(From Dr. Darwish e-mail to Christian Welzel June 5, 2013)

1- V 25: we have changed the term Church to religious organizations because these are Islamic countries and churches do not make sense in the local community.

V28-V29: Not asked because there are no labor unions in these countries

V57: Response option 2 ("living together as married") removed because it is socially extremely sensitive and may result in not getting permission to field the survey

V86-V89: Not asked because the optional activities are not allowed in these countries

V91-95: Not asked similar reasons

V108: "Religious organizations" as in v25

V112: Not asked because Labour Unions do not exist

V115: "Government institutions" because it makes a better sense in the local context

V116: Not asked because there are no political parties

V117: "The legislature / Shura Council" because these are the names equivalent to parliament

V125: "The Gulf Cooperation Council"

V141: Not asked because these countries are not governed democratically, They are Shiekhdom and sultanate.

V144: Not asked authorities do not allow us to field the survey with this question.

V145-V146: "Apart from weddings and funerals," replaced by "Usually," because in Islamic countries wedding and funerals do not take place at mosques.

V148-V149: Not asked this question is socially a bombshell. It really may lead to the collapse of the institution that is carrying out the field work.

V172: Not asked this activity is not allowed by law and does not exist

V175: Not asked as in v172

V185: Not asked this may lead to not getting permission to do the field work
