authorized interviewer from the Republic Statistical Office of Serbia, who will pay a visit to your household a few days before the beginning of the Survey. The interviewer will leave you the journal and give you instructions for filling it out in the period of 15 days. After 7 days, the interviewer will visit you and offer you the necessary assistance for keeping the journal. After 15 days the interviewer will come to collect the filled out journal and the remaining data.

**How are your data protected?**

Every information given to the interviewer, particularly personal data of citizens shall be treated as an official secret, in compliance with the Law on Statistical Researches of Interest for the Republic of Serbia and the Law on Protection of Personal Data.

Your answers will be used exclusively for the statistical purposes, as aggregate data, at the levels of the Republic of Serbia, Central Serbia and Vojvodina.

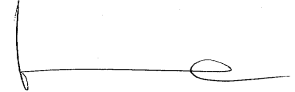

**Dear Madam/Sir,**

We hope that you and the members of your household will accept to take part in this important Survey, thus contributing, with your complete answers, to collection of data in the domain of direct interest for each and every citizen and the country as a whole.

We hereby wish to remark that **every interviewer will have an authorization issued by the Republic Statistical Office of Serbia that he/she will be obliged to present to the household.** We expect your cooperation with our interviewer to be successful.  
Thank you for cooperation, and particularly for your true answers.

Yours sincerely,

Director
