

Together We Will: Experimental Evidence on Female Voting Behavior in Pakistan

Xavier Giné and Ghazala Mansuri

Accepted manuscript AEJApp-2013-0480.R2

Final version to submit to AEJ Applied, February 2017

4 folders:

- Do Files -- STATA .do's
- Data -- raw datasets
- Log Files -- .log's
- Raw Tables -- .csv's/.xls' (raw tables)

Folder 1 – Do Files

All files in the folder are in the STATA .do format.

1. Table_1_SumStats.do – This do file replicates Table 1 of the Main Text.
2. Table_2_BlineDifs.do – This do file replicates Table 2 of the Main Text.
3. Table_3_OA10_Intervention Check.do – This do file replicates Table 3 of the Main Text and Table OA10 of the Online Appendix.
4. Table_4_OA11_OA16_Impact.do – This do file replicates Table 4 of the Main Text and Table OA11 and OA16 of the Online Appendix.
5. Table_5_OA12_Distance.do – This do file replicates Table 5 of the Main Text and Table OA12 of the Online Appendix.
6. Table_6_Polling_Station.do – This do file replicates Table 6 of the Main Text.
7. Table_7_OA13_OA17_PPPP.do – This do file replicates Table 7 of the Main Text and Table OA13 and OA17 of the Online Appendix.
8. Table_8_OA14_CrossReports.do – This do file replicates Table 8 of the Main Text and Table OA14 of the Online Appendix.
9. Table_9_CandidateChoice.do – This do file replicates Table 9 of the Main Text.
10. Table_10_OA15_Knowledge&Perceptions.do – This do file replicates Table 10 of the Main Text and Table OA15 of the Online Appendix.
11. Table_OA2_GenderDiffs.do – This do file replicates Table OA2 of the Online Appendix.
12. Table_OA3_Mouza_Char.do – This do file replicates Table OA3 of the Online Appendix.
13. Table_OA5_Boundary_Prob.do – This do file replicates Table OA5 of the Online Appendix.
14. Table_OA6_Prob_theor_actual.do – This do file replicates Table OA6 of the Online Appendix.
15. Table_OA8_Attrition.do – This do file replicates Table OA8 of the Online Appendix.
16. Table_OA9_Turnout_Voteshare.do – This do file replicates Table OA9 of the Online Appendix.

To replicate the results, simply run the .do's in the "Do Files" folder. For replication, the .do file for Table OA3 should be run using Stata12.

Please change the file directory at the beginning of each .do file.

Folder 2 – Data

All files in the folder are in the STATA .dta format.

1. Table_1A_6_polling_charac.dta – This data is used to generate Panel A of Table 1 of the Main Text and Table 6 of the Main Text.
2. Table_1B_2A_hh_char.dta – This data is used to generate Panel B of Table 1 and Panel A of Table 2 of the Main Text.
3. Table_1B_Density_Neigh.dta – This data is used to generate a summary statistic for Panel B of Table 1.
4. Table_1B_Density_Vill.dta – This data is used to generate a summary statistic for Panel B of Table 1.
5. Table_1C_2B_female_charac.dta – This data is used to generate Panel C of Table 1 and Panel B of Table 2 of the Main Text.
6. Table_3_OA10_InterventionCheck.dta – This data is used to generate Table 3 of the Main Text and Table OA10 of the Online Appendix.
7. Female_Voting_Lasso.dta - This data (along with Prob_weights_bound_cluster.dta) is used to generate Table 4, 5, 7, 9, 10 of the Main Text and Table OA5, OA11, OA12, OA13, OA15, OA16, OA17 of the Online Appendix.
8. Table_8_OA14_CrossReports.dta - This data (along with Prob_weights_bound_cluster.dta) is used to generate Table 8 of the Main Text and Table OA14 of the Online Appendix.
9. Table_OA2_Gender_Diff.dta – This data is used to generate Table OA2 of the Online Appendix.
10. Table_OA3_Mouza_data.dta – This data is used to generate Table OA3 of the Online Appendix.
11. Prob_weights_bound_cluster.dta - This data is used to generate OA6 of the Online Appendix.
12. Table_OA8_Attrition.dta – This data is used to generate Table OA8 of the Online Appendix.
13. Table_OA9AB_Turnout_Share.dta – This data is used to generate Panel A and B of Table OA9 of the Online Appendix.
14. Table_OA9C_PPPShare.dta - This data is used to generate Panel C of Table OA9 of the Online Appendix.

Folder 3 – Log Files

All files in the folder are in the STATA .log format.

1. Table_1.log– This log file is generated while running Table_1_SumStats.do
2. Table_2.log– This log file is generated while running Table_2_BlineDifs.do
3. Table_3.log– This log file is generated while running Table_3_OA10_Intervention Check.do
4. Table_4_OA11_OA16.log– This log file is generated while running Table_4_OA11_OA16_Impact.do
5. Table_5_OA12.log – This log file is generated while running Table_5_OA12_Distance.do
6. Table_6.log – This log file is generated while running Table_6_Polling_Station.do
7. Table_7_OA13_OA17.log– This log file is generated while running Table_7_OA13_OA17_PPPP.do
8. Table_8_OA14.log – This log file is generated while running Table_8_OA14_CrossReports.do
9. Table_9.log – This log file is generated while running Table_9_CandidateChoice.do
10. Table_10_OA15.log – This log file is generated while running Table_10_OA15_Knowledge&Perceptions.do
11. Table_OA2.log – This log file is generated while running Table_OA2_GenderDiffs.do

12. Table_OA3.log – This log file is generated while running Table_OA3_Mouza_Char.do
13. Table_OA5.log – This log file is generated while running Table_OA5_Boundary_Prob.do
14. Table_OA6.log – This log file is generated while running Table_OA6_Prob_theor_actual.do
15. Table_OA8.log – This log file is generated while running Table_OA8_Attrition.do
16. Table_OA9.log – This log file is generated while running Table_OA9_Turnout_Voteshare.do

Folder 4– Raw Tables

These are the raw .xls/.csv tables generated when the corresponding .do files are run. The table numbers correspond with the table numbers in the main text and the online appendix.
