INVESTIGATOR'S INTRODUCTION AND STATEMENT OF INFORMED CONSENT

Good morning/afternoon/evening. I am ____ from CSDS. We are conducting a survey in your area today. This survey is being conducted as part of the World Value Survey which is conducted in over 50 countries in order to explore people's attitudes, opinions, values and beliefs on a range of issues. Your household has been chosen by chance. We would like you to answer questions about your personal views. The interview will take about 60 minutes. We will not record your name or any identifying information about you on the questionnaire. So no one will know who gave which answers to our questions. There is no risk to you in participating in the survey. There is also no benefit to you in participating in the survey. But if you answer our questions, you will help us understand how the public feels about issues facing the country today. Your participation in the survey is voluntary. If there are any questions you don't want to answer you don't have to answer them. And you can stop participating in the survey at any time. If you have any questions about the survey in the future, here is a card with the phone number of a person whom you can call at our organization's headquarters. He/she can answer any questions that you might have. Your assistance will be very much appreciated. Are you willing to start answering our questions?
