CONSENT STATEMENT

Good day. My name is _____. I am working for T&T Geometrics and MASAZI. I am collecting data for a survey conducted on behalf of Michigan State University on the Land Administration Reform Project Impact Evaluation Study. We are conducting a research study on the ownership and use of land in Lesotho. As part of the research study, we are getting the communities' views on land issues. Your views will help us to better understand the effectiveness of some of the Land policies and projects implemented through the Land Administration Reform Project implemented by the Millennium Challenge Account – Lesotho.

Your participation in this study is strictly voluntary. Your refusal to participate or to withdraw from the study carries no penalty or loss of any benefits. You are free to not answer any of the questions we will ask. All responses to the questions are confidential and individual responses will not be shared with anybody or any organization.

If you have any questions, concerns or complaints about this study, please contact Gerhardus Schultink at 310B NATURAL RESOURCES, EAST LANSING, MI 48824, USA or by phone at +1 517 353 1903 or Mathabo Sefako at 5th Floor Post Office Building, Kinsgway, Maseru, Lesotho or by phone at 22-317-017.
