Section F. Prices (Fresh Produ Location of market: _____

Travel time from centre of census unit to this market: _____

Interviewer Date of survey: _____

Record the price and weight of six different lots (i.e., piles) of each of the listed items.

Choose the piles from as many different sellers as possible.

Choose piles that reflect the different priced lot sizes available in the market.

For betelnut, purchase all six lots, count the number of nuts in each lot (this number will be one for singles), weigh each lot, and also record the total weight of the six lots that are collected.
