## INSTRUCTIONS FOR HOUSEHOLDS

<b>Expenditures:</b>	Are to be recorded every day, in order not to forget them. The bills received from the shop can serve this purpose. Expenditures and quantities for each single product/service have to be recorded. In addition to products purchased locally, the products purchased abroad also have to be recorded.
<b>Amount paid:</b>	Should be recorded in OLD LEKS (e.g.: 2500 OLD LEKS, 1575 OLD LEKS, etc.)
<b>Please note:</b>	That the column, where the quantities are to be recorded, refers to kilograms, litres etc. If purchased quantities are less than the unit of measure specified in the Diary of Purchases, please write decimals for purchased quantities, e.g.: 500 grams = 0,5 kg, 250 ml = 0,25 l etc. The quantities like 1 kg, 2 l etc. are to be recorded without decimals.
<b>In case of:</b>	high expenditures made for food and beverages, you have to record each product separately, not as group categories (e.g.. you have to record bananas, apples, grapes, not to record them as fruits), except in cases of group categories, which cannot be separated.
<b>Expenditures for the pocket money:</b>	Have to be broken to separate item expenditures (e.g. tickets for cinema, expenditures made in cafes etc.)
<b>In case:</b>	you purchased some products, during 14 days of Diary keeping, on credit or delayed payment, the total amount has to be recorded regardless a fact that the respective instalments will be paid during some other period. This means that during the 14 days of Diary keeping you are supposed to pay an instalment for some prior purchase such amount should not be recorded. <b>Example:</b> Purchase of food for winter on credit. If this purchase was made during a Diary keeping period, then the total value and quantities of purchased products were to be broken by respective items in the Diary. The sum of the particular values by items should be equal to the total value of the purchased food for winter. If food for winter was purchased before the Diary keeping period started this expenditure will not be recorded, nor the instalment due for food for winter during the Diary keeping period.
<b>The column:</b>	RESTAURANTS, CAFES AND CANTEENS will include all the expenditures made for food and beverages in restaurants, cafes, canteens etc. including tips, but excluding food coupons etc. Also, purchased fast food, food and beverages from the automatic machines and food and beverages delivered home, regardless a place of consumption, have to be recorded.
<b>The column:</b>	Expenditures for school bus are not recorded in the Diary of Purchases. GAMES, LOTTERY AND TICKETS – In this section the expenditures made for single tickets for museums, galleries and fairs are to be recorded.
<b>The column:</b>	Item «Other services for culture and entertainment» includes: services for musicians, services for clowns, private parties performances etc.
<b>The column:</b>	MAINTENANCE AND REPAIR - Item «Repair and hiring of garments», in addition to hiring covers: shortening, taking in, stitching on zips and buttons, altering etc.. Making new clothes is not included in this section. Item «Repair of footwear», covers also change of soles, gluing and sewing etc.

<b>In case:</b>	The surveyed household or its member takes a vacation during the reference period and pays for a package arrangement, full or half-board or overnight stay, only expenditures not included in the package arrangement (e.g.: ice-cream, newspapers, fruit etc.) are to be recorded in the Diary.
<b>In case you made, during the Diary keeping time:</b>	Higher costs for food and beverages because of wedding ceremony, baptism, religious holidays, funerals etc. at home (not in restaurants) such expenditures should be separated and recorded by particular items in the Diary.
<b>In case that a household:</b>	Which keeps a Diary, has its own shop out of which it takes ("buys") food and beverages etc. such expenditures should be recorded in the Diary based on retail prices.
<b>Expenditures made for:</b>	The improvement/development of professional/business activity, and not for the household consumption, are not to be recorded.
<b>Expenditures made for:</b>	Expenditures made for purchase of products/services to be given as gifts are to be recorded in the Diary. Gifts received, on the contrary, are not to be recorded.
<b>Expenditures made for:</b>	Products/services which you can not find in the Diary, please record at the last page of the Diary in the respective column and please inform your enumerator about it.
<b>NOTE:</b>	In case that during any day out of 14-days Diary keeping you did not make any expenditures, please record such date in the Diary and note "No purchase" above the date in the top right corner.
