

**ERRATUM Interview FMLI files**  
**Consumer Expenditure Public-Use Microdata**

Original Release: July 13, 2007 Updated: January 10, 2014

To users of the **1999 - 2004** Consumer Expenditure Public Use Microdata Files:

The FMLI files contain errors in calculating the travel summary expenditure variables TTRANPRP and TTRANPRC. Since these variables are components in the total summary expenditure variables TTOTALP and TTOTALC, these total summary expenditure variables were also affected by the error. **NOTE: for 2004 only, these files have been corrected. However, for years 1999-2003 data users will need to make their own corrections.**

**FMLI file:**

**The following Interview Files were affected:**
