Nature, characteristics and purpose

The Survey of Living conditions is a source of statistical information about the countries of the Union

European, designed in order to obtaining comparative data on income and living conditions

of the private homes.

The penetration of these aims us leads to request its important and valuable collaboration.

Legislation

Statistical Secret

Of protection and by statistical secrecy, the personal data will be protected will be the object that

they obtain statistical services (Art. 13.1 of the Law of the Public Statistical Function of 9 May of

1989, (LFEP)). The whole statistical personnel will have the obligation to preserve statistical secrecy (Art.

17.1 of the LFEP).

Obligation to facilitate the data

Laws 4/1990 and 13/1996 establish the obligation to facilitate the data that are requested for

preparation of this Statistics.

Statistical services will be able to request data of the national individuals and companies y

foreigners, residents in Spain (Art. 10.1 of the LFEP).

All the individuals and companies that provide data must answer truthfully, exact,

complete and within the periods to the questions arranged in the necessary form by services

statistical (Art. 10.2 of the LFEP).

To look after the fulfilment of these regulations, the LFEP (Art. 48) grants to the NSI penalty capacity.

Mod. ECV-H-05

Interviewer: Read what follows the Informant ` Afterwards I am going him to make questions relating to the housing. If the members of the home have other accommodation units, take into account that we refer only to the latter.'

B principal Housing

B.1 General Characteristics of the principal housing

3 Class of housing and type of building

Interviewer: Mark with a cross the right option according to it is the housing and the type of

building. In case of a doubt ask to the interviewed one.

Independent single-family housing

_____ 1
Pareada back-to-back single-family housing or

_____ 2
Floor or flat in a building of less than 10 accommodation units

_____ 3
Floor or flat in a building with 10 or more accommodation units

_____ 4
Housing situated in a building intended principally for others purposes (college, office, workshop, etc.)

_____ 5
Other type of housing (cabin, hut, shack, etc.)

_____ 6

4 How much rooms has the housing?

(: dormitories, dining rooms, rooms, rooms to be, as well as the kitchens Must be included, when in them

besides cooking, to see the tele, etc. will be included may be eaten Also: storage rooms, cellars and desvanes that

having 4 m2 or more and access from the interior of the housing, are used for residential purposes).

(: rooms of bath or hygiene, terraces, corridors, lobbies, vestidores, despensas and those Must be excluded

rooms used exclusively for professional practices, as well as the kitchens when they serve only stops

cook).

Number of

rooms I__I__I

5 The does housing Have the following facilities?

IF NOT

1 Shower or

bath 1.6

2 Wáter with current water within the housing for exclusive use of home
1.6

6 The housing does one of the following problems Have?

1 Leaks, humidities in walls, floor, ceilings or foundations, or
rottenness in
floor, frameworks of windows or

_____ doors

IF

1

NOT

6

2 Scarcity of natural light in some

_____ room 1.6

3 Noises produced by the neighbours or from the exterior (traffic,
businesses,
adjacent factories, etc.)

_____ 1.6

4 Pollution, dirtiness or other produced environmental problems
by industry or

_____ traffic

1.6

5 Delinquency or vandalismo in _____
area 1.6

7 What of the following is the tenure system of the housing..

Interviewer: Read to the Informant the four possible types and, if
question or doubt, can help it with
the following explanations:

Property: When the housing belongs a member of the home, although it is
not still
totally paid or not either legal holder, but it is indeed by natural
way of inheritance,

transmission, etc. due to the fact that the legal holder has died,
e'migre', etc.

Rent or realquiler at a market price: When some member of the home pays
through his use

an amount at a market price, although afterwards to him all this starts
is returned or from

amount by a company, an institution, a family or others.

Rent or realquiler at a price below that of market: When some member of
the home pays by
its use an amount below the market price. The accommodation units of
old income are included.

Free cession: When the home does not pay rent because the housing has been facilitated to him by

some relative or person that is not member of the home, by an institution, company or others.

The case is not included here in which the home pays a rent, although soon it is returned to him

for any institution, company or person that is not member of the home.

In _____ property

10. It knows the amount of the interests that has paid in the last receipt monthly by these loans? (Please, the part intended a does not consider repayment).

IF _____

1

NOT _____

6 pasar to question 12

11. What is the monthly amount of those interests?

Amount _____ I__I__I__I__I__I € pasar to question 19

12. Although it does not know the exact figure, I might say approximately

interval in which the monthly average amount is found, of the paid interests

by those loans?

IF _____

1

NOT _____

6 pasar to question 14

13. What of the following intervals corresponds...

Up to 9 _____ €?

1

More than 9 € and up to 20 _____ €?

2

More than 20 € and up to 40 _____ €?

3

More than 40 € and up to 80 _____ €?

4

More than 80 € and up to 125 _____ €?

5

More than 125 € and up to 170 _____ €?

6

More than 170 € and up to 250 _____ €?

7 pasar to question 19

More than 250 € and up to 420 _____ €?

8

More than 420 € and up to 830 _____ €?

9

More than 830 € and up to 1.250 _____ €?

10

More than 1.250 € and up to 2.080 _____ €?

11

More than 2.080 € and up to 4.200 _____ €?

12

More than 4.200 _____ €?

13

14. Dígame then the amount of the last monthly receipt of the loan, including repayment and interests although it is approximately

Amount _____

I__I__I__I__I__I €

15. In what year to him the was loan granted? (If it has renewed or renegotiated the credit, this question and the ones that they follow afterwards refer to the current credit).

Year _____

I__I__I__I__I

16. What was the amount of that loan?

Amount of the _____ loan

I__I__I__I__I__I__I €

17. For how much years it requested that loan?

Number of _____ years

I__I__I

18. What is the rate of interest of that loan? (If the loan is to variable interest, by favour, give the rate of interest (TAE) that pays at present).

Rate of _____ interest

I__I__I, I__I__I%

19. What you believe that would be the monthly amount that would have to pay by rent a housing as the latter? (If does not know give an approximate figure. Take into account to include Community expenditure, but do not include expenditure as furniture, heating, electricity, water,

etc.).

_____ Monthly amount
I__I__I__I__I €

20. During 2004 the home some loan, subsidy or others received aid in metalist, from public funds, to do in view of total expenditure of this housing?
(Aid is included that grants a public authority an occupant- owner to alleviate its current expenditure related to the housing. In practice these aid is accustomed to being intended to cover partly the payment of interests or mortgages. For the concession of those aid the homes must credit uncertainty or lack of economic resources. The accommodation units of official protection, or the benefit are not included that it may obtain by tax lowering of duties derived from the purchase of a housing or by the obtaining of loans with reduced interest rate).

IF _____

1

NOT _____

6 pasar to question 31

21. Dígame the regularity and the level of aid that the home received during

2004 (Please, it includes aid paid directly to the moneylender).

intervals: (If it were necessary recall to the interviewed one that she includes also).

From 1 to 10 _____ people

1. Dígame the nº I__I__I

From 11 to 19 people _____ 2

From 20 to 49 people _____ 3

50 people or more _____ 4

It does not know, but more than 10

5

It does not know, not even approximately _____ 6

20. How much weekly times dedicates/dedicated usually that work? (If it is

employee, include overtime that it usually makes. If work is irregular indicate the average number of weekly times worked in the ones last four weeks).

Number of _____ times I__I__I

If in question 3 the answer is different to 1 or 2 it is moved on to the section B.5

21. It has changed of work in the last 12 months?

IF _____

1

NOT _____

6. move on to the section B.4

22. What of the following was the principal cause that it lead to change of work:

Secure a better or suitable job? _____ 1

Ending of the contract or temporary employment? _____

2

Obliged for business reasons (early retirement, dismissal, closing of the company, excess of employees or similar reasons)? _____ 3

Sale or closing of the own or familiar business?

_____ 4

Care of sons and other dependent people (elderly, ill, disabled, etc.)? _____ 5

Marriage or the work of the spouse or pair it obliged to change of place of residence? _____ 6

Other reasons? _____ 7

B.4 Other activities

23. It has another different work to its principal work?

IF _____ 1
pass the following one
NOT _____ 6.
table CALCULATES

24. How much weekly times dedicates usually these additional activities?

(If it has carried out several additional activities, compute the times worked in all of them; if work is irregular indicates the average figure for the four last weeks).

Number from hours to the week in _____ additional activities
I__I__I

IT CALCULATES: the sum of the fact of preg 20 and preg 24 (provided that it has been answered at least

one of both questions). If the sum is greater of 29 it moves on to the section B.5.

If none of both questions has been answered it jumps to the section B.5.

25. What of the following is the principal reason for which it has been having works

less than 30 hours a week:

It follows studies or it receives some training?

_____ 1

By illness or own incapacity? _____ 2

It wishes to find a job of more hours but it does not obtain or in can't the current one? _____ 3

More doesn't hours want to work? _____ 4

It considers that it works indeed full-time? _____ 5

By activities of the home, taken care of children or other people?

_____ 6

For other reasons _ _ _ _ _ 7
_ _ _ _ _

B.5 Situation of the Activity in 2004 and 2005

Interviewer, read the interviewed one: ` Afterwards I am going to ask it on the situation which

it found in 2004 and this year is found. The situations that are considered are:

Codes of situation in the activity

full-time Employee _____

part-time Employee _____

Independently full-time worker (including family aid) _____

Independently part-time worker (including family aid) _____

Unemployed person

Retired or distant

Student, student or in _____
training

Another type of economic situation without any
