## AIM AND USE OF THE SURVEY

---

STATIC TEXT

*The aim of the GHS is to generate national indicators to measure the level of development and performance of various government programmes and projects. Where such indicators exist, the survey will act as a monitoring and evaluation tool. In the absence of indicators, the survey will provide information to identify indicators that could possibly be monitored in future.*

## OBJECTIVES OF THE SURVEY

---

STATIC TEXT

*1. To generate national, provincial and metropolitan municipality development indicators that will measure the life circumstances of South African households and individuals*

*2. To monitor the performance of government departments countrywide and contribute information towards measuring the impact of their policies and programmes.*

*3. To provide information on the need, availability and use of services provided by government.*

*Thank you for agreeing to participate in this very important national initiative. I will try my best not to take too much of your valuable time.*
