ABSTRACT

The Meheba Local Area Plan (LAP) for 2024-2028, initiated by Kalumbila Town Council, Department of Resettlement (DoR) and Office of the Commissioner for Refugees (CoR) in Zambia, encompasses a comprehensive strategy to integrate and develop the Meheba region, which hosts refugees and local populations. This plan focuses on modernizing infrastructure, boosting agricultural productivity, and ensuring inclusive community development. Utilizing surveys and extensive stakeholder engagement, the LAP aims to capture data on demographic changes, economic conditions, and social services within Meheba. A total of 1,700 detailed surveys across key populations will assess the impact of interventions and guide future development strategies. By aligning with national policies and focusing on sustainable development, the LAP seeks to transform Meheba into a productive, self-reliant community, enhancing the quality of life for all residents. This dataset will be pivotal in monitoring progress and adjusting policies to better serve the diverse needs of the Meheba population.
