**V101.-** Now I'd like you to tell me your views on various issues. How would you place your views on this scale? 1 means you agree completely with the statement on the left; 10 means you agree completely with the statement on the right; and if your views fall somewhere in between, you can choose any number in between.: "People can only get rich at the expense of others" vs. "Wealth can grow so there's enough for everyone"

Morocco 2011(N=1200)

Maintenant, je voudrais que vous me donniez vos opinions sur différents sujets. A quels niveaux de cette échelle mettriez-vous vos opinions ? 1 signifie que vous êtes totalement d'accord avec l'affirmation située à gauche; 10 signifie que vous êtes totalement d'accord avec l'affirmation à droite ; et si vos opinions se situaient quelque part entre les deux, vous pouvez choisir un des chiffres à ce niveau. **V196.-** Now, I would like to read some statements and ask how much you agree or disagree with each of these statements. For these questions, a 1 means that you “completely disagree” and a 10 means that you “completely agree”: It is not important for me to know about science in my daily life

Morocco 2011(N=1200)

Maintenant, j'aimerais vous lire quelques affirmations et vous demandez à quel point vous êtes d'accord ou pas avec chacune d'elles. Pour ces questions, 1 veut dire que vous êtes « Pas du tout d'accord » et le 10 que vous êtes « Tout à fait d'accord ». (Lire et coder une seule réponse par affirmation)
