Q.5 **Interviewer**: *Mark start of the interview/tes:*

[   ] [Get time]

Q.6 **Interviewer**: *Write the name of the respondent.*

[   ]

Hello. My name is …………. and I am working for OPM, a survey company from Dar-e-Salaam. We have come to study what is happening in schools in Tanzania, what is working, and what could be improved. As part of this study your child has been chosen by chance and the head teacher gave us permission to ask your child some questions in maths and Kiswahili. I would like to ask you some questions about your household, for us to better understand how different children learn.

I will not tell anyone else what you tell me, the answers will be confidential and only the study team will be able to see them. But you can talk to anyone you like about this exercise.

Before we begin, we would like to ask for your explicit oral informed consent. Please note that you are under no obligation to answer any or all of our questions, although it would help us if you did. If you do not understand anything, or would like to ask a question, please feel free to do so. You can also call (insert phone number) if you would like further information or have questions. The interview will take approximately 30 minutes.

Do you have anything you want to ask me, or can we start?

Q.7 **Interviewer**: *Confirm that you have read the consent statement and that the respondent has agreed to be interviewed.*

( ) Yes (1)   ( ) No (2)

Mobile phone number
Q.8 **Interviewer**: *If the respondent does not have a number, record of other person that can be used to reach the respondent.*
Do NOT record the leading 0, e.g. 723 456 532
Only if absolutely no number available, record 777 777 777.
